The Modern Swimmin' Hole

Swimming is one of the most popular features at Boy Scout camps. Last year one hundred and twenty-three Boy Scouts learned to swim in central Ohio camps. Many swimmers become proficient in life saving.

Troops in central Ohio have this list of camps to which they may go.

Camp Hocking Hills at Rock House, July 9 to Aug. 11.

Camp Ro, near Lancaster, July 8 to July 21.

Camp Wallace, June 28 to Sept. 1.

Camp Lazarus, July 9 to Aug. 18.

State Fair Camp, Aug. 26 to Sept. 1.

Other camping activities in which the scouts will engage are: The Northern Wilderness tour in Canada, Aug. 14 to 28; the Regional Camparall at Covington, Ky., Aug. 24, 25, 26; and the Bremen, O., Camoree, Aug. 21, 22.

Special camps will include a Recognition Camp for outstanding boy campers to be held at Camp Lazarus, Sept. 1, 2, 3, and the Scout Leaders' Pow-wow, Sept. 15 and 16.

Aunt Minnie—Cupid's Aid

By MARIAN P. JOHNSON
© by McClure Newspaper Syndicate. WNU Service

"YOU'LL be going back East soon, Donald," murmured Alicia Hall wistfully.

She was being a "blue girl" tonight. Her eyes were blue gentians, fringed with lovely darkened lashes, her little silk frock was a smooth blue sheath enfolding her like the clinging petals of a flower; even her soft young voice had a "blue" note in it. She had practiced that sentence carefully this very night for a full half hour before her mirror—with gestures! The first gesture—right hand extended impulsively, appealingly, landed the hand in Donald's—as she had planned it should.

"I'll miss you so," sighed Alicia, deepening the indigo of her tone.

"Will you really?" asked Donald, even a little eagerly, it seemed. Alicia slid a little closer.

And then it happened! A soft, padding step in the hall, a muffled fumbling along the wall, and then a voice—Aunt Minnie's voice.

"Alice, honey, I can't find the switch!" And Aunt Minnie, clad in a shapeless wrapper, her feet in felt slippers, appeared in the doorway. "It's my insomnia," she complained. "I couldn't sleep a wink. It's bothered me ever since your Uncle Hiram died! I thought maybe a glass of warm milk—oh, who's the young man, Alice?"

"It's—Donald Tilden, Aunt Minnie," said Alicia. "We used to go to school together. He's home on vacation, you see!"

"Hum-m-m," said Aunt Minnie, peering at Donald over her spectacles.

"I—I'll get your milk for you," offered Alicia and hurried into the kitchen.

"Why did she have to come to visit just now?" wailed Alicia, pouring milk. "And why must she also be cursed with insomnia? Just two more nights and Donald will go back East for another year—and some scheming little huzzy will probably marry him!"

She set the glass on a small tray with a vicious little thump and took it in to Aunt Minnie.

"I guess I'll just sit awhile and sip it," decided her aunt. "It's cozier. What do you do, young man?"

Alicia caught her breath sharply, but Donald was very polite. He told Aunt Minnie all about his job; answered a hundred questions! It took a long time. Alicia fidgeted, but it was no use. Aunt Minnie stayed until Donald rose to go.

"It's eleven o'clock," he exclaimed, pocketing his watch. "I always make it a habit to start home at eleven."

Alicia, looking into his nice young face, with the big brown eyes, could have wept. She did weep—when she reached her room! And pounded her pillow with small, tightly-clenched fists!

The next evening Alicia took elaborate precautions. She was carrying a glass of warm milk up the stairs as Donald arrived.

"There," she thought, settling down on the divan. "That ought to fix Aunt Minnie!"

But little did she know the demands of insomnia! This time it was a hot water bottle Aunt Minnie plaintively requested. It seemed the milk, alone, was of little use!

Gritting her small white teeth behind a frozen little smile Alicia went to prepare the hot water bottle—and then sat, with flaming cheeks, watching Aunt Minnie rock and allow the thing to cool until eleven!

And then it was Donald's last night! Alicia's fingers shook as she prepared Aunt Minnie's warm milk and filled the hot water bottle. She even placed a lovely large orange on the tray for good measure!

"Donald," she murmured some time later, "this is our last night—"

She snuggled close. Donald's arm went around her—

"Alice, honey," came Aunt Minnie's thin voice from the hall, "is there any extra milk?" She shuffled into the room, explaining, "I couldn't sleep. I thought maybe another glass—"

Choking down a sob, Alicia ran into the kitchen and began frantically warming milk. It was ten o'clock. Only one little hour and Donald would be gone—forever! Alicia's thoughts scurried around like small mice in a wire trap. Hot tears burned in the lovely eyes.

"I—I'll call her out—and tell her!" she flamed. "As soon as she drinks her milk! Let her get mad! Let Daddy get mad! I don't care!"

Aunt Minnie received the milk and sipped slowly.

"You know," she remarked suddenly, "when you two are married I'm going to give you that cottage at the lake next to mine as a wedding present! You're going to marry her, aren't you, young man?" she inquired sharply.

"Why, yes—if she'll have me," agreed Donald, surprisingly.

"Course I knew it," said Aunt Minnie. "I could tell by the way you talked about Alice when she was out getting things that you was in love with her! He's just like your Uncle Hiram, honey," she beamed, patting Alicia's icy hand. "The quiet kind. I thought he never would propose to me! But, don't you worry, she added angely "they make the best husbands!" Smiling contentedly, Aunt Minnie went padding off to bed.

And this time Donald forgot to go.

"She's a great old girl—your Aunt Minnie," he grinned. "Her—and her insomnia!"

In his arms Alicia was no longer the blue girl—but a radiant, newly engaged girl!

The LOOKOUT

By J. N. WOLFE

STOOGE REPORT

Am I chagrined? Am I covered with confusion? Not to mention irritated, irked, insulted and mad. Why? Because people think I am but a creature of your pen, or should I say typewriter. They think you write my contributions. And just as I was thinking that my style was much better than yours. (Conceited puppy).

I object to this phoney kick spelling of yours. For instance, in my last contrib you changed "fellow" to "feller." One would think to read this that the person was a lumberjack or feller of trees. The fellow I referred to is too lazy to fell trees. See how misleading your style is.

Another objection to this spelling is, most people learn to spell from the reading they do and not in school, so you are doing your horde of (9) readers an injustice. There, hang your head in shame. Seriously, though, it is a blow to my ego to be considered just a figment of your imagination. . . . As I write this, newsboys are crying, "Dillinger is slain!" Which proves once again that crime doesn't pay unless you're a politician. . . .

Guess I'll go swimming. Suit, towel, where in thunder is that ticket? Oh, in my pocket. One of those sound trucks, Wrestling Tonight! Who cares! So don't I. Heat must be getting me. You can have me if you want me. . . . nuts. Say that thing sounds funny, like . . a . . victrola . . running. . . . do . . w . . n. We had that in Physics. If the source of a sound is moving away. . . . Funny sign for a food market. Big Muscle Man from Grimm's Fairy Tales. One giant that "jack" won't kill. Ha-ha joke. Guess I'll turn up here. There's the Sisk mansion. "Hello Laura, where's Lewis?" Oh, he is, is he. The lazy mug. Who's that on Byerly's porch? Not Mr. Howard! Yep. "Hello, Ronnie." Three hoboes or Tramp, Tramp, Tramp. Westward ho on this next street. Nice place the Markins have. "Hello Madge, where's Jocko, I mean Glenn." Man trimming hedge. What if he were a barber, and absent-mindedly said, "Shampoo, sir?"; good idea for a cartoon. Too bad I can't draw, sure I can, draw up a chair, draw wat—"Oh, hello, how are you Mr. Matheny?" "How do you do, Olive?" See, how's that for self control? I didn't even tremble when she asked me if it was hot enough for me. I'm still smiling and I didn't even blink. I'll fool her with my answer though. Calmly and with a smile I'll say "No." "Hey, Jim, your wife has fainted!" Up Harris, just two more blocks. Don't hear many people say "blocks," most people in Columbus say "squares." Gosh knows there are few of them square. And on the right we have the Ogborn residence. Tough to have to go to a fire today. Look up and down before crossing the railroad tracks. Up and down. Up and down. Having my ups, having my downs. Take it easy now boy, you'll be alright. There goes my shine. Charley ought to build steps down this bank. I'll speak to him about it. In fact I'll write him a letter about it. "Hello Charley, how's the water?" Two bits he says "wet." No he fooled me. Said it was well. Ha-ha, well water. "Hello Harry, Hi-yah Junior." Wait a minute dear reader, if your outfit with me. I'll be out as soon as I get my suit on.

A one-act play titled, "Thud," or "Is There a Doctor in the House." Characters: The Girl, whom we shall call Gerry because that's what her mother named her. The Boy, he has been called Charles for years, so Charles he shall be.

Scene: The living room of the girl's home.

Time: Late evening.

(As the curtain rises on a darkened stage the boy and girl enter arm in arm. He leads her across to the sofa and as they seat themselves he reaches for the lamp chain. There is a dull THUD)

The girl speaks in a small voice, "Oh goodness, Charles, I forgot that I moved the sofa this afternoon."

Groaning he helps her off the floor as the curtain falls.

The End.

Westgate Wins As St. John Lutheran Downs Hoge Nine

Presby Sluggers Succumb to Bros. Wolfe's Slow Ball; Westgate-U. B. in Close Game.

Succumbing unexpectedly to St. John Lutheran in a bitter game Monday evening at Westgate Park, Hoge Memorial was eliminated from the second round championship running, Bros. Wolfe, sub hurler for the Lutherans, taming the Presbyterian sluggers with a balloon ball, six to two.

Good Games Carded

The battle of the year is in the offing for Monday evening, at Westgate Park, diamond No. 1, when Hoge Memorial and Glenwood Tri Mu tangle in their second round engagement, and tonight, one high-class attraction is on the books. Warren Nazarene meeting Tri Mu at the hospital. This game is a first round affair, which the Nazarenes must win to have a chance at the first round title.

At the same time, Hillcrest Baptist, kicking its last kick as champion, also dropped from the running, Sullivant Friends winning 5 to 4. Davis' play at short was spectacular for the losers, while the slugging of Myers featured the Friends attack.

Westgate, with its enemies being cut down, took a long game from the stubborn Burgess U. B. team, 4 to 3. The battle went 14 innings, a hit from the bat of Thornton rendering the final decision. Westgate has not been defeated in the second round.

Glenwood Tri Mu completed the evening's schedule, defeating Glenwood M. E., 6 to 3.

Kent's, Hamilton In Feature Game

Rivals In Hilltop Merchant Loop to Clash Wednesday Evening at Westgate Park.

Kent's Food Market baseballers and the Hamilton Gassers will clash in the feature tilt of the Hilltop Merchant League Wednesday evening. Though the first round champs have not yet been officially defeated, Kent's victory over them in the first round was protested and won by the former.

Other games carded for Wednesday include: Painter No. 2 vs. Broad-Hague Drugs, Westgate No. 1; Paley Drugs vs. Penfield Market, No. 3; and Gearhart's Hardware vs. Derby Club, No. 4. The highlight attraction is scheduled for diamond No. 2.

With two of the three undefeated teams in the circuit suffering losses Wednesday evening, Hamilton Gassers, champs of the first round, went into lone occupancy of first place.

The Gassers took Paley's into camp by an 8 to 6 score while Gearhart's bowed to the scrappy Broad-Hague Pharmacy nine, 10 to 4. Kent's Food Market, meanwhile, approached within a game of first place by bouncing Mid-West Grocers, 11 to 4. In the finale, Derby Club and Painter's Market fought a 13 to 13 tie, the game being called in the 11th frame on account of darkness.

Business Men Cop "Donkey Ball Game" From Legion Team

A kicking good time was had by all—especially the donkeys—Wednesday evening at the state fair grounds when the Hilltop Business Men hooked up with the local post of the American Legion in a "donkey baseball game."

The final score—if it makes any difference—was six to five in favor of the business men. But that was the least of the fun. Climbing aboard the trained burros, players on either side often lit with a suddenness that was amazing—back on terra firma.

Casualities of a minor nature were numerous, and business throughout the community Thursday morning, was limping about, if not on the flat of its back.

All in all, the score on paper found the business men winners—but it was the consensus of opinion on both sides that the decision should whole heartedly and without qualification—go to the donkeys.

More than 40 local men saw action in the game.

Wading Pools Prove Solace to Kiddies As Hilltoppers Wilt Before Heat Blasts

While the rest of the population of the community wades about in a torrid lake of heat, Hilltop kiddies are having the times of their lives at the three wading pools at the Hilltop playgrounds.

From morning until night, the wading pools are by far the most popular spots at the playgrounds. And occasionally, after the light of day has passed, maturer residents have sought refreshment by having an "old time wade."

Otherwise, midsummer activities at the local recreation centers continue with a variety of programs being offered. The following is a schedule of some of the activities slated for next week at Glenwood, Holton and Westgate playgrounds.

Tennis tournaments are on at all of the playgrounds. Monday, the district tournament will get under way at Westgate, champs from all of the playgrounds on the West Side participating.

At Westgate last Friday, a pet show was held. Approximately 20 entries were made, including dogs, cats, a pony, a cow, a goat, turtle, mouse and duck. The prize for girls went to Eva Caspa of 494 Josephine Ave., who had a dog. The boys' prize went to Clayton Hoyt, 499 Dever Rd., who had a 'coon.

Florence Hughart, 478 Josephine Ave., and Betty Knisely, 2830 Sullivant Ave., received honorable mention.

Sewing classes are held at Westgate Park on Monday, Wednesday and Friday afternoons. Girls furnish thread, needles and scissors.

Horseshoe tournaments will start next week at all of the centers. Classes for everybody will be had. They are: Under 15 years, 15 to 21 years, and over 21 years. Entries should be in by Wednesday.

At Glenwood there are acrobatic and gymnastic classes from 3:30 until five o'clock under the direction of Nelson Tippet.

At Glenwood Wednesday, there will be a bathing review for boys and girls under 12 years of age.

Paul Murnane has been chosen as safety director for next week at Glenwood. A safety officer is named each week.

A mumble peg basketball tourney will be held this afternoon at Glenwood.

Recognition day for present and past Sunday school teachers will be held at the Hoge Memorial school Sunday, July 29. All members of the church who had a Sunday school teacher 25 or more years ago have been asked to turn in that teacher's name.

The primary and junior children will deposit a gladioli bulb for each teacher, past and present, and each teacher at the service will receive a bouquet.

Traction Train Hits Car; Man Seriously Hurt

C. & L. E. Cars Hit Auto of Railroader Wednesday At Wheatland-Sullivant.

W. C. Layne, aged 34, of 630 S. Eureka Ave., was fatally hurt at 10:30 o'clock Wednesday morning, July 25, when the Ford coupe he was driving sideswiped an east-bound traction train of the Cincinnati and Lake Erie Interurban Co., on Sullivant avenue at Wheatland.

Layne, who suffered a double fracture of the skull, body bruises and a severed artery in the left arm, was given first aid treatment by Cecil Rose, 636 Miller Ave., an employe at a garage located across the street from the accident.

An attendant at the filling station at the intersection called police, while Rose and several others applied first aid to the injured. Lane was taken to Mt. Carmel hospital in a police ambulance.

The accident served further to stimulate the desire of Hilltop residents of the vicinity to have city council's ultimatum to the traction company carried out.

The franchise has expired, and last week council informed the receivers of the company that the tracks would have to be repaired or the cars taken from the route.

To date, new developments have not been forthcoming.

Franklin Co. Fair To Be Aug. 15-17

Annual Event Expected to Be Bigger Than Ever; Race Track Rebuilt.

Franklin county's 21st annual fair, scheduled for the fair grounds at Hilliards, Aug. 15-16-17, will be the greatest ever presented by the fair board of this county according to advance indications. More than 1030 4-H exhibits are expected by County Agent J. E. Whonsetler, who says that this number exceeds by 300 the work of the junior departments of the fair last year.

Frank E. Kirkpatrick, president of the fair board, has just published the annual premium list which shows more classes and more premium money than ever before. Taking other fairs and outings' attractions as a criterion, a much greater attendance is expected than in recent years.

Arch A. Alder, secretary of the board, Saturday announced that entries for speed programs at the fair would close Aug. 11, and that more horses and better ones are expected this year because of the fact that the race track has been completely rebuilt. Pony races will be featured, as in past years, and the horse show, which goes on each evening is expected to surpass that of last year which was known as "the best county fair horse show in Ohio."

Help Triangle Grocers Name "NAMELESS BUTTER"

$50.00 in CASH PRIZES for BRAND NAME

Fairmont makes this butter after 50 years of better butter making. No creamery can churn a better butter and sell it for less. The cream is tested four different ways at cream stations, then re-checked at the creamery. There it is ripened in shining vats, and churned in great churns holding a thousand pounds of butter. Then finest salt is added in just the right proportions to suit your tastes and finally it is double wrapped in parchment to fully preserve its delicate flavor. Holding in rooms cooled to a few degrees above zero helps retain all its delicious goodness until delivered to your Triangle grocer. Buy several pounds today! Help your grocer name this newest, better butter! Earn $25.00 or more!

The Housewife's Column

A Tempting Dish

Fry pork chops till golden brown and tender. Place on hot platter and top each chop with half a baked apple. Garnish with fried green peppers.

Cheese

Swiss, blend and smooth. Roquefort pungent and challenging. Camembert soft and luscious—serve them as appetizers before dinner or as a piquant dessert with wafers.

For Zestful Flavor

Serve giant green olives, ripe olives, smooth and bland, pickled cauliflower, sweet gherkins and pearl onions in an assorted relish bowl to give heightened enjoyment to your menus.

Whipped Baked Potatoes

Bake potatoes until well done. Remove centers and whip thoroughly with 2 tablespoons butter and 2 tablespoons grated cheese. Return to shells and sprinkle tops with melted butter and grated cheese. Return to oven to brown lightly.

Sea Food Cocktail

Combine shrimp or crab meat with chopped celery and segments of canned grapefruit. Add mayonnaise mixed with catsup, horse-radish sauce and serve in tall stemmed glasses.

"Pop-Eye, the Sailor Man", Is Back, After Year of College Life

"Pop-eye" is back! Yep, none other than Bob Sherwood, whose antics imitating the famous comic strip character gave him quite a reputation on the Hilltop a year or so ago.

Leaving here early last year, Bob worked for a few months at Greenfield, O., with the Times, and then, with a scholarship in his pocket, he struck out for Monmouth college in Illinois. He's been there since, and this week, it was learned, the president of the college announced that he had been awarded another scholarship for next year.

He is in the college of education, majoring in chemistry and botany, and plans to return Sept. 10.

Closes School

Announcement was made this week that the Hilltop School of Music had closed a successful summer season this past week, and until Sept. 4, when the regular term will open, the school will be closed while several improvements are being made.

County and City Gains from License

Franklin county was richer by $15,610 and the city of Columbus by $7250 Friday when Frank West, registrar of the bureau of motor vehicles, made the fifth disposition of license fee money.

The following are the amounts to be distributed to districts within Franklin county, outside of Columbus: Groveport, $50; Marble Cliff and Reynoldsburg, $25 each; Westerville, $175, and Worthington, $160, bringing the total distributed in the county to $23,760.

Hit-Skip Victims

Earl J. Bettes, 103 S. Warren Ave., suffered cuts on his arm, and his two companions, Harvey Parsons, 1311 Wager St., and Herbert Wolfe, 941 Hoyt Ave., sustained bruises early Sunday, July 22, when the car in which they were riding overturned in a ditch on Lockbourne Rd., after being struck by a hit-skip driver.

Quartet to Sing

The Christian Endeavor quartet will be the feature of the service Sunday, July 29, at the Hilltop U. B. church, where a "go-to-church" campaign is still in progress.

Returns to Utah

Herbert Currier, former Hilltop resident, returned to Salt Lake City last Friday, after spending a week here visiting friends and relatives. He is associated with the commercial offices of the Norfolk and Western R. R.

Mother's Cook Book

INSTEAD OF MEAT

IN MANY homes where the use of meat must be restricted a vegetable plate will be a most welcome addition; here is one:

In center of the platter hot stuffed peppers, at each end halves of new cabbage cooked, and a white sauce with cheese poured over it, sliced buttered beets on one side and browned potatoes on the other.

Tapioca Omelet.

Stir two tablespoonfuls of tapioca into three-fourths of a cupful of scalded milk, one-half teaspoonful of salt. Cook for ten minutes in a double boiler. Remove from the fire, stir in four well-beaten egg yolks and a tablespoonful of butter. Fold in the stiffly beaten whites of the eggs and pour into a well-buttered hot omelet pan. Cook as usual; brown under the gas or in the oven.

Soufflés are such pretty dishes to serve, but like omelets, will not wait without falling. Here is one that will stand up even during the serving:

Custard Soufflé.

Cream two tablespoonfuls of butter and one and one-half tablespoonfuls of flour. Pour on gradually one cupful of hot milk in which one tablespoonful of tapioca has been cooked for 15 minutes. Cook eight minutes in a double boiler. Separate four eggs, beat yolks, add two tablespoonfuls of sugar and add to the milk mixture. Cool, add the stiffly beaten whites and bake 30 minutes in a moderate oven.

Casserole of Salmon.

Take two cupfuls of cooked, shredded salmon, two tablespoonfuls of tapioca uncooked, one cupful of milk, two tablespoonfuls of butter, one-fourth teaspoonful of salt, a dash each of pepper and paprika. Mix in the order given and bake ten minutes, then cover with small baking powder biscuit and finish baking.

Fruit Omelet.

Beat the yolks of six eggs, add two tablespoonfuls of sugar and one-half cupful of orange juice. Fold in the stiffly beaten whites of the eggs and pour into a hot, well-buttered omelet pan. Cook slowly, lifting the edges until a golden brown on the bottom. Spread one half thickly with orange marmalade, and fold. Serve at once.

Canning Peaches

A recent survey of government statistics shows that the late peach crop is a near failure this year. Most of commercial shipping peaches to be used for canning purposes will come from principally four southern states.

Georgia estimates a crop of 6,000 cars; Arkansas, 2,500 cars; Tennessee 1,500 cars; North and South Carolina, 1,200 cars; and Illinois, 900 cars. These peaches will be shipped between July 15 and 25, and will constitute approximately 85 per cent of all peaches shipped, with exception of California.

New Jersey, Delaware, Pennsylvania Michigan, Indiana, and Ohio will have practically few or no peaches of any importance this year, due to the extreme cold weather from last winter, and the housewife that anticipates canning peaches will be forced to purchase in the next few weeks, as late peaches are practically a total failure.

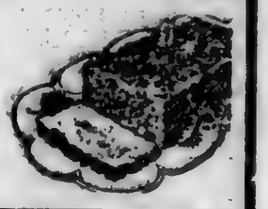
Look Over these MEAT VALUES

In summer or winter, the success of every meal depends a lot upon the freshness and flavor of the meats you serve. In summer, especially, you should be certain that the meat you buy has been kept fresh by efficient refrigeration.



At Sherburn's, the very latest mechanical refrigeration keeps meats at the proper temperature to protect both freshness and flavor.

Buy your meats at SHERBURN'S and be sure of freshness, fine flavor, and reasonable prices!

PETER RABBIT CALLS ON MELODY

YOU know what a great hand Peter Rabbit is to stay out all night. He did just that thing that night after listening to the twilight song of Melody the Wood Thrush. Just before it was time for jolly, round, red Mr. Sun to kick off his rosy blankets and begin his daily climb up in the blue, blue sky, Peter started for home in the

"I Just Love to Hear You Sing, Melody," Cried Peter Rather Breathlessly.

dear Old Briar Patch. Everywhere, in the Old Orchard, the Green Forest, on the Green Meadows, his feathered friends were awakening. As he hopped along, lippety-lip, he heard those beautiful flute-like notes of Melody the Wood Thrush. Turning, he scampered over to where he had spent such a peaceful hour the evening before. Melody saw him at once, and hopped down on the ground for a little gossip while he scratched among the leaves in search of his breakfast.

"I just love to hear you sing, Melody," cried Peter, rather breathlessly. "I don't know of any other song that makes me feel quite as yours does, so sort of perfectly contented and free of care and worry."

"Thank you," replied Melody. "I'm glad you like to hear me sing, for there is nothing I like to do better. It is the one way in which I can express my feelings. I love all the great world, and I just have to tell it so. I do not mean to boast when I say that all the Thrush family have good voices."

"But you have the best of all," cried Peter.

Melody shook his brown head. "I wouldn't say that," said he modestly. "I think the song of my cousin Hermit is even more beautiful than mine. Then there is my cousin Veery. His song is wonderful, I think."

But just then Peter's curiosity was greater than his interest in songs. "Have you built your nest yet?" he asked.

Melody nodded. "It is in a little tree not far from here," said he, "and Mrs. Wood Thrush is sitting on five eggs this blessed minute. Isn't that perfectly lovely?"

It was Peter's turn to nod. "What is your nest built of?" he inquired.

"Rootlets and tiny twigs and weed stalks and leaves and mud," replied Melody.

"Mud!" exclaimed Peter. "Why, that's what Welcome Robin uses in his nest."

"Well, Welcome Robin is my own cousin, so I don't know as there's anything so surprising in that," retorted Melody. "Now, if you'll excuse me, Peter, I'll get my breakfast and give Mrs. Wood Thrush a chance to get hers."

Westgate Wins As St. John Downs Presbys

Continued From Page 1

Monday's Schedule

At Westgate Park: Tri Mu vs. Hoge, No. 1; Warren Nazarene vs. St. John LutLeran, No. 2; Westgate vs. Sullivant Friends, No. 3; and Burgess U. B. vs. Hillcrest, No. 4. At the State Hospital diamond, Glenwood M. E. will meet the Hilltop C. of C.

Warren Nazarene continued its hot pace Tuesday evening at Westgate Park, defeating Hilltop C. of C., 17 to 1. Reese, who had pitched three consecutive shut-outs and more than 40 consecutive shut-out innings, walked a batter with the bases full to give the losers their only run.

Friday night, in the feature game, Hoge Memorial and Hillcrest Baptist fought out what perhaps was the most heated battle ever played in the circuit. The final count was 13 to 13, Hoge rallying to score five times in the ninth, after two were out. It was a typical Hoge-Hillcrest fracas, with no qualifications. Brilliant defensive play was at a minimum, but while Fulton was in the game for Hoge, his work in left stood out. Hawthorne looked best for Hillcrest. Offensively, honors were more or less widely divided, but Hardy's rap to right with the tying run on third in the ninth was the timeliest clout of the evening. The game will be replayed in the near future.

Bill Reese, tossing his third consecutive shut-out and sixth of the season, led Warren Nazarene to victory over Burgess U. B. and placed his team in second place, a half game behind Westgate, who beat Hilltop C. of C., 9 to 3. The Nazarenes counted eight times against the Brethren. C. of C.'s loss was its eleventh in a row.

In the only other game, Tri Mu continued in the running by defeating St. John, 9 to 1. Coutillier's two triples featured the Lutheran attack, while Hailey's tossing stood out for the winners.

THROUGH A Woman's Eyes

By JEAN NEWTON

WHAT ABOUT THE FUN OF IT?

A WELL known minister the other day called the growing number of childless homes a menace to the nation. Childlessness, he said, is at odds with human nature. And it is a short cut to the divorce court, for "sooner or later the marriage ties are severely tested, and because there are no children to bind the husband and wife together, they do not hesitate to dissolve the sacred partnership."

It may or may not be true that childlessness does all that. But we have an even better argument against men and women deliberately remaining without children. And that is all the fun they miss.

The longer we live, the more things we find in life that soon begin to pall. Happiness begins to look like the ratio between what we want and what we have. It exists only while we do not have it. The moment our desires are fulfilled their glamour fades, their value dies. Nothing stays as it seemed—except a very few of the fundamentals. And chief among these is parenthood.

As one woman expressed it, "Time passes the same for everybody. The only ones who are really getting somewhere with it are those who have children."

And the interest in children, the thrill in children is something that never palls or fades. And the fun of it! From those first lisping sounds of infancy, through all the delightful, delicious charms of babyhood, the thrilling, heartwarming developments of childhood struggling with its growth problems, through the prides and joys and fears and victories all the way on—there's no fun in the world like it. There is no parent who has not at some time felt himself nature's nobleman. There may be no suffering as keen as the pangs suffered by parents. But there is no joy, no inspiration, no exaltation as great as that which at some time swells the heart of every person who has a child.

The LOOKOUT

By J. N. WOLFE

Whatever became of Firmand King? . . . Sam Toy is back from Camp Perry—and what luxuriant vegetation occupies an area south of his nose. . . . Frank Holyeross refers to his pal, Geo. K. Hardy, as "Henpeck!" . . . But I can't believe it, for this column's personal nomination for the "most gracious" telephone voice in town goes to Mrs. Hardy. . . . With Mrs. W. E. Ferguson's next. . . . Bill Schmidt, big as a mountain, lumped over the week-end. . . . He's laboring in Athens this summer. Frank Ruder, one of the original "scoofers"—will be in town soon—from his California home. . . . Elmore (Prince, Whapy, Afton) Price, eating hamburgers at Buck's place. . . . And "Speedy" Kent often there, always ordering buttermilk. . . . Stotz' petunia bed at Grace and Warren be the most attractive I have seen. . . . One word description of Sam Alford: Whew . . . Hyphenated description of Mrs. Fluke (Betty's maw): Rip-roaring. . . . Wonder how Bud Tracy is faring—and his wife. . . . The Hills went back to the mountains this past Sat.—the Raymond Hills. . . . One of W. High's traditions has been traded in on a new model. Meaning C. L. Leahy's green Oakland. . . . P. E. "Gene" Todd believes all men are created equal and that all have the same chance as H. Ford or J. Rockerfeller. Comforting thot! . . . They say Bill Knox is mournfully chanting "Louisville Lady." . . . The height of indifference: Doc. Fox at the Hillcrest-Hoge ball game—yawning—with the bases full. . . . Some people think puns are inane, whispers stooge, some even going so far as to say inane right that punsters be allowed to live. . . . Was a little wrong about Doc Campbell "taking up" hoss back riding. Quoting him: "I have ridden horses since the time I had to climb on a fence to get in the saddle." . . . My, my, a Cowboy. . . . Yeah, Mrs. Michaelis' boy Lawrence don't like that moniker Larry. . . . Mike is the handle, then. . . . Conversation, according to stooge, goes like this among the younger set: Hi BeeBee! Hullo sport. You got that best sunburn. You know it kid. Let's go swimming. You mentioned it. Gee, hain't it not? You're the one. Etcetera ad infinitum. . . .

That new cream color which marks Ross Westlake's Chicago Fair bus, is his wife's idea. . . . Ross wanted to do it up in red or pink or some such shade. . . . Cliff Kohn is still lamenting about the times he failed to get in a circus when a kid. . . . Once, a chap whom Cliff took to be a helper, said he'd get him in the show for a pr. of pants. . . . So he dashed home and squalled to ma, who finally dug up a pr. of his paw's trousers. . . . He took them over and gave them to the man—whom he never saw ther after. . . . Again, Cliff relates, he helped wash dishes in the cook tent, and the genial cook told him to come back at 8 o'clock and he'd see that he got in. . . . Cliff went back, but the cook, cook tent, et al had disappeared. . . . Wottalife.

STOOGE REPORTS

Henry Melragon's post card from Yellowstone Park says for you to give his hello to the Hilltop people. . . . His address is Co. 506, West Yellowstone, Montana. . . . Herb Currier returned to his job in Salt Lake City last Friday eve., but I guess you got to see him. . . . Frank Howard was in town Sun., with a couple of astronomers from Indianapolis. . . . He looked for you Satnite, while you were up to Walgreen's drinking pineapple juice with Bill Boyd (my, my, my, what tough lunards you must have) . . . Here are a few items you'll never, never know: Chas. Houx's age—his wife doesn't even know. . . . The whereabouts of Doctor Bowman. . . . Otto Magly's middle moniker. . . . Ray Hauntz didn't think it nice that you should chide the Board of Ed., in that item of a fortnight back. . . . It was another group you meant to have, wasn't it? for permitting WHS's standing to remain as it is. . . . but that group is busy, too!

Wife Shoots Self Fatally After Domestic Quarrel

Funeral Services This Morning for Terrace St. Woman Who Took Life in Basement.

Following a family quarrel Tuesday evening, July 31, a Hilltop wife fatally shot herself in the right temple in the basement of her home.

The woman, Mrs. Edna Fisher, aged 42, of 306 S. Terrace St., was found in the basement of her home by her husband, Richard Fisher, whom, police say, had had a domestic quarrel following his return home from work at 4 o'clock Tuesday afternoon.

After going out on the back porch, where his nephew, James McWilliams, and his mother, Mrs. George Fisher, were playing with a dog, the husband returned again to the house, to find the body of his wife in the basement. None of the three heard the fatal shot.

A police cruiser, called to the home on a report of domestic trouble, arrived after the shooting.

Fisher is an employe of the D. L. Auld Co. He told police that his wife had left home on previous occasions, following domestic arguments.

Funeral services were scheduled for 10:30 o'clock this morning from the residence, with Rev. Dr. John Mayer officiating. Interment will be in Green Lawn cemetery.

Besides her husband she is survived by her parents, Mr. and Mrs. Vance Ambrose.

B. M. Tenors Issue Insulting Challenge To Robust Basses

The tenors of the Hilltop Business Men's Chorus and the baritones and basses will meet in a bloody baseball battle next Thursday evening, Aug. 9, at Westgate Park. The game will get under way at six o'clock, with John Raymond and W. Haydn Jones officiating.

The break in the hitherto harmonious organization came this week when the tenors issued an insulting challenge to the baritones and basses—the latter group described in the written document as being "short of wind and of protruding paunches"—among other things.

There has been much friction between the two groups for more than a year,—ever since they met in mortal combat over a year ago, when the score was muddled up and both sides claimed victory. The two factions have managed to live through the winter together only by compromising and awarding the first decision to the umpire, pending a renewal of the battle.

And so, Thursday evening, with John Aston, 598 S. Harris Ave., and Bob Nichols, 122 Highland Ave., chief strategists for the opposing factions, the two will meet—in a finish fight.

Rev. Magann Leaves Monday On Vacation

Rev. S. Talmadge Magann, pastor of the Hillcrest Baptist church, will leave Monday, Aug. 6, on a one-month vacation in Virginia. He will conduct services as usual, at the church Sunday.

During his absence, mid-week and Sunday evening services will not be held, but Sunday school and morning worship services will be continued on the regular schedule. Supply pastors will be announced later.

Rev. Magann will return to Columbus to continue his duties on Thursday, Sept. 6.

Anna K. Schenz, 83, Dies At Hospital

Funeral services for Anna K. Schenz, aged 83, who succumbed Friday, July 27, at St. Anthony's hospital, were held Monday morning, July 30, from the residence of John Schenz, 47 Haldy Ave., a son with whom she made her home during the past 16 years.

She is also survived by two other sons, Henry of Nelsonville, O., and Edward of Akron, O.; one daughter, Mrs. Anna Robson, of Grove City; 24 grandchildren, 25 great-grandchildren.

She was a member of Pythian Sisters at Nelsonville. Burial was in Green Lawn cemetery of that city by the Wylie S. Shroyer Co.

Two thousand head of cattle, 43 carloads, arrived from Chicago, Sunday as a part of a total shipment of some 10,000 head sent here by the federal government. The cattle, deprived of feeding grounds in the west because of prolonged drouth, will be pastured at the Johnson farm, one mile west of here, prior to slaughtering and packing the meat which will be utilized for relief purposes.

Gearhart's Meet Hamilton Gassers

Two Sets of Games Remain In Hilltop Merchant Loop; Title Undecided.

Wednesday evening on Westgate diamond No. 4, Hamilton's Service Station baseballers and Gearhart's Hardware, leaders in the Hilltop Merchant League, will clash in what may be the deciding game of the round in determining the champion.

Other games scheduled for Wednesday evening are: Painter No. 2 vs. Penfield Market, No. 1; Paley's Drugs vs. Broad-Hague Pharmacy, No. 2; and Derby Club vs. Kent Food Market, No. 3.

Kent's Food Market went into a four-way tie with Gearhart's Hardware, Paley Drugs and Hamilton Gas by defeating the latter team Wednesday, 6 to 3. Gearhart's continued in the torrid race by pounding out a 13 to 5 win over the Derby Club. Painter's No. 2 broke into the win column with a 11 to 8 win over Broad-Hague Pharmacy while Paley's defeated Mid-west Grocery, 11 to 5.

HOSPITAL "9" IN 15 TO 6 VICTORY

Remain Three Games Behind Federal Glass Team In Saturday Loop.

Hammering out 13 hits and taking advantage of nine miscues on the part of Forresters Saturday at the State Hospital diamond, the local entrants in the Saturday Afternoon League took a 15 to 6 victory to remain in second place, three games behind the Federal Glass nine, which copped an eight to nothing decision from Columbus Bolt Works.

George Walker, first sacker for the Hilltoppers, and the league's leading hitter, continued his terrific clouting, getting a trio of safeties in as many trips to the platter and driving in three runs.

City Council Takes Legal Steps In Effort to Compel C. & L. E. Traction Co. To Abandon Streets

Local Residents Protest Continued Operation of Interurbans On Sullivant Avenue; Want Electric Trolley Buses Installed.

City Council, at its meeting Monday night, July 30, took two important legal steps to compel the Cincinnati and Lake Erie Traction Co. to cease operation on Sullivant avenue and Town street. The action was urged by a number of local residents, and approved unanimously by council.

In one order authorized by council, City Attorney John L. Davies was directed to prepare injunction proceedings ordering the company, whose franchise expired July 12, 1934, off the streets.

In the second order, the law department was authorized to prepare legislation accomplishing the same end.

The ultimatum served on the company by council a fortnight ago has not been complied with, freight and passenger service being continued by the company.

A report was expected late this week from the office of the city attorney, and a special meeting of council will probably be held to consider the report, according to Frank C. Karns, president of the body.

J. F. Hurd, 613 Binns Blvd., was the spokesman at Monday's council meeting, representing a number of Hilltop residents who attended to protest the dangerous condition of the tracks. Others who spoke included: Miss Mary Bentz, proprietor of Bentz' Food Shoppe, 2006 Sullivant Ave.; Mrs. L. I. Rowe, 50 S. Hague Ave.; O. M. Benjamin, 2315 Sullivant Ave.; and Father Raymond Bauchard of St. Mary Magdalene church.

Sullivant avenue, to the first switch on Hague, his speed was 44 miles per hour, according to Williams. A speed of 40 miles per hour was registered on Hague avenue to Broad street, and from Reys avenue, on Broad, west to the city limits, the car attained a speed of 47 miles per hour.

"To Crack Down On Poor Sportsmanship In Hilltop Church League"---Frank Colburn

Five Players Placed On Probation for Remainder of Season in Local Loop.

Serving notice on as many as five players in the Hilltop Church League, President Frank Colburn set out last Thursday evening "to acquaint a certain element with the fact that the Hilltop circuit is actually a CHURCH LEAGUE—and not a conglomeration of rowdies."

Following a seige of torrid arguments and a brawl at several recent games, action was taken by the recreation department and at a meeting of managers last Thursday evening, at which meeting Colburn presided, five players were placed on probation. Misconduct in or at any of the games on the part of any of the players will result in their suspension from play for one year.

Get Ballots In

Managers who have not turned in their ballots containing two Hilltop Church League teams are asked to do so no later than Monday. The ballots may be turned in to Leo Uridil at the recreation department or left at the Hilltop Record office.

Select Teams to Meet

Announcement was also made late last week that a game between two selected teams, named by vote of the managers of the squads represented in the circuit, would be held in the near future. Each manager will choose two teams from the players of the circuit, including a manager and two utility players. The votes will be tabulated and the game will be scheduled by the recreation department.

Plans are also under way for two teams, from the East Church League and the Hilltop Church League, to play a game at the State Hospital grounds at the close of the present campaign. The game will be arranged through the cooperation of the recreation department and the Columbus Dispatch. The Hilltop League team will be named from the votes compiled by the managers.

Hoge Memorial defeated Glenwood Tri Mu Monday evening at the Hospital, 10 to 2, as the Methodists valuly tried to avenge the defeat sustained via the protest route in the first round. Paul Fulton numbered a homer among three hits and Simms also hit for the circuit.

Wolfe and Reese and engaged in a pitcher's duel for seven innings as Warren Avenue hooked up with St. John, but hits coupled with errors gave the Nazarenes their sixth consecutive victory, 6 to 1.

Speedy Kent, after hurling eight

and two-thirds innings of shut-out ball against Burgess U. B. permitted the Brethren to tally once in the ninth, but Hillcrest won 3 to 1. Kimbrall at first base and Perkins in left field sparkled defensively for the losers.

Hilltop Church of Christ broke a 12-game losing streak in sensational fashion and sent Glenwood M. E.'s string to 12, winning from the Methodists, 20 to 1. Crego on the mound for the winners was the game's star.

Westgate Evangelical, whom it appears, is headed for a title, continued its winning streak at the expense of Sullivant Friends, 7 to 5. It was the sixth consecutive victory for the Powell avenue lads and kept their record immaculate for the second round.

Games Tonight

Warren Nazarene and Glenwood Tri Mu will meet in a postponed first round game at the State Hospital tonight. A win for the Nazarenes will tie them with Hoge for the title. Westgate and St. John Lutheran will meet at Westgate No. 1 in the second of two games carded tonight.

Night Soft Ball Attracts Crowds

Two Fast Leagues in Operation At Nell Park Four Nights Each Week.

Judging from the amount of interest that has been aroused over the inauguration of night soft ball in the city during the past week, by the city recreation department officials, there is little doubt but what the same played under the headlights will prove a big success by the time another season rolls around.

The two circuits organized a week ago, composed of the outstanding class AA and A players in the city, has brought together some of the keenest competition that has been seen in years.

The circuits, namely the Columbus Night Softball league, a class AA organization composed of Murray Jewelers, Paul's Food Shoppe, McClure-Nesbit Chevrolet, Simpson Burton Tires, Yoders Meries, Square Garden Grill, C. D. White & Sons and Jacobs Confectioners, the last two mentioned, are ordered outfits, is the strongest ever organized in the city, while the Capital City loop, composed of class A players with Tripletts Market, Knickerbocker Theatres, Kennedy's Market, Moores & Ross, St. Clair Boosters, and Cole, Kirven and Lamman, leaves little to be desired.

Games are played on each Monday, Wednesday, Thursday and Friday evenings at Nell Park, with two games appearing on the program each night, the first game starting at 8:15.

Mrs. Dorothy Young Hurt In Auto Crash

Mrs. Dorothy Young, 160 E. Eleventh Ave., former Hilltop resident, suffered a severe cut over the left eye and minor bruises last Friday evening, July 27, when the car in which she was riding was struck by another at Fulton avenue and Third street.

She was treated at Grant hospital and taken by her brother, Dr. C. H. Lose, to his home, 138 N. Hague Ave.

There are only three classes of men that we, in general, have no patience with: Superiors, inferiors, and equals.

Science Can Aid Nature In Making Rain, Say Experts

Mark Twain's oft-quoted remark about the weather, to the effect that "Everybody talks about it but nobody seems to do anything abbout it," can be modified now, according to biologists and meteorologists who point out ways and means of increasing rainfall. These are no "rain-makers," no rain-sters, sooth-sayers or other fakirs, but authorities of proven engineering experience, according to a bulletin of the American Game association.

And all point on the necessity of increasing rainfall throughout the United States, particularly in the fast drying Middle West—the Dakotas and other adjacent states. The underground water table of the entire United States has fallen from six to sixty feet within the last few years.

What is the Cause? Excessive drainage, these experts declare. And then go on to point out many contributing causes such as deforestation, silting of streams through erosion, and utter waste of surface water.

What is the answer? Restore as many drained areas as possible and create new water areas. This brings back the store surface water, gives the sun a chance to "draw" water, the heat a chance to condense it and precipitate it in renewed rainfall somewhere near the "belt" it was drawn from. Science is now finding that these belts vary from 25 to 100 miles. For instance, water drawn from a lake region will be carried in forming clouds by the prevailing winds, condensed and dropped, usually, within 25 to 100 miles over varying areas, depending upon the degrees of moisture and heat velocity of the carrying winds.

By spotting the country thickly with lakes, ponds, sloughs and other water holding areas, a large degree of control can be had over rainfall. By stopping the quick run-off by reforestation, and restoration of sod, soil erosion can be reduced to a minimum, thus holding the water for absorption to replenish the underground table. In other words, these experts would merely follow the plan of nature, in fact restore it, before man upset it during the drainage craze. Build dams in creeks, non-navigable rivers, draws, scoop out low depressions and make ponds. These will aid in bringing about control of rainfall, officials of the American Game association declare.

The LOOKOUT

By J. N. WOLFE

Flash: That Dave Ballard-Betty Spangler merger which you've read in the daily rags and the prediction of which, if you were alert, you tamped in this pillar last winter, will be followed by a week's honeymoon at the Palmer House in Chi. . . . Now tell us where you've read that befo. . . .

Paul Rausch speaking: "It says in the rule book that the groom isn't supposed to stand around and get in the way or look awkward—so I didn't get there in time to do any of those things." . . . One word description of Mrs. Tinker Leach: classic. . . . Things I can't imagine: Doc Fox hot hooting it after a fire truck. . . . Marion (Red) Trabue reading Kant's "Critique of Pure Reason." . . . George Hardy or Speedy Kent having a favorite umpire. . . . What Hilltop man drove his new car from Mechanicsburg to Urbana in second gear last week.

Whatever became of Gladys Schafen (sp?)? . . . Ruth Hall and D. Siegwald returned from Chi. last Sunite, each nursing a bank roll of 3c. . . . Nothing is so lifeless as yesterday's newspaper, unless it's day before yesterday's. . . . Is Mrs. Hardy planning to make the obituary of F. Holycross a news item? . . . My, my, maybe a feud has been precipitated. . . . Nina Shank's name suggests a church bell that won't ring. . . . And the same chap, who drove from Mechanicsburg to Urbana (mentioned above), slept through last Sunday morning church service. . . . Conscience ringing, he tried to slip out of the church without shaking the Rev.'s hand. . . . But the pastor caught him, and extended a hearty howdy. . . . To which our hero responded "Good evening, Reverend."

Mrs. Ferguson is taking up golf, alias and slack. . . . Rode on a Sullivant avenue car Wed. nite. I'm not bragging, but that 16 an achievement, even if one only goes so far as Hague avenue. . . . And add things I can't imagine: Reading anything smaller than billboards while on one of those cars. . . . Talked with a copper while waiting at the corner. . . . don't know his name, but he plays baseball, doesn't smoke, prefers night to day beats but finds the latter lonesome sometimes, thinks Columbus doesn't have a championship ball club, was once a railroader and spent his younger days in the vicinity of Mt. Vernon and 20th St. And he's a Hilltopper. . . .

Chet Henery, back from N. Y., says he'd just as soon be traipsin along the banks of Big Darby—fishin', as gallavanting all over the country, seeing "points of interest." . . . Curty Allen sitting on the street corner at Ogden and Brd. tother midnite, looked dejected . . . Dave Hastings and Billy Hottinger, having constructed a boat, expect to launch it soon. It has been christened HH47. . . . Mixed up copy for bananas coming in here: Bananas, 3 lbs. "%%. . . . Add things I can't imagine: Chin Sin (Markins' canine) licking Rudy's purp Raymond—in a free for all brawl. . . . Charlie Riggs says: "You can always tell a printer, but you can't tell 'im much." . . . T. J. Hill, has he really got that tooth to replace that one Doc Myers yanked? (Of course, a gentleman would say extracted, but—g'wan, finish it). . . .

Rev. Fitch At Hillcrest

In the absence of Rev. S. Talmadge Magann, who is vacationing in Virginia, Rev. E. R. Fitch, secretary of the department of Missionary Cooperation of the Ohio Baptist Convention, will conduct the morning service at Hillcrest Baptist Sunday, Aug. 12. Rev. Magann will preach at his home church in Buena Vista, Va. Evening services through Sept. 2 have been dispensed with.

Reese Hurls 7th Shut-out, Downing Tri Mu Nine, 1-0

Westgate Continues Half Game In Lead; Plans for All-Star Game Nearing Completion.

Emerson "Bill" Reese, hurling his seventh shut-out of the season, his eighth straight victory and eight consecutive game in which the opposition has tallied no more than one run, led Warren Nazarene to victory Monday evening over Glenwood Tri Mu by a 1 to 0 score.

Ed Hailey, Tri Mu twirler pitched brilliantly and was accorded fine support, but his mates failed to drive in the needed tally and the Glenwood speed ball artist lost a heartbreaker. The victory placed Warren within a half game of first place, still held by Westgate who was idle Monday, but who will meet Glenwood Tri Mu tonight at Westgate No. 1.

55 Minutes

The Warren-Tri Mu game Monday was played in 55 minutes, the fastest nine innings ever played in the local circuit. Cramer's homer in the first inning accounted for the only score. In addition, he was the only Nazarene to pass second base. Two players, Wilcox and Philips, who also played sensationally in right field, reached third for the losers.

In other games Monday, Hillcrest defeated Glenwood M. E. 5 to 4, Toy starring in the field for the winners while Watts stood out for the losers. Hoge Memorial won a 7 to 3 decision from Sullivant Friends and Burgess U. B. completed its campaign by downing C. of C., 13 to 4.

Howard, Hardy Named

In the poll of managers for two all-star teams which will meet in a game to be scheduled later, George Hardy, dynamic Hoge leader, and E. A. Howard, unassuming generalissimo of Westgate Evangelical, were named as the opposing managers. The two teams will meet within the next two weeks, the winner to be pitted against an all-star aggregation from the East Church League. The game will be played on the Hilltop. In the Hilltop League game, Homer Merchant, choice of a majority of the managers, will officiate. The game will probably be played at Westgate Park No. 1. Line-ups will be announced by the managers next week, in the Hilltop Record.

Power To Act In Traction Case Is Granted Davies

City Council Asks That City Atty. Bring Immediate Action If Service Is Continued.

John L. Davies, city attorney, was given the power to bring legal action against the Cincinnati and Lake Erie Traction Co. by city council Monday night, unless the company discontinues service on the lines and removes the tracks.

Davies was given full authority in the matter and action was expected to be forthcoming in the near future.

Last Friday, City Engineer Paul Maetzel revealed that all but $5000 of gasoline tax funds allotted for 1934 had been exhausted. There will be no money available from this source if council attempt to pass legislation permitting the city to bear part of the cost of repaving West Town street and Sullivant avenue.

Late last Thursday, J. H. McClure, co-receiver of the C. & L. E. railroad appeared at a special meeting of council and requested that council grant his company permission to make repairs at certain sections of the tracks with the understanding that the city would lay new pavement. Councilmen refused McClure's request. The project would cost approximately $25,000, City Engineer Maetzel estimated.

Kents, Gearharts Share Top Honors

Paley's Meet a Tartar in Broad-Hague, Hardwaremen Down Gassers In Merchant Loop.

While Kent's Food Market was having an easy time winning a 9 to 5 victory from the Derby Club, Paley Drugs and Hamilton Gas, who with Gearhart's Hardware shared top honors in the Hilltop Merchant League last week, dropped games Wednesday, to send the groceymen and nail-eaters into a tie for first place.

Gearhart's defeated Hamilton 8 to 5, to give the first round champs their second consecutive defeat. Broad-Hague, with Myers contributing three hits, one a homer with two on, defeated Paley's 4 to 2. In the other game, Painter's No. 2 set a league scoring record in winning from Mid-West Grocers 25 to 3.

Games scheduled for next Wednesday bring Painter's and Kent's together in the feature clash on diamond No. 3, although the Paley-Gearhart battle on No. 2 diamond is of little less interest. Other games find the Derby Club matched against Hamilton's on No. 1 and Mid-West Grocers meeting Broad-Hague on No. 4.

TAKE TIME TO VOTE

Never before in the history of the state has there been a greater demand for public service, than there is today.

Never before was there a greater opportunity for the voters of all parties to render service to their city, their county and their state, than will be afforded at the primary elections to be held Tuesday, Aug. 14.

The next legislature will be called upon to solve problems which the present legislature has seen fit to ignore or let go by default.

Chief among these problems is that of taxation, always a much debated question.

If our schools are to be kept open and the already overburdened property holder is given relief, proper tax laws must be enacted if the ordinary functions of government are to be carried on.

In this connection, every voter should study the candidates which will appear on his ticket for governor and members of the state legislature. If they have a record, it is the duty of every voter to find out what this record is, and it is no time to vote for men or women whose record will not stand for such a scrutiny.

Likewise the fitness of candidates for Congress and the Senate, both district, and at large, should be carefully checked, before the voters cast their ballot.

The fitness of county candidates to hold office, fits into both the state and national picture, particularly at this time when re-entrenchments are being made in county government, and when taxpayers are clamoring for such consolidations in all branches of government, which will effect the greatest economies. Men of integrity and ability are demanded more this year than ever before, and in Franklin county the voters have the opportunity of selecting men who measure up to the required standards.

Whether or not we are on the road to recovery from one of the worst depressions in history will depend largely upon the conduct of the national and state legislatures during the next two years.

It is the duty of every man and woman to exercise his or her right to vote. It is the duty of every man and woman to know for whom and of whom they are casting their vote. Always there are splendid candidates available, while at the same time there are others whose election means continued chaos, in the conduct of state and federal affairs.

All citizens of Columbus should avail themselves of the opportunity to have a part in their own government on Aug. 14th.

No matter how busy you may be, TAKE TIME TO VOTE!

STATE REPRESENTATIVES

Electing representatives to the legislature, both national and state, is serious business. It is the most important consideration before the people of Ohio in the primary and election. The state legislature is the rules committee of social justice and economic security.

There will stalk beside each elected legislator one or more trained and well paid lobbyist, trying by their influence to direct the deliberations of the general assembly. In the complex and fast moving drama of life, those who have lived through a cross section of experience, and as discerning observers to the problems of government, will make the best legislators for the immediate future.

Some times political leaders get so close to a thing they can't see and it becomes vitally necessary to inject new blood to accomplish the necessary and needful things.

Among the five to be nominated on the Republican ticket for representative is O. H. Craft, whom we have known intimately for a number of years, and believe him to be a good man for the office.

Host of Candidates Await Primaries

A score of Hilltop candidates, aspiring to the nomination to various offices, are among the vast host of men and women who await the results of primaries scheduled for Tuesday, Aug. 14.

Local interest is centered largely on ward selections, although the community boasts several men of quality who seek higher offices. The following list is composed of all local candidates and in addition, those whose advertisements appear in this issue of the Record.

GOVERNOR

Daniel E. Morgan, Republican candidate for nomination for governor, is a former City Manager of Cleveland, where he resides. He has the endorsement of the Cleveland, Columbus and Ohio State Federations of Labor and various other labor groups.

He advocates a broader tax base to take care of the schools and teachers' salaries.

Clarence J. Brown, Republican candidate for nomination to governor, is 42 years of age, and is a graduate of Washington and Lee university, through which he worked his way. He now publishes six newspapers and does commercial printing.

He served as lieutenant-governor for two terms, first entering the office at the age of 25. In 1920 he was elected secretary of state, serving three terms. He ran unsuccessfully for governor in 1932. Economy in government is the basis of his platform.

C. Nelson Sparks seeks the Republican nomination for governor and is 52 years of age. He served in the Spanish-American war and the Philippine insurrection. Afterwards, he worked in lumber and mining camps in West Virginia and was a superintendent of a camp and plantation in Mexico. He has travelled extensively, circling the globe twice.

Charles F. Johnson, Columbus realtor, who is a candidate for the Republican nomination to congress, considers the present economic crisis as great as that which prevailed during and after the Civil War.

Mr. Johnson believes he has a valuable service to contribute to recovery. He is of the opinion that only Republican success can save the country from an overwhelming burden of taxation, bureaucratic domination of business and encroachment upon the liberty of people.

In his platform he says that the schools should be operated by the state and their entire support be drawn from the state, except such things as swimming pools, gymnasiums and educational frills.

Charles S. Best is one of the Republican incumbents seeking re-election. He is an attorney and formerly was assistant city attorney and assistant attorney-general for Ohio. In 1931 he was a candidate for the municipal court.

Business Man Candidate for State Representative

L. J. Dill

That business experience is an important factor in legislative matters is the belief of L. J. Dill, 30 E. Broad St. who has announced his candidacy for Republican State Representative to the General Assembly.

Imbued with the idea of putting theory into practice, Mr. Dill, while a student at Ohio State university in the college of commerce, started the business which he has operated for the last ten years, the L. J. Dill Company which has expanded to a point far beyond the boundaries of Ohio. He has gained a wealth of knowledge as a result of his contacts outside the state and is familiar with condition throughout the entire country.

Mr. Dill is a descendent of one of Ohio's pioneer families, his ancestors having settled immediately northeast of Columbus in 1820 where his early life was spent.

Preferring a business career to agricultural pursuits, after graduating from Worthington High school, he entered Office Training school and later Ohio State university. Since then he has acquired ample experience fitting him to serve the state in the capacity to which he aspires.—Adv.

Where Johnson Stands

Views of Republican Congressional Candidate.

Charles F. Johnson, Columbus poultry, who is a candidate for the Republican nomination for Congress, invites public attention to this announcement:

"To my mind, this country is near a crisis as serious as was the Civil War. Our people have borne their sufferings under the depression with commendable patience. But they know the reasons for their troubles are manmade, and they expect that Congress in its collective wisdom will enact measures that will restore prosperity.

"Instead of the bread they asked for, they have received a gold brick. They have had laid upon their backs an intolerable load of taxation, with added billions of debt for which they pay yet to be taxed. They have seen restrictions placed on business that have added much to the price of their necessities, and with these tax eating unions and commissions indulging in a spending orgy unequalled in world's history.

"Yes, and they have seen business so frightened by the government that it is afraid today to expand its affairs and thereby afford employment to the people.

"All of these things have been done in the name of recovery. Actually they have been only temporary relief measures set up more to give jobs to politicians. After 17 months of such efforts, where are the people? There has been a gain in some lines of commerce, because of the spending of huge sums of tax money in public works and for relief. But has there been much improvement in actual business?

"None of the plans of the administration has had a real chance to bring about recovery, because of the ever hanging threat of flat money and wild inflation. These alone would kill any revival of industry. So the government, on one hand spending billions to bring about recovery, has on the other hand throttled commerce and industry by threatening a worthless money as the reward for its activity.

"It is my belief that the administration is so committed to these follies that it cannot restore the confidence that must precede recovery. That can be done only by the election of a Republican Congress—one that will exercise all of its wisdom to endorse those measures that are right, check those that are useless, and restore to the people and especially to business the constitutional guarantees of the right to conduct their affairs themselves and make reasonable profits.

"As a Republican I am seeking the nomination to Congress in the belief that I have a valuable service to contribute to aid recovery. I think the time has come when only Republican success can save this nation from an overwhelming burden of debt and taxation, bureaucratic domination of business and encroachment upon the liberty of the people that must end in practical slavery or revolt.

"I ask your support. I am unbossed, unpledged, and have not received a dollar from any source for the expenses of this primary campaign. Therefore I can stand unreservedly for the consumer, who is the greatest sufferer today."—Adv.

To Organize Sea Scout Ship At Hillcrest Church

A Sea Scout ship is being organized at the Hillcrest Baptist church under the leadership of Noble L. Allen, eight boys having already enroled. It was announced this week. Sea Scouting involves a program fo rolder boys. To qualify, one must be 15 years of age and have passed first class scout tests.

Mr. Allen has been scoutmaster of Troop 181 since it was organized and will take over full charge of the sea scout unit with W. O. Elder, committee chairman, acting as scoutmaster of the regular troop.

With the sea scout ship in operation, all three phases of scouting are carried on at Hillcrest. A Cub Pack, under Virgil Sullivan, has a membership of 20 boys. All three groups meet on Thursday evening at the church, the cubs at 6:30 and the other two at 8 o'clock.

Last Sunday evening, Troop 181, under the supervision of Arthur Baesman, took an overnight hike.

Hoge-Warren Tie

As a result of Warren Nazarene's 8 to 1 victory over Glenwood Tri Mu last Friday at the State Hospital, a play-off with Hoge Memorial for first round honors will be necessary. Both teams won eight and lost one. In a second round game played Friday, Westgate rung up its seventh consecutive victory of the round, "Gib" Davis shutting out St. John, 5 to 0.

Judge Mahaffey Has Made Good

Judge E. V. Mahaffey, present Judge of the Court of Domestic Relations, is a candidate for re-election for a second term in the primaries to be held Aug. 14th. Judge Mahaffey was elected the first judge of the Court of Domestic Relations in 1929. He organized the court in such a manner that within four years the Juvenile Department has gained recognition as one of the best in the country. Always a friend to the dependent, unfortunate and delinquent child, Judge Mahaffey immediately after taking office instituted a probation system which in its application has received commendation from the National Probation Association. Through the use of such a system, population of the Boys' Industrial school at Lancaster, O., from Franklin county, has been reduced fifty per cent. In carrying out this system, Judge Mahaffey has solicited and received the active support of churches of all denominations as well as welfare agencies throughout the county.

Judge Mahaffey believes that the function of the Court of Domestic Relations, which is so closely concerned with vital, personal problems, is to carry out the spirit as well as the letter of the law. He feels that each case deserves careful, adequate and impartial consideration, and that an understanding of human nature is necessary to the promotion of justice in judicial decisions.

Judge Mahaffey received his legal education at Ohio State university. He is married and resides at 159 Dunedin Rd. He is a member of the Nell Avenue Presbyterian church and numerous social and fraternal organizations, including Masons, Shrine, Moose, Eagles, I. O. O. F., Rebaeca, Elks, K. of P., Exchange Club, Charity Newsies and University Club.—Adv.

REMOVE THAT BLANKET of HOT AIR
With an Attic Ventilating System

AN INVESTIGATION of weather conditions in your attic one of these sultry summer days is bound to prove enlightening.

You'll find it hot, to say the least. Yes, it's more than hot. It's stifling. Worse still you'll find that this attic heat keeps your entire home decidedly uncomfortable.

But this situation is no longer necessary. No longer must you swelter through the summer months. After making a simple installation of an Attic Ventilating System, you can draw the hot air from your home right out through the attic window, thus cooling and ventilating every room.

CONSULT YOUR ELECTRICAL DEALER OR ELECTRICAL CONTRACTOR FOR SPECIFICATIONS AND ESTIMATES.

Volume XVIII — THE HILLTOP, COLUMBUS, OHIO, FRIDAY, AUGUST 17, 1934 — No. 17

The LOOKOUT

By J. N. WOLFE

It actually happened at the Red Bird baseball school. A straggling young chap, v-necked sweat shirt on backwards, trousers too long and wearing tennis shoes, approached the coach. "Mr. Hunter," says he, "I'm a right fielder." Mr. Hunter took his word for it and told him to go out to his position. To which the rookie replied: "Which one is right field, Mr. Hunter? I haint never played ball in this here park before." And Geo. Meadowlark McCrea, astride the bench, let loose a war whoop the like of which has never been heard in these parts. . . . That local man, who has a young hound pup, is training it for November hunting days. . . . Took it out tother day, and the only thing it chased was a butterfly. Starting out like a big game hunter. . . . If you're a P. W. or a B. B. you're a member of that great fraternal order, PWA. . . . The former is the designation for a "pantiewaist" and the latter refers to "bloomer button." . . . The order, of course is Pantiewaistassociation, composed largely of folks who have difficulty in "taking it." . . . C. M. V. must sign his name.

The new clerk at Tom Zelkof's place is named Jean. . . . The C. Carlton Hartley's are vacationing at Cedar Point. . . . Rev. S. T. Magann, pastor of Hillcrest church, will be married next week in Va. He will return to Col's. Spt. 6, with his bride. . . . Things I can't imagine: That preacher trying out his faith on that rattlesnake again. . . . Kip Selbach racing up Broad St. 60 m. p. h. in his "car." . . . Paul Fulton and Ril Myers playing tiddily winks on the ditchen linoleum. . . . Doc Miller, the oculetrimist, kicking a football 50 yards.

Purely personal pish posh: I enjoy french fried potatoes, a sunset's reflection on breaking banks of storm clouds in the west, and ketchup (catsup to yo higher minded) on butter beans (lima beans toye intelligensia). . . . I would rather trudge through the muck of a swamp than dance to Wayne King's, H. Thies' or Paul Whiteman's thumping and pounding and screaming orchestras and in nine cases of ten, I'd rather read a book than see a movie (But I can't get away with it). . . . I number C. W. Michel, Charlotte Walton and L. H. Tiffany among the finest teachers I ever had and list Harriet Judd and Mary Baker among my favorite people. . . . I read Ralph Waldo Emerson more than any other author and have never read True Story, Whiz Bang, Confession or any of their ilk (bruggart). . . . I use the pronoun I in this pillar purposely because anyone's writing reflects the writer and any writing reflects thoughts, and the pronoun or not, one's picture is there (Woe is me). . . . I eat pie for breakfast when it is available and my mother, "Mom" Draper and Mrs. F. Raether rate very high among excellent cooks (now he's begging). . . . I am a violent hater of bleached hair, astrological nonsense, "day of doom" preaching, and guys who carry lighted cigars on street cars (except where there are special accomodations). . . . Would rather sleep in the morning (like all of you) but hate as much to go to bed at night. . . . I like short hair cuts but never can remember to get one often enough. . . . Number Sum Toy and Bill Reese among gentlemen of the first water. . . . And, among other things, I'd hate to build a pillar everybody liked. (The boss says the front page wouldn't look nice with six columns.)

What a temper has Helen O'Hara, from the south (N. Car.), and Irish. . . . Calling all scoofers: Frank Ruder's back. P. O'Brien take notice. . . . And Ralph Welch in from Rochester for a wk., can't find Tag Draper, to whom he says hello through here. . . . Roland Dolder is in Newark, O. . . . M. McCarty will leave tomorrow for Camp Knox, Ky., for two wks. of army life.

Classic Games On Soft Ball Menu

Continued From Page One

Westgate Cops Title

Monday evening, in one of the hardest fought battles of the year, Westgate came from behind in the ninth frame to beat Hoge Memorial, 5 to 4. Trailing 4 to 2, the Powell avenue lads took advantage of the wildness of Wilcox, and pulled up to within a tally of the Presbyterians when the Hoge hurler walked Mason to force in a run. Two were out and the count three and two on Riggs when Manager Hardy yanked Wilcox and took the burden on himself. Riggs planted the apple in right field for two bases and the ball game was over. Sima played sensationally afield for the losers and Fulton hit a homer to lead the Presbyterians offensively.

It was the ninth consecutive victory for Westgate and made the men of Howard champions of the second round.

In the other game Monday, Sullivant defeated Glenwood M. E., 8 to 0.

Friday evening, Westgate Evangelical chalked up its eighth consecutive victory of the round, defeating a crippled Tri Mu outfit, 22 to 4.

SALADS AND DESERTS

Macaroni Cheese Timbales

1 cup grated Kraft American cheese or Velveeta
1½ cups milk
2 eggs
½ teaspoon worcestershire sauce
Salt and pepper
1½ cups cooked macaroni (broken)
6 mushroom caps
1 package Kraft Velveeta
½ cup milk
Salt and pepper.

Blend well the grated cheese, mild, well-beaten eggs and seasonings. Divide the macaroni equally among 6 buttered custard cups and fill cups with the cheese mixture. Set in a pan of hot water and bake in a moderate oven, 350 degrees, until firm. Unmold onto a platter, garnish each timbale with a mushroom cap, and serve with sauce made with the velveeta, milk and seasonings cooked in a double boiler until velveeta is melted.

Palmetto Salad

Fresh tomatoes
Lettuce
Kraft Kitchen Fresh French Dressing
Philadelphia cream cheese.

Carefully peel a fresh medium size tomato and cut in five sections, poinsettia style, almost to the stem end. Place it on crisp lettuce and dress well with the French dressing. Then coat the sections with the cream cheese slightly softened with milk and forced through a pastry tube and garnish with a sprig of parsley.

Jell-o Cheese Loaf

1 package lemon jell-o
1½ cups boiling water
1 tablespoon vinegar
1 teaspoon salt
Dash of cayenne
1 cup grated American cheese, or 1 cup cottage cheese, or 6 ounces snappy cheese
½ cup mayonnaise.

After jell-o has dissolved in the boiling water add vinegar, salt and cayenne. Chill until cold and syrupy. Then place in bowl of cracked ice or ice water and whip with rotary egg beater until fluffy and thick like whipped cream. Combine cheese and mayonnaise and fold into jell-o. Turn into mold and chill until firm. Unmold on crisp lettuce and garnish with mayonnaise. Serves ten.

Imperial Salad

1 package lemon or lime jell-o
1 cup boiling water
1 cup canned pineapple juice
1 tablespoon vinegar
2 slices canned pineapple, diced
2 pimentoes, shredded
1 medium cucumber, finely cut, salted and drained.

After dissolving the jell-o in boiling water add pineapple juice and vinegar. Chill. When slightly thickened, fold in pineapple, pimentoes, and cucumber. Turn into mold, chill until firm. Unfold on crisp lettuce and serve with mayonnaise to which whipped cream has been added. This will serve six people.

Tart Tomato Salad

1 package lemon jell-o
1 pint canned tomatoes, strained
1½ teaspoon lemon juice
Dash of salt
1 teaspoon Worcestershire sauce
½ cup celery, diced
½ cup sweet pickles or ripe cucumber pickles, diced

Dissolve the jell-o in boiling tomato juice. Add lemon juice, salt and worcestershire sauce, chill. When slightly thickened, fold in celery and pickles. Turn into molds, chill until firm. Unmold on crisp lettuce, garnish with Hellmann's mayonnaise. This makes servings for eight.

Peach Bavarian

1 package lemon jell-o or orange jell-o
1 cup boiling water
1 cup peach sauce
½ cup crushed peaches, sweetened and drained
2 or 3 drops bitter almond extract.

Dissolve jell-o in boiling water. Add peach juice, chill until cold and syrupy, place in bowl of cracked ice or ice water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in whipped cream, peaches and flavoring, turn into molds. Chill until firm. Unmold. This makes a serving of six.

Limemallow Sponge

1 package lime jell-o
1 pint boiling water
10 marshmallows, finely cut.

Dissolve jell-o in boiling water. Add marshmallows and stir until dissolved. Chill until cold, and syrupy. Place in bow of cracked ice or ice water and whip with rotary egg beater until fluffy and thick like whipped cream. Turn into molds. Chill until firm. Unmold, serve with marshmallow sauce if desired. This serves ten.

State Fair World Famous, Says Director Hanefeld

COLUMBUS (Special) — The greatness of the Ohio State Fair is recognized the world over, Earl H. Hanefeld, director of agriculture, says in a statement calling attention to the 84th exposition to be held in Columbus, August 27 to September 1.

"Once each year," says Director

EARL H. HANEFELD
Director of Agriculture

Hanefeld, "there is brought together in the Capitol City of Ohio, a great display of human endeavor, the products of brain and brawn. Throughout the Nation this mammoth display, embracing every phase of agriculture and its allied industries, is known as The Ohio State Fair.

"For the past eighty-four years it has faithfully recorded the rise of the American farmer not only in Ohio, but in every state of the Union. This great exposition has grown to be one of the foremost of its kind in all the world.

"The 84th Ohio State Fair will be no exception. Again, as in the past, its mammoth hall and pavilions will be filled and overflowing with the finest products of the land. It will portray to thousands of visitors the skill of master craftsmen. It will paint for them a golden picture of prosperity and the return of better times.

"The success of this year's exposition will not alone be due to the efforts of my department, but could only be possible through the splendid cooperation and assistance which has come to me and my assistants from every quarter of our State.

"As Director of Agriculture of the State of Ohio, I invite you to join with your fellow citizens in planning now to participate in and attend this year's exposition. My department will expend every effort to make your trip both profitable and enjoyable to you."

The A. A. P. O. will hold a special meeeting at an outing near Lancaster, O., next Thursday evening, Aug. 24. Initiation will be held at that time.

The trouble with committees is that they are always wondering what others will think; they seem to have slight confidence in their own judgment.

BARGAIN SHOPPING
ruins more than SHOES

THROBBING feet, tattered temper, spoiled digestion and an evening that's utterly ruined. What a price to pay for a "successful shopping afternoon!"

Time was when bargain-counter gymnastics were part of the day's work. Time was when they were even necessary! But there's a wiser method.

Sit back in an easy chair. Leaf through today's issue of the Hilltop Record. Check your wants against the offerings in today's ads. Compare the ads themselves for price, for style, for value. Clip the items that interest you or use a pencil to jot them down. Get a tangible idea of what you're going after first—then there is nothing left to do but get it!

There's no grief to armchair shopping. And it's far more economical.

The LOOKOUT

By J. N. WOLFE

Oscar Stauch calls the Lookout the "cockydoodle column." . . . Jayne Hartley gained four lbs. while vacationing at Cedar Pt. last week. Present standing 98 lbs. (?) . . . Bill Shaw says Chawlie Houck is 60 yrs. old, but at his birthday party of two Sundays back, nobuddy knew how many candles to put on the cake. . . . Tug Draper called. Says he's been outa town two straight Sundays and the fact has been neglected in the Record columns. . . . His sister, Freddie, is wondering why her beautiful baby, Juanita Anne, hasn't been mentioned. . . . It has been suggested that "Wowie" is a one-word description of Geo. McCrea. . . . A post-card from Henry Melragon says he's having a great time at Yellowstone Nat'l. Park. . . . He'll be home a month hence. . . . Margaret Combs is the wife of an army officer at Camp Knox, Ky.

The Mathenys (Olive and Jim) are now living at 80 Clarendon. . . . Bette Cannon of the airways is the Hilltop's own Betty. . . . Howard Shouting is back in town. . . . Mary Baker is spending her vacation in Michigan prior to taking up class routine at West Jr., Sept. 4. . . . Rumor hath it that Ray Hanuta is planning a run for city council. . . . And Dr. R. J. Miller will compete for the school board berth. . . . It also has been heard that C. Layman will seek the latter office. . . . As will another whom we'll not mention now. . . .

Wonder how Geo. Heltz is doin'. . . . Rumor hath it that Ty Thompson is about to purchase a kitchen sink for that home in the west. . . . Wonder if those chappies ever did get Don Long "ducked" at Glenwood Pk? . . . Ruth Hall, shooting gullif for the 1st time last Sunafternoon, made an 83—for nine holes. The score for the first hole was 17. . . . Chas. X. Apel, who wishes Bill Boyd wooden call him John, plays handball. . . . I think I saw Robin Sharp, not lamped in a long spell, at the Matsonia Monight. . . . And there, too, was Herb Deems, Cliff Kohn and Lon Saunders and Ralph Deems, in for a snack after the ball game. . . . I never can recall Howard Shouting's name. He and Ronny Howard act alike.

It should have been related prior to the election, for such absentmindedness would not be ignored by the voters. O. H. Craft went to the bank totha day and walked back to his office—and then back to the bank to get his car which he had parked. . . . That black and tan terrier on N. Ogden Ave. between Steele and Ridge Aves. can run at a rate of 32 m. p. h. . . . Add words you'll have to look up: contumacious. . . . Well, you're contumacious or lazy if you won't look it up. . . . Personal: Woody Owens et gangum: T'do not like that sobriquet "Winchell" which youse fellers use too much. And Mr. Winchell might not like it either, which, of course, is of much less importance. . . .

Thank you, C. W. M. . . . Bill Elliott, that most-tanned young fellow you see on Brd. St., thumbing a ride downtown, is generally headed for the state library. And he reads Schopenhaur, Kant, etc., but now, he says, he's reading grammar so he can get out of the habit of saying haint. . . . Local girls at Buckeye ocean, strolling along the walk, drew this comment from a bystanding lad: H-mm m-m, there must be a recess in heaven. . . . Quite a nifty, doncha think? . . . And those four lads, swiping apples from the backyard of a S. Ogden Ave. resident, should have taken more, for the people really didn't care. . . . The ace quotation of the week: "An element of agnosticism, a willingness to say 'I don't know,' is necessary in the attitude of every honest thinker. But we have no right to use skepticism as a support of superstition" —Barnes in Scientific Theory and Religion.

Reds Favored Over Blues In All-Star Clash At Westgate

Defensive Laurels to Blue Team But Hardy's Line-up Contains Heavy Artillery Galore.

This evening, at 6 o'clock, with Homer Merchant officiating, two picked teams from the ranks of the Hilltop Church circuit will meet for the mythical supremacy of the league.

The two selections are paradoxical in their make-up, with the Reds, managed by George Hardy, holding a heavy edge insofar as the slugging is concerned, with the Blue squad, headed by Ed. Howard, being conceded a slight point defensively.

Paul Fulton, Sam Toy and Howard Kent will patrol the outer regions for the Reds, with the regular Westgate Evangelical outfield—Glb Davis, Erule Mawhirter and Hawk Thornton—guarding the Blue pastures.

The Red infield will find Charlie Sims at third, Bill Boyd at short, Hi Myers at second and Earl Boyer at first, while the Blues will start Howard Reynolds at the hot corner, Preston at short, Roger Mason at second and Wolfe at first.

Ed Halley, Tri Mu speedball artist, will occupy the kopje for the Hardymen, with Paul Casey behind the bat. Southpaw Bill Reese will twirl for the Blues, with Wendell Glass on the receiving end.

Hoge Beats Warren

In a game that might have been better played on local diamonds, Hoge Memorial defeated Warren Nazarene at Nell Park Monday night by a 14 to 8 score. The victory gave the Presbyterians the right to play in the city eliminations as well as the title to the first round competition in the local circuit. The championship of the league now lies between Hoge and Westgate.

Westgate, Hoge Defeated Early

Westgate Evangelical and Hoge Memorial Presbyterian were eliminated from the running for the city church title Wednesday evening when each went down via the shutout route.

Westgate, who had defeated Third Avenue M. E., 7 to 4, on Monday evening, dropped a 1-0 tilt to Gift Street M. E. at the C. & O. grounds. Hoge, playing at Sunshine Park, bowed to Holy Name, 5-0.

The championship game between the two for the Hilltop title will be played Monday evening, Aug. 27, at Westgate Park.

Poor baseball marked the downfall of the Nazarenes—the poorest they have displayed this year. In the fourth frame, eight runs were counted by the winners when the Nazarene infield threw home five times in a vain attempt to cut off runs. Plays at first base would have held the count to a single marker. The Presbyterians, on the other hand, hit viciously, with Mason, Keating and Scott being the chief clubbers.

Tenors Trimmed By Basses, 17 to 6, In Ball Game Thursday

The Hilltop Business Men's Chorus—at least the basses and baritones—are not to be challenged at random, in baseball or anything else, the tenors of the organization learned last Thursday.

For the higher pitched vocalists challenged the grunters to a baseball game, and after the dust had risen, the former aggregation was doing the grunting, coming out on the short end of a 17 to 6 count. Nichols occupied the mound for the winners and hurled well, while his mates hammered Aston with abandon, counting eight times in the initial frame.

Tonight, on diamond No. 2, the winners are scheduled to play Thatcher's auditors, a team playing in the court house league.

National Housing Act to Assist In Home Improvement

The long looked for opportunity for property owners to make needed repairs and improvements on their property is now made possible through the National Housing Act, whereby money for these improvements is now available, and according to many local business men will prove a boon to creating employment and at the same time give a substantial return for the money invested.

Money for this work is now available through the local banks and building and loan companies and may be applied for through these institutions or through your contractor or building supply dealer. Loans may be secured in denominations of from $100 to $2000 on the owners personal note. No mortgage is required in securing the loan.

The amount of money secured depends upon the borrower's income and ability to repay the loan. Notes may run from one to three years and are to be paid in equal monthly installments. The cost to the borrower will not exceed five per cent per year. All the security required is that the borrower have an adequate income and a good credit rating.

To secure a loan the foowing assurance must be given:

That the borrower owns the property to be improved.

That the income of the signers of the note is at least five times the annual payments on the notes.

That the mortgage, if any, is in good standing, and that there are no other past due encumbrances, liens or taxes.

That the proceeds will be used solely for property improvement.

Signature of the property owner is required on the note. If the owner is married, also the signature of the wife or husband. No other co-signers or endorsers are required.

S. W. Six Opened First Hilltop Store 40 Years Ago This Month

Forty years ago this month—at Highland avenue and Broad street—corn fields stretched away to the north and farm lands to the west, and to the south was a frog pond. And in the midst of these was a tiny, one-story feed store, where farmers came for supplies and where a small variety of groceries could be secured.

The years have passed and the corn fields and the frog ponds and the farm lands have been erased by the forward march of civilization. But the store is still there. The proprietor is still there. The customers and the customers' children still come to buy and sell.

S. W. Six, his hair white as snow, but his ruddy complexion denying the passing of 68 winters, told a Record reporter of the Hilltop's first business house this week. Modestly he spoke of the fact, for not so much as an anniversary sale marks the occasion. A small sign in the window tells the story of 40 years of service and thanks his patrons who have dealth with him and his wife through the years.

The present grocery store is the third building to occupy the corner. The original one-story affair was utilized for eight years after 1894, then a two-story building was constructed, to be followed by the present building. And with the exception of 15 months, when their store was located at Eureka and Broad, the Six's have served Hilltoppers continuously over a period of 40 years from the same location.

The couple recalled events easily, though dates were vague. They remembered the National Pike—a mere wagon road; they recalled that the nearest paved street was at Central avenue; that the horse car moved west as far as the asylum gate; that the first electric car to come over the hill was watched by a few hundred people (a tremendous crowd) who lined the street; the two-wheeled sulky which was their first delivery wagon.

At that time they lived on Clarendon avenue, and many streets had not yet been cut through. Mr. Six recalled working four years for W. B. Smith & Son, whose dairy furnished milk for the institution. The Smith farm was located near where the Record office now stands.

A gentlemen walked in the store while the reported was present. He had been coming to the store for 35 years—since he was a boy of six. His father sold Mr. Six vegetables, and he sells Mr. Six the same kind of produce. The store is now serving the fourth generation of some customers.

"It's the same business, the same location, the same customers," Mr. Six told us, and with a twinkle in his eye, in answer to our query as to how long he had been married — "the same woman." Mr. and Mrs. Six were married in 1891—43 years ago. They have three daughters, two of which are away and one, Mary Virginia, lives with her parents at their home, 105 Eldon Ave.

11TH WARD DEMS TO PICNIC SUNDAY

Samuel J. Willis, Candidate for County Clerk, to Speak At Lake Outing.

The Eleventh Ward Women's Democratic club will hold a picnic at the summer home of Mrs. Frank Ferrel, on Lake street, at Buckeye Lake, Sunday, Aug. 26, it was announced this week.

Members and friends of the club have been invited to attend. Drivers of cars have been instructed to drive to Union avenue and follow the signs.

Those attending should provide table service, a covered dish and sandwiches.

Cars will depart from Columbus at 1:30 o'clock and dinner will be served at 6. Samuel J. Willis, candidate for county clerk, will be the speaker.

Members having extra transportational facilities have been asked to get in touch with Mrs. Frank L. Scott.

Games Postponed

Games scheduled for Wednesday night in the Hilltop Merchant loop were postponed due to the fact that a great number of Merchant players are participating in various city final games this week.

The games will be played next Wednesday, Aug. 29. Gearhart's, by defeating Kent Food Market, can take the second round title. A victory for Kent's will produce a four-way tie.

School Repaired

The Hilltop School of Music, 2842 W. Broad St., has been undergoing repairs and will be ready for the opening of the fall term on Sept. 4.

Wanted: Quarterback, Center, Kicker

Coach Harold Wise In Search for Much Needed Material; Squad to Report Monday Morning.

West High's 1934 football campaign will get under way Monday morning, Aug. 27, at 9 o'clock.

At the initial meeting, plans will be made for future rehearsals prior to the opening of regular classes Tuesday, Sept. 4. Morning workouts will probably be in order as the search is made for a capable quarterback, a center and someone who can boot the ball, according to Coach Harold Wise, who will return from Athens this week-end to take charge of the situation at the Cowboy stronghold.

Plenty of Positions Open

He might have added, without a blush, that an end, two tackles and a couple of guards would come in handy, not to mention a passer of even average ability.

It's far too early to shed a tear, and much more too soon to let loose a cheer. From last year's outfit, which lost the championship on a technicality, Cliff Boye, all-high quarterback; Michaelis and Mathews, all high timber at the guard posts; Dibby Deshler, all state tackle; Kellar, center; Jividen, all-high back; and Beachler, all-high end—will be missing. The outlook is not a brilliant one.

To Have Pony Team

Indications at present are that the Cowboys will be a light, fast aggregation, with what beef there may be available coming up from the Junior High division, and lacking experience.

A new set of uniforms, scarlet and buff, will add dash, and flash and fire to the 1934 Cowboys. The new equipment arrived last week. The main difficulty, however, according to Coach Wise, is finding something with which to stuff the new regalia.

Boys reporting Monday morning must have their birth certificates with them before uniforms will be issued. The meeting is scheduled for 9 o'clock.

Hilltopper First to Get National Housing Loan

The first loan to a Columbus man under provisions of the National Housing Act went to Anthony B. Rectenwald Tuesday of this week, through the Columbus Morris Plan Bank.

The loan of $100 will be utilized by Rectenwald in repairing the roof and painting his home which is located at 117 N. Warren Ave.

Rev. Charles Haworth to Take Over Duties At Highland Ave. Friends Sept. 2.

Rev. A. J. Fryhoff, for the past six years pastor of the Highland Avenue Friends church, will depart Tuesday for his new pastorate at Newport News, Va. He will be succeeded at the local church by Rev. Charles Haworth, for the past seven years of the Portsmouth, Va., church and formerly pastor at Salem, O.

Rev. Haworth was for a number of years instructor in the Cleveland Bible Institute at Cleveland and was leader of the Expository Hour held at the Friends yearly meeting at Damascus, O., last week.

He is married and has two children, a son who is married and lives at Salem, O., and a daughter, Henrietta, in attendance at Marion college, Marion, Ind.

Rev. Fryhoff, while serving here, was active in community and church affairs, serving as secretary of the Hilltop Ministerial association and is also its present vice president. He will conduct final services at the local church Sunday.

Rites for Mr. Smith were held Thursday morning followed by interment in Memorial Burial Park and services for Mrs. Smith were held in the afternoon with burial at the same cemetery.

She is survived by her husband, Harold Smith; her parents, Mr. and Mrs. J. W. Barrett and two sisters, Gladys and Mary.

The local team will be composed of the following: Glass, c; Reese, p; Boyd, ss; Wolfe, 1b; Apel, 2b; Sims, 3b; Toy, lf; Kent, cf; and Baesman, rf.

Mrs. Krebs Wins 1st Prize At Grove City

For the second time in as many weeks, Mrs. W. C. Krebs, 285 N. Wayne Ave., won first prize at quilt displays, taking a first place Wednesday of this week on an appliqued yellow lily quilt at the display at the Grove City homecoming celebration.

Last week, at the Franklin County Fair at Hilliards, the same quilt took a first prize. She plans to enter the handiwork in competition at the Ohio State Fair next week.

Charter Member of Eagle Lodge Dies

Funeral services for Robert M Loeser, aged 79, a charter member of the Columbus Lodge of Eagles, No. 297, who succumbed at his home, 76 N. Terrace St., Sunday morning, Aug. 19, were held Wednesday afternoon from the residence with interment in Memorial Burial Park.

Mr. Loeser, who was a member of the lodge for 30 years, was a retired clerk in the state department of insurance.

Boy's Leg Broken When Struck By Car

Charles Swank, aged 12, of Valleyview Dr., sustained a broken left leg Wednesday, Aug. 22, when he was struck by an unknown autoist in Mound street, near Holton avenue.

The motorist took him to a filling station at Princeton avenue and Broad street, where the attendant called police. Young Swank was treated at St. Carmel hospital.

Haim Promoted

Milton P. Haim, 113 Whitethorne Ave., manager of a state liquor store on State street, has been transferred to the department office where he will handle part of the store administration, it was announced Monday by Frank Taylor, superintendent of stores of the Ohio Liquor Control department.

P. O. Carrier Station to Be Located Here

Local Branch Station to Be Converted Into Carrier Office Late This Year.

Sometime between Oct. 1, 1934, and Jan. 1, 1935, the local post-office on West Broad street, between Powell and Chase avenues, will be converted into a carrier station, it was learned this week.

The building, now occupied by a branch office, owned by S. W. Renner, is having additional floor space made and although the contract with government officials states that the work is to be completed by Jan. 1, 1935, a request has been made that the addition be available by Oct. 1.

It has been reported that the carrier station now located at Chicago avenue and Broad street will be removed in favor of the Hilltop station upon completion of the new postoffice building downtown. Although dedication ceremonies are slated for the downtown structure on Oct. 17, the earliest possible completion date is Nov. 30, according to Calvin H. Cool, government construction engineer.

It was pointed out that occupancy of the new stations before they were completed would impede the Christmas mail service.

Wildlife Gets Big Break In Mid-west 1000-Mi. TreeBelt

Wildlife is to get a big break in the 1000-mile shelter belt to be planted in the Mid-West from the Canadian border through the Dakotas, Nebraska, Kansas, and Oklahoma to the Texas border, to insure against drought, soil erosion, and to modify climate, according to plans in the making under the Technical Director Raphael Zon, U. S. Forest Service, a bulletin of the American Game association points out.

Although the shelter belt is to be 100 miles wide, the trees are not to be set in solid formation, but in strips seven rods wide and a mile apart, running north and south. Along the edges of each of these strips just inside the protective fences food-cover strips for wildlife are to be planted. These will be of shrub varieties, Mr. Zon said.

While some 25 to 50 years will be required for the maturing of the trees, wildlife will begin to reap the benefit almost immediately after the shrubs are planted, conservationists point out. These shrubs will afford protective cover to wildlife and, after their first bearing seasons, large quantities of food will be made available in berries, seeds and "salads."

As the planting of the shelter belt progresses, efforts are to be made to get landowners and states to "criss-cross" between the north and south strips with shelter belts running east and west at whatever intervals thought to be best, probably a mile, or less, depending on local factors. These east and west belts will connect with the north and south strips of the main shelter belt, and break the north and south winds. The main shelter belt is designed to break the prevailing winds, mostly west to east, and to hold snow and rainfall. Wind velocity is cut down 25 to 40 per cent by shelter belts, and practically all of the water of melting snow is held by the forest floor humus of shelter belts, experts declare.

"Water conservation, prevention of soil erosion, and the interests of wildlife will be given the utmost consideration in the plans," Mr. Zon said. "We are cooperating with the U. S. Bureau of Biological Survey, plant bureaus and others to assure the greatest proficiency in that part of our plans to protect and restore wildlife," he concluded.

Weird Eastern Country Seems Another Sphere

The name, Mountains of the Moon, is believed to have arisen from a mistaken translation from Arabic; but it has fitted well into the atmosphere of mystery that has surrounded Ruwenzori for centuries; and it has a figurative justification because of the weird appearance of the mountain slopes. The relatively few white men who have made the arduous climb have all noted the impression that they had blundered into some alien world. The combination of excessive moisture, altitude and equatorial sun has produced a unique vegetation that in many ways is utterly fantastic.

After emerging from the dense tropical forests of the lower slopes, a climber feels like a Lilliputian visiting the meadows of Brobdingnag. He walks among parsley plants, nine feet high, "bird-seed" three times his height, and heather plants, relatives of the low Scottish shrub, that have expanded into great trees 70 and 80 feet tall. To add to the weirdness, colored mosses—brown, yellow, green, white and red—are all about underfoot and overhead. They grow in huge cushions that encircle the limbs of the heath trees like giant mushrooms impaled on a skewer. The unearthly appearance is heightened usually by fog, through which the strange growths loom dimly; and there is a continual drip of water from limbs and moss clumps.—Montreal Family Herald.

Woman's Building At State Fair Will Be Popular

COLUMBUS (Special)—Seeing a dress cut, fit, made and put on a model all in less than an hour is one of the features women visitors to the Ohio State Fair, at Columbus, August 27 to September 1, will enjoy at the style show and clinic in the popular Women's Building.

An exhibit of pictures of many outstanding artists also will be a feature.

There will be forty paintings selected from the annual May show in Cleveland, forty selected from the annual show of the Columbus Art League, forty from the Toledo annual, and sixty from the Men's Art Club and Women's Art Club exhibits in Cincinnati. Many of these pictures were prize winners in the local shows. Akron, Athens, Dayton, Delaware, Lima, Youngstown and Yellow Springs will be represented with from one to a dozen or more paintings.

An exhibit of the arts and crafts of Finland will do honor to that little country that stands so high in our esteem. At the present time Finland remains the only foreign government which has met all payments on its indebtedness to the United States punctually and in full. We are happy and proud to give its handiwork a place. Their crafts include exquisite hand-woven rugs, linens, woolens and woodcarving, all bearing the fascinating colors of the Baltic art.

A large display of mountaineer crafts are to be offered for display and sale. These hand-made articles have a universal appeal and we can promise you that you will find much of interest to you in their baskets, dolls, textiles, woodcarving, small pottery, pewter, brooms, and so on—articles too numerous to mention.

The interest in knitting is at white heat these days, nearly every woman finds that she needs a knitted dress in her wardrobe. There will be a display of yarns and all sorts of knitted garments, Afghans and accessories. A competent and experienced woman will be in charge to answer all your questions and help you to get started on your knitting project. This demonstration will be a great attraction to the women of the State.

Hold Food Show At State Fair

COLUMBUS (Special)—For the first time in its history the State of Ohio will hold a Food Show in connection with the Ohio State Fair, the 84th showing of which opens in Columbus August 27 and continues through Sept. 1.

Food manufacturers and distributors from all part of the country have already reserved space, and the show promises to be one of the best of its kind, according to Charles M. Beer, State Fair Manager.

The LOOKOUT

By J. N. WOLFE

THE BASEBALL SEASON

The Hilltop's baseball season, which centers around activities in the Church League and the Merchant's circuit, is practically over. So far as the church loop is concerned, it may be said that there is much to be done. The closeness of the race through both rounds provided excellent entertainment for several hundred fans through most of the summer months, and no similar circuit in the city can boast of a stronger set of teams. The Hilltop Church League, all in all, is in a class by itself.

Still, distant rumblings can be heard. There are, and were last year, a number of players — too great a number of players—who are and were not eligible to compete under regulations set down by the recreation department. Too many players have never attended the churches they were supposed to represent as many as three times. According to the rules, the minimum for the summer is 10. And the violation of this rule is widespread.

And we say, there are rumblings against the situation. And the objections are coming from the proper sources—officials of the various churches. It is time that they took a hand, for all blame cannot be placed on the shoulders of the participating players. Those who permit such flagrant violations of regulations are as much at fault. The present situation will soon reach that place where a cure, instead of a preventative is needed. It will work a hardship on the circuit. Action immediately is necessary.

Each church supporting athletic teams should have interested officials at the meetings of the league. These officials should be organized and operate for the betterment of sport within the league. This organization should not only encourage sports in respective churches but also seek adherence to rules which it might set up. Such a committee, cooperating with the president of the league, could handle matters of discipline and protests which arise. And such a committee need not lower the calibre of play or the quality of players.

An opportunity will be forthcoming in the near future for the organization of such a committee. It is hoped that those who have found fault with the present set-up will lend a bit of their time and energy toward the establishment of a more ideal arrangement—between players and sponsors.

Walter Thompson, 12 year old son of Mr. and Mrs. Clifford Thompson, 41 N. Wheatland Ave., underwent an operation for appendicitis Saturday, Aug. 25 in University hospital.

Boyer's Hit Wins Church Title For Hoge Memorial

Loquacious First Sacker Paces Mates to 4 to 3 Victory Over Westgate In Fast Game.

Hoge Memorial Presbyterian won the Hilltop Church League championship Monday evening at Westgate Park by defeating Westgate Evangelical 4 to 3 in a game that was played in 45 minutes.

Before a meager crowd, and under threatening skies, two great defensive teams fought out a fast battle, which, taking on momentum as it progressed, ended in a blazing ninth-inning rally on the part of the Presbyterians.

Boyer Hits

After one was away, two screaming hits placed men on second and third for the Presbyterians. Boyer, talkative first sacker, then drove a double to right, his fourth hit, and when Jividen's throw bounced past Casey, two runs scored. Hoge took a 4 to 2 lead when Keating cracked out another blow.

Westgate attempted to rally in the ninth when Todd hit after one was out, but after another died and Charlie Casey had singled Todd in, Mawhirter fouled to Holycross to end the game.

Friday evening, the Blue all stars defeated the Reds, 9 to 7, at Westgate Park, the winners hitting hard to drive Reese from the mound with a rally late in the game.

Spectacular fielding on the part of Myers and Leach on the infield and Fulton and Toy in the outfield featured the defensive play for the winners. Kent, who pitched seven-hit ball against the Blue sluggers was the offensive star for both squads, the speedy one hammering out a trio of wallops, all with mates on the baseocks.

Reese's hurling, until the fatal eighth, along with the defensive play of Davis and Thornton, stood out for the losers. The game, a see-saw affair, which saw the lead change hands four times, was witnessed by a good crowd.

84 Candidates Heed Grid Call

First Cowboy Football Rehearsal Gets Under Way Monday; 60 Get Uniforms.

The 1934 Cowboy gridiron season got under way Monday morning at West High school when 84 candidates answered Coach Harold Wise's initial call. The first workout was held Monday afternoon, under the direction of the head mentor, Claude Chrisman and Woody Wills.

Of the 84 reporting, 60 received equipment, the remainder reporting without the necessary birth certificates, the lack of which on the part of one man last year cost the local contingent a championship. The total number of aspirants was expected to reach 100 with the opening of school next Tuesday.

Woodrow Wills, former Cowboy star and all-Ohio quarterback from Ohio university last year, will assist with the conditioning of the lads for the next two weeks, at which time he will leave for Athens to take up grid activity there.

Two practices daily was the schedule through this week, with an early morning session at 7 o'clock on tap for tomorrow. Two workouts will probably be held Monday, and with the opening of classes Tuesday, one each afternoon.

The first "game of the season will be played one week from tomorrow between the Reds and the Grays on the local lot.

To Assist

Woodrow (Woody) Wills

Wills, who last year was named All-Ohio quarterback, will assist Coach Harold E. Wise at West during football rehearsals through next week. He will return to Athens at that time to begin drills for the coming gridiron campaign of Ohio university.

Rev. C. D. Osborn Called to Bucyrus

Pastor of Westgate Evangelical Church to Leave Next Week; Rev. Davis to Succeed.

Announcement was made Monday that Rev. C. D. Osborn, pastor of the Westgate Evangelical church on South Powell avenue, had been assigned to a new charge at Bucyrus, O. He will be succeeded here by Rev. S. S. Davis, according to assignments released by the Ohio conference of Evangelical churches, in session at Cleveland last week.

Rev. Osborn and family will leave next week for Bucyrus and Rev. Davis, who was pastor of the Madison Avenue church at Akron, will conduct his first service here Sept. 9. His only other visit to Columbus was three years ago when he conducted a two-week revival meeting here.

Rev. Osborn has been pastor of Westgate church since 1927, when the congregation met in a storeroom between Powell and Chase avenues on Broad street. The membership at that time numbered 32.

In 1928 the present parsonage was constructed, to be followed in 1930 by the present church edifice. The membership has grown to a total of 121.

While here Rev. Osborn was also active in community affairs, singing in the champion Business Men's Male Chorus, serving two terms as secretary of the Hilltop Ministerial association and also two terms as first vice president of the West Broad Parent-Teacher association.

He will be pastor of the First church in Bucyrus having a membership of 350.

Friday Night Bowling League Reorganizes

The Hilltop Bowling League, rolling games on Friday evenings, named L. A. Persons, 338 N. Burgess Ave., president at a meeting held last Friday. Tommy Crompton is the loop's secretary and Kip Selinch, treasurer. The league was reorganized with eight teams of five men whereas the past two years only three men have been bowling on a team.

The season will get under way next week at the local alleys.

Local Men to Attend Lutheran Meetings

Rev. H. E. Koch, pastor of the St. John Lutheran church and L. O. Pearch, 25 N. Burgess Ave., will be among the 300 pastors and lay delegates attending the fourth annual convention of the Ohio District of the American Lutheran church to be held Tuesday, Sept. 4, through Friday, Sept. 7, at Trinity church in Circleville, O.

Rev. Julius Bodensieck, 165 Binns Blvd., will address the convention on "The Opportunity and Duty of the Church in the Present Readjustment Period."

Classes to Begin At Local Schools Tuesday Morning

Five Hilltop Public Schools to Open Doors As Fall Semester Gets Under Way.

Five Hilltop Public schools, the West Broad, Highland and John Burroughs elementary, and West junior and senior high schools, will open their doors Tuesday morning for the beginning of classes of the fall semester.

Two parochial schools on the Hilltop, St. Aloysius and St. Mary Magdalene, will also resume classes Tuesday morning.

Miss Marie Gugle, in charge of the district of which the Hilltop sector is a part, is away on a vacation and consequently no official information concerning the various faculties is available. There will be few, if any changes to be noted in the teaching staffs, however.

Although school officials are of the opinion that attendance in Columbus schools has reached its peak, a decided drop in numbers on the Hilltop would still find crowded conditions existing, especially at West Jr. and Sr. High and West Broad elementary.

Attendance, which has been on a rapid increase here since 1931, was expected to fall slightly this year. The peak was reached last September when approximately 6700 students were enrolled, as compared to the 6017 in 1932 and 6601 in 1931.

According to the new owner the store will continue to operate as heretofor with no changes being planned.

Marvin Millikin will retire from the business he has assisted in operating for the past 32 years.

Rev. Drumm, a former pastor, preached the morning sermon. This was the boyhood home of Dr. C. E. Turley, present pastor of Central M. E. church and a former pastor of the Glenwood M. E. church. Rev. Drumm is pastor emeritus of Glenwood. Rev. Turley conducted the afternoon services.

What Honesty!

Twenty Cents Sent to Local Business Man for Items Purchased 13 Yrs. Ago.

Alas and alack and alaska, too much honesty prevails in the community.

Diogenes, who sought so ardently for an honest man lived centuries too soon. The Hilltop has three.

Monday morning, P. E. Todd, whose drug store is located on Broad street opposite Eldon avenue, received a letter and two dimes from a man who said that 13 years ago he had procured some items at Todd's store without paying, and the 20 cents would settle the account.

But alas and alack and alaska—Mr. Todd returned the 20 cents with the information that he had been in business through only 12 years — and couldn't possibly have a customer who owed him for longer than that.

And Carl Sherburn, whose grocery store is located at Terrace and Olive streets, gets intermittently via post, a dollar bill—from a man who remains anonymous because he is ashamed of the length of time his account has run. When it's paid, he'll 'fess up.

Alas, alack and alaska!

WAYS TO COOK FRESH GREEN VEGETABLES

It's a pity to spoil the appearance and flavor of the wealth of green vegetables that fill the market in summer by poor cooking. There are a few simple rules to observe to obtain the best results in their preparation. Cook all green leafy vegetables quickly in boiling water. Cabbage and brussels sprouts should be cooked uncovered. Remove all vegetables from the fire as soon as they are tender. Utilize some of the following methods of preparing familiar vegetables and you will appreciate anew their fine flavor and texture.

Diet Greens and Beets

Use beets about the size of walnuts. Cook beets and greens separately and season well with butter, salt and pepper, also lemon juice if desired. Pack greens in a bowl and keep hot. Skin the cooked beets and season with butter, salt and pepper. Place the bowl of greens upside down on a serving plate. Remove the bowl and shape the greens to a smooth round. Surround with a ring of beets and serve hot.

Broccoli with Mock Hollandaise Sauce

To prepare broccoli—soak broccoli 15 minutes in 1 quart of water to which 1 tablespoon of vinegar and 1 teaspoon of salt is added to remove dirt and insects. Cook whole, heads up, in boiling water in an uncovered kettle 7 minutes or until tender.

Mock Hollandaise Sauce

1 tablespoon butter
2 tablespoons flour
¾ cup evaporated milk
½ teaspoon salt
⅛ teaspoon pepper
Few grains of cayenne
2 egg yolks
½ cup butter
1 tablespoon lemon juice

Prepare a white sauce of butter, flour, evaporated milk, salt and pepper. Stir in beaten yolks after sauce is cooked. Add the ½ cup butter bit by bit, then the lemon juice. This is sufficient sauce for 6 servings of broccoli.

Casserole of Green Peas and Asparagus

4 slices bacon diced
2 cups of well-seasoned white sauce
1½ cups fresh cooked asparagus
1½ cups fresh cooked peas
4 cups seasoned mashed potatoes.

Brown the bacon in a skillet. Prepare the white sauce. In a greased casserole arrange in alternate layers the peas and asparagus. Add the browned bacon and 2 tablespoons of the fat to the white sauce and pour it over the vegetables. Cover the top with the potatoes and bake in a hot oven for 30 minutes.

Mashed Cucumbers

This vegetable, like squash is delicious if mashed. Select 6 ripe cucumbers, 1 onion, have ready 4 tablespoons of butter, salt and pepper for seasoning and a bay leaf. Peel the cucumbers and cut in large pieces, put in an enameled saucepan with a few tablespoons of hot water, add the onion and bay leaf, cover and simmer until the cucumbers are tender. Remove the onion and bay leaf, mash the cucumbers, season add add the melted butter. Serve hot.

Baked Stuffed Eggplant

Plunge a large firm eggplant into boiling water. Boil rapidly 5 or 10 minutes; halve and scoop out meaty section, keeping the shells intact. Mash pulp well, shred small onion and brown it in butter; add eggplant pulp, one scant cup of soft bread crumbs, 1 egg well beaten and mixed with ½ cup of milk, salt, pepper, paprika and nutmeg to taste. Brown delicately. Place shells in baking pan, fill with the browned mixture. Sprinkle with bread crumbs, chopped parsley and grated cheese and bake until surface is nicely crisped.

Spinach Baked in Cheese Sauce

1 pound spinach
2 tablespoons butter
2 tablespoons flour
1 cup milk
¼ pound soft flaked cheese
½ teaspoon salt
½ cup buttered bread crumbs
Slices of crisp bacon.

Heat, stir and cook for about 2 minutes. Make sauce of fat, flour, salt and milk. Add the flaked cheese and stir until cheese melts. Mix sauce with spinach. Pour into a medium size baking dish, cover with the buttered crumbs and bake until the crumbs are brown. Lay the crisp bacon over the top and serve.

John C. Reed Dies Monday In Florida

John C. Reed, aged 57, succumbed Monday, Aug. 27, at Tampa, Fla., from the effects of acute indigestion, it was learned this week. Mr. Reed, a painter and decorator, had been a resident of the Hilltop for the past 12 years, residing at 236 Midland Ave.

Funeral services were to be held this afternoon at 2 o'clock from the home of his daughter, Mrs. A. E. Bachman, 150 S. Warren Ave. Interment will be in Union cemetery.

He is survived also by his widow, Flora T. Reed, and two sons, William of Mansfield and Bert of Bridgeport; six grandchildren, two sisters and one brother.

Mrs. Busick, Ill for Last Three Years, Succumbs

Funeral services for Mrs. Dora L. Busick, aged 68, of 47 N. Wayne Ave., who succumbed at her home Tuesday following an illness of three years, were held Thursday, Aug. 30, by C. J. Kohn with burial in Mt. Sterling, O.

She is survived by one daughter, Miss Velma Busick, and two brothers, George H. and John Spangler.

Don't Pick Up Wild Babies; Many Die In Captivity

Reports are reaching the American Game association that vacationists are picking up fawns, baby squirrels, rabbits, birds and other babies of the wild and taking them home with them. In most states this practice is strictly against the law and one can be prosecuted for having wildlife in possession without license, the association points out. Most of the people who capture these helpless babies believe they are doing a kindness; for they find them apparently abandoned. They are not. They have been left in hiding by parents out foraging for food for them, and, like human babies, disobey and begin wandering about. The parents will find them upon return to the hiding places and take care of them far better than any human can, no matter how kind hearted. Many of these babies die because they cannot stand captivity or for the want of elements contained in wild foods. So, if one would really be kind to the babies, leave them alone.

Bantamweights to Meet Today

Woody Owen, Homer Beachler to Coach Squad This Year; Only Two Regulars Back.

The Hilltop Bantamweight football team, with but two regulars from last year's title contenders eligible for play, will meet for their first rehearsal today at John Burroughs school at 1 o'clock.

The team will be coached this year by Woody Owen and Homer Beachler, who hope to again have a strong squad in the league. Holland and Waldo are the regulars back, with Hill, a reserve, also available for line duty. Backfield positions are yet unfilled, with Ankrum and Arbenta, reserves last fall, being available.

Players who have not reached their seventeenth birthday prior to Sept. 1 are eligible, provided they scale 118 pounds or under. All players measuring up to these requirements are invited to report for tryouts.

Darkness Makes Plants Groggy

When night comes, plants go to sleep, says Popular Mechanics Magazine. That is, in the sense that during darkness one of the principal life activities of all plants is suspended, that of manufacturing starches and sugars from water and carbon dioxide. All plant life, with the exception of certain lower forms, is dependent upon sunlight for growth. The green coloring matter of the plant, chlorophyl, is able in some mysterious manner to utilize the radiant energy of the sunshine in the formation of raw materials for the plant's growth. The carbon dioxide of the air and the moisture from the soil, plus sunshine, are the basic materials from which all vegetables, trees, fruits and flowers of the world are fabricated. When nature turns off the sunlight each day, the process, called photosynthesis, stops. The sunlight factory closes up. In this respect the plant may be said to sleep, although the substances made during the day are used during the night by various parts of the plant.

Kent's Win Over Gearhart's, 13-6

Merchant Loop In Three-Way Tie; Play-off For Second Round Title Next Week.

As a result of Gearhart's 13 to 6 defeat at the hands of Kent's Food Market Wednesday evening, the Hilltop Merchant League race closed with three teams, Kent's Gearhart's and Hamilton's tied for first place.

A four-way was missed when Paley's Drugs hammered out a 13 to 2 win over Painter's, eliminating the grocerymen from the play-off.

Following the elimination of two teams, the second round winners and Hamilton's, champs of the first round, will meet in a game at Neil Park under the lights for the Hilltop championship.

In the other game Wednesday, Derby defeated Broad-Hague, 13-4.

Dodgers Cop Two From Greenfield, O., All-Stars

With Kent and Reese doing the hurling for the Hilltop Dodgers last Sunday, Greenfield's All-Stars were taken into camp in a double header played at Greenfield by scores of 11 to 5 and 9 to 2.

In the first game, Sam Toy was the local offensive satellite, pounding out five of his team's 16 hits. In the second fracas, Bill Reese's hurling featured the all stars being limited to five safe blows, one a homer in the ninth by Mel Shaw. Preston and Boyd played well afield.

Drought Helps and Harms Wildlife In Different Regions

Drought conditions have helped or harmed wildlife in practically every state, according to reports reaching the American Game association. Where the conditions have been extreme, as in the Mid-West, far more suffering has been recorded than benefits, but in the lesser effected regions greater benefit than harm is observed.

The dry spring season benefitted to a great extent the widespread family of quails, particularly the Bobwhite. Throughout the Bobwhite range, which embraces nearly every state, reports declare than unusually large crop has been raised this year. Bob gets his principal water supply from dew on grass and it is believed that an exceptionally large crop will mature shortly. The dry spring was beneficial to this game bird in that one of the largest tolls taken of the youngsters is from inclement weather or "wet weather kill" as sportsmen term it.

Pheasants, Grouse, Prairie Chickens, wild turkeys, and other upland game fared well except in the extreme conditions where practically all cover and food was destroyed. This area is confined largely to the Dakotas and parts of nearby states, according to reports.

Waterfowl, however, suffered severely in their western breeding ranges. Lakes, sloughs and even rivers dried up, leaving the scant hatch without water, a necessity for these birds. Only about 15 to 20 per cent of the annual duck crop is now bred in the United States. Eastern breeding ranges, principally that of the Black Duck, are reported about normal.

Western deer and other grazing and browsing animals are believed to have suffered to a great extent, though little information has been procured on their condition because of the vast areas and remoteness of their ranges. Cattle famished or starved to death on some of the same ranges inhabited by deer. Cattle, however, were fenced and confined. The same fences do not confine the high jumping deer. This allowed the deer a better chance to seek water or to obtain browse and forage not accessible to cattle, conservationists point out.

99% Of Forest Fires Started By Man

Lightning strikes a tree and starts a forest fire, and for every forest fire started thusly by nature, man starts 99, according to records, a bulletin of the American Game association declares. And fires started by human agents are always more destructive because those in frequent fires started by lightning are mostly started during storms and do not spread far in the rain before they are put out by fire fighters. Be ever careful of fire, particularly out of doors, the association urges.

"Pickle" Robbed of Value

The Department of Agriculture's bureau of home economics says that the term "pickle" is applied to a wide variety of products, so it is not possible to make any general statement as to the food value of all of them. In most cases some of the vitamin content, if not all, is lost during the pickling process. The amount that is retained will depend upon the process, the extent to which there has been loss by solution and the length of time the pickle is held. There is very definite evidence that there is a slow loss of vitamin C in any product put down in salt, due to oxidation. The loss of ash constituents is largely dependent upon the extent to which the juices have been drained off or the brine has been soaked out.

The LOOKOUT

By J. N. WOLFE

WEST HIGH FOOTBALL

At the present writing West High's 1934 football outlook gives no indication of the squad placing higher than third and perhaps, no lower than fourth. Wise-coached teams are not second division outfits, whatever the weather.

But as we make the prediction we are careful to stipulate that a title contender is not out of the question. We are merely of the opinion that the loss of close games will place the Cowboys, in the cold figures of the standings, in the show position. They may be higher.

The loss of 15 good lettermen is a keen one. Men of the size and ability of Deshler, Michaelis, Boye, Mathews, Richards, Jividen, Beachler, and Kellar are not to be replaced by a coach's prayer. They will be replaced, however, in time, and perhaps a year hence, great things can be expected from West on the gridiron.

It is true that green teams sometimes blossom prematurely. If football teams can be said to flower, then we know of no better horticulturists in the local circuit than Messrs. Wise and Chrisman. Already they have a squad of hopefuls chattering enthusiastically, working hard, working together. Such spirit will go far toward making the thorny road ahead less difficult.

But I am warning the wolves that howl. West's team will be a green one; it will be a light one; but it will be a fighting team. It will be a team to be enthusiastic over, until the undefeated meet defeat, which is certain. Then the wolves must remember.

But one need not be indignant over the howling. It has diminished perceptibly of recent years. The Hilltop has supported West High athletics unstintingly.

Internally, however, decay has apparently set in. What "school spirit" there has been at West for the past three years has been because of the teams, not in spite of them. A single pep meeting (before the East game) of an organized nature, featured last year's campaign. Lunch hour cheering is a hap-hazard way of doing things, and hap-hazard habits are not the choicest things to cultivate.

West High school needs a fuller, richer school spirit. Not the rowdy variety, the ribaldry, the nonsense that has too often in the past been labeled school spirit. But a genuine pride in the institution, its faculty, its teams. In such environment, the business of learning becomes more pleasant and the fun of play more enjoyable.

I strolled with Pat Shrock, Greenfield newspaperman, through the two and one-half million dollar school plant at the Highland county city a few weeks back. And after 10 years, no tell-tale carvings marred the desks; no walls and furniture bore the pencilled art of the idle and thoughtless; no marks of scuffling feet showed at the bases of the hall walls; no shrubbery was up-rooted or destroyed by careless hands. I visualized a student body proud of the institution wherein its hands were trained and its mind enriched. Unconsciously I thought, too, of West High.

West High students, West High teachers, Hilltop residents, all need to be interested in West High. And if a championship football team can cultivate that interest, manifested in the school by the development and operation of a school spirit, then glory be to football. But a championship football team is no more capable of being encouraged by a body of students waving banners and munching hamburgers than is a scholar who listens to a lecture from a man too ill to talk and think. Interest! Organization! Effort! These are the steps to School Spirit.

A worth-while attitude, once started, would and should prevail, whether the teams win or lose. And in such circumstances, the teams would win their share of victories. But the student body must be guided from within. The Community, the Student Body,—and the Faculty, then, are responsible for West High's efficiency standing—in football or scholarship. It should be a monument!

Hymn Service

The evening services at the Hilltop Church of Christ Sunday, Sept. 9, will be devoted to congregational hymn singing and special numbers by the choir.

Cowboys In Hard Workouts As First Battle Approaches

Red-Gray Game to Unofficially Inaugurate Campaign At Local Field Tomorrow.

With an enthusiasm that is intoxicating, West High's gridiron aspirants after two strenuous weeks of drill, are fast rounding into shape and with the first game but one week hence, another hard week is in prospect as Coaches Wise and Chrisman mold the squad into a cohesive unit.

Squad Cut to 60

Already, 20 of the original 84 candidates have been checked from the list, and all but a half dozen of the additional 24 who reported Tuesday when school opened are no more.

Wise appeared well pleased with the aggregation of players remaining, although not sure as to whom will fill the wide open spaces in the line and backfield left by graduation of 15 seniors this past June.

Red-Gray Game Tomorrow

Continued fair and cool weather, however, will enable the Cowboy mentor to make some vital decisions this week, especially after the annual Red-Gray battle tomorrow on the local turf. No line-ups have been announced for the game, and it is probable that the entire squad will see some action during the afternoon's play.

Indications are at present that the bigger the team on the field, the greener it will be. Prfetically all of the heftier candidates are sophomores and several show prospects of having a bright future.

Merchant Loop Title At Stake

Winner of Tonight's Battle At Westgate Park to Clash With Hamilton's At Neil Park.

The championship of the Hilltop Merchant's League will be played off at Neil Park under the incandescents provided the winner of tonight's game is either Gearhart's Hardware or Kent's Food Market. The game this evening will decide the champion of the second round fight. Hamilton's Gas copped the first round bunting.

Wednesday evening, Kent Food Market was eliminated from the running for second round championship honors when Hamilton Gas took advantage of loose fielding on the part of the losers and hit timely to win 8 to 5.

Reese, for the third time in as many starts out-buried Sunker, ace Gasser, but seven errors behind him, five of which were converted into runs, caused the defeat.

Earl Boyer's four blows in five times to the kittery was the offensive feature of the battle with defensive honors also going to the "modest" first sacker, with several sparkling plays at the first station.

Tonight, Hamilton's and Gearharts will hook up for the second round title on Westgate No. 1.

Linden Garden Club To Have Flower Show

An invitation was extended this week by officials of the Linden Garden club to Hilltoppers who desire to enter displays in the annual Flower Show sponsored by the organization, to be held this year, Sept. 13 and 14.

Local residents wishing information may obtain the same from Floyd B. Chapman, 1944 Denune Ave. More than 100 prizes are being offered and many classes are featured.

False Alarm

Firemen were called to the alarm box at the corner of Steele and Powell avenues Wednesday afternoon in answer to a false fire report. The name of the person turning in the alarm was not learned by police.

Illustrated Lecture

Rev. H. E. Koch, pastor of the St. John Lutheran church, will address the Brotherhood of that church Tuesday evening, Sept. 11, on his recent trip to Yellowstone National Park. The talk will be illustrated.

Resume 10:30 Services

Morning worship services at the St. John Lutheran church at Hague avenue and Broad street, will be held at 10:30 o'clock beginning Sunday morning. The 8 o'clock services will be discontinued at that time.

To Keep Playgrounds Open Until Sept. 27th

Three local playgrounds, Westgate, Holton and Glenwood, with other city recreation centers, will remain open through Sept. 27, it was announced by the City Recreation department this week.

Parks have been closed in the past with the opening of school, but with the availability of F.E.R.A. funds, an opportunity to keep a great number of people at work will be taken advantage of.

Local Pastors At Annual Conference

Rev. L. W. Green and Rev. A. Ward Clutch At Annual Meeting At Circleville.

The Southeast Ohio Conference of the United Brethren church is in session this week at Circleville, O., with two local pastors in attendance. The conference is celebrating the Centennial Anniversary of the establishment of "The Telescope," official United Brethren paper, which was first published in 1834 at Circleville.

The two Hilltop preachers are affected by action of this conference: Rev. A. W. Clutch of the Burgess Avenue church and Rev. L. W. Green of the Hilltonia church.

Rev. Clutch is the secretary of the Conference Board of Trustees, and as such will make his annual report to the conference. He also will address the conference on Saturday evening on the theme: "Conserving and Developing the Converts." It is not known what changes in pastorates of the Hilltop church will be made by the conference, but the report of the stationing committee will be made next Sunday at the closing session of the conference.

Business Men In Initial Meeting

First Fall Session Slated For Next Thursday Night At Matsonia; Mahaffey to Speak.

The Hilltop Business Men's association, reopening fall activities, will convene next Thursday evening, Sept. 13, at the Matsonia, it was announced this week by Floyd Green, president. Due to a conflict of meetings, the last group will meet on Thursday instead of Tuesday as previously announced.

Hon. Judge E. V. Mahaffey will be the speaker of the evening, according to the announcement and the business session at 7:30 o'clock will be preceded by a dinner at 6:30.

Plans for fall and winter activities will be made at the business meeting and a good attendance is desired.

The male chorus will begin its fall rehearsals within the next two weeks, according to C. H. Campbell, secretary of the group.

Official Count

The official count in the recent primaries for Republican committeeman of the Eleventh Ward gave Williams 1008 and Bellar 994.

LOCAL PASTOR IS BRIDEGROOM

Hillcrest Leader Returns from Vacation Thursday; Married Saturday.

Rev. S. Talmadge Magann, pastor of the Hillcrest Baptist church, returned yesterday from a month's vacation which culminated last Saturday in his marriage at Lexington, Va. Rev. Magann will occupy the Hillcrest pulpit at regular services Sunday.

Mrs. Magann, the former Miss Stella Lotts of Troutsville, Va., is the daughter of Mrs. Laura Lotts of Natural Bridge, Va. The couple will reside at 167 S. Harris Ave.

Dies In City Prison

Charles J. Vinecourt, 48, of 1706 McKinley Ave., who was arrested Monday morning, Sept. 3, in the 1300 block of West Broad street and charged with drunkenness, died early today in his cell at city prison. Coroner E. E. Smith was to examine the body to determine cause of death.

To Install Potentate

Charles Apel, 50 N. Warren Ave., was named potentate of the A. A. P. O. at a recent meeting of the organization. Installation ceremonies will be held at Lancaster, O., Tuesday evening, Sept. 11.

Track Removal to Be Long Delayed Says City Attorney

Complaint to Be Registered With Public Utilities Commission This Week By Council.

The removal of the Cincinnati and Lake Erie Interurban Company's cars from city streets may be a long way in the offing according to an opinion of City Attorney John Davies who appeared before council at the opening fall session of the group Monday evening.

The case must be presented to the Public Utilities Commission, according to Davies, who stated at the same time that the chances of winning were very small.

According to state laws, a public utility corporation such as the C. L. & E. can neither quit the operation of cars on city property or be forced to quit without the permission of the utilities commission.

Even then, it was pointed out, the case may be taken to the Supreme Court of Ohio, where final ruling is registered.

According to council's resolution prior to the summer recess, the complaint will be presented to the commission today. What action may be taken by the body, and when it will be taken, is not known. Regardless of the decision, however, the loser will probably take the case to the state's highest tribunal for final settlement.

Termites Destroy Building of Local Grocer's Store

Millions and millions of termites, or white ants, are swiftly destroying the interior of the brick building that heretofor has housed the grocery store of Denver Painter at 2490 Sullivant Ave.

Bit by bit, the wood-eating creatures are riddling the structure and as a result the building is to be condemned and Painter's No. 3 grocery will move to safer quarters at Livingston avenue and Lockbourne road, it was announced this week.

The work of the silent destroyers has been going on about three months, it was reported.

The termites, which eat the wood, do not actually gain life-giving energy from the substance directly. In the digestive tract of the ants are microscopic organisms which work on the humanly unpalatable wood, breaking it down into substances, some of which may be utilized by the animal for food and energy.

Attendance At Hilltop Schools to Break All Records, Opening Day Figures Show; Few Staff Changes

West Jr. Shows Largest Increase; Slight Increase Noted At Elementary and Parochial Schools; Three New Teachers Added.

That attendance records for Hilltop schools, public and parochial, will be broken by the time regular routine is established early next week was indicated Tuesday when opening day figures approached the high mark of 6686 set on the first day of school last year.

With rainy weather prevailing, many elementary registrations were delayed until Wednesday and all principals indicated that further enrollment would be made through the remainder of the week.

West Jr. High

First day attendance in the local schools surpassed the 6650 mark, with West Jr. High showing the greatest increase, 1271 being enrolled, 50 more than last September. John Burroughs with a registration of 1171, had an increase of 50, but the two other elementary schools recorded slight decreases, as did Hilltonia elementary, the latter dropping from 91 to 80. At West Broad, 751 were reported Tuesday noon, with the number being expected to exceed 800 before the day was out. At Highland Avenue, 579 were enrolled, and it was thought that the total would approach that of last year before Friday of this week.

At Starling Jr. High, 1102 were in attendance, an increase of 62 over last September.

A slight increase was noted in the enrollment at the two parochial schools, 423 registering at St. Aloysius and 140 at St. Mary Magdalene. The former school was expected to show an attendance of 440 before Friday. St. Mary's opened classes Wednesday morning, a day later than the rest of the schools.

Few New Instructors

Three vacancies at John Burroughs will be filled with the only new instructors to be reported on the Hilltop. Mrs. Georgia Buckingham, second grade teacher, and Mrs. Margaret Boker, fifth grade teacher, both from the substitute list, will probably remain through the semester. One other teacher will be named soon, it was indicated.

Three teachers from last year's staff will not be present this year. They are: Miss Maxine Seeds, second grade; Mrs. Lola Thomas, third grade; and Miss Loretta Burns, second grade.

Mrs. Blackstone Back

Mrs. Margaret Blackstone, 2-A teacher at Highland Avenue Elementary, returned Tuesday after a two-year leave of absence. She will replace her substitute, Mrs. Frances Bowie, who taught there last year.

At West Broad Street Elementary, last year's staff will remain intact, with Mrs. Mabel McKellar's return to duty. She is at present confined to her home on account of illness.

Gomell Layman, mathematics instructor at West Jr. High last year, will not be back this semester, it was reported. No additions to the West Jr. faculty were announced, however. The senior high school staff and that of Starling Jr. High remain the same as of last year.

With the opening of classes Tuesday in the public schools came the announcement from the office of J. G. Collicott, superintendent of schools, that high school students would be permitted to take but four regular classes during the day. The remainder of the time will be utilized in the study halls.

It was thought that this would serve a two-fold purpose, that of improving scholarship and also reducing cost of school operation. No exceptions to the edict will be made, according to Collicott.

DODGERS RALLY TO BEAT MUSKETEERS

Overcome Nine-Run Lead to Win 12-9; Fulton and Holycross Hit Homers.

Overcoming a nine-run lead which Earl Boyer's Musketeers accumulated in the first three innings, the Hilltop Dodgers, paced by Paul Fulton, rallied with a vengeance and hammered out a 12 to 9 victory Tuesday evening at Westgate Park.

After going hitless for four frames, Paul Fulton broke the ice with a mighty four-base blast to left. From then on, behind the sterling relief throwing of Wolfe, who gave up but four passes and fire hits in four innings, the Dodgers rambled merrily. Fulton also contributed a two-base hit and a single. Reynolds and Boyd got two hits and Toy's triple drove in the winning run.

For the losers, Holycross hit a homer, his one-ply wallop rolling under a car in the street.

CHORUS NINE LOSES

The Hilltop Business Men's Male Chorus recreation ball team went down before a more experienced Thatcher Auditor nine last Friday evening at Westgate Park by a 14 to 11 score. Nichols and Currier hurled for the losers.

Cowboys In Hard Workouts As First Battle Approaches

Continued from Page One

Burr, Fuch at Wings

Present indications are that Burr and Fuch will be the men to beat out for the flank positions, with Stevenson leading the pack on their trail. At the tackle posts, Wylie, Hoffman and Randall have the inside track with Reese also showing well during recent workouts.

The guards to start the opening game one week hence at Coshocton will probably be chosen from the quartet of aspirants composed of Eckard, Ballard, Harold Gibson and Underwood.

Scrap On for Center

At the pivot position, a wild scramble is being made with Cooley and Ballenger having a slight edge at the present time. Other candidates who have appeared to be good material at various times include Highland, Larkin, Banks and John Mathews.

In the backfield, no quartet has been selected by Wise. Dick Francis, however, is almost a certainty to start, with a trio from Hunt, Graves, Blackmore and Rose rounding out the ball-toting department.

What! No Quarterback?

The hunt in the Cowboy stronghold is still on for a signal caller. None has been found. Likewise, a kicker is sorely needed. None has been found. The passing attack will be a flop unless a passer is located. None has been found.

There are, however, a number of aspirants who may blossom forth within the week. Included in this list are: Gibson, Hutton, Moyer, Brewer, Graschel, Redman, Maxwell, Jones, Mead, Simmons, Weller, Paschal, Coleman and Rocky Mathews.

The LOOKOUT

By J. N. WOLFE

FISHIN' VS. ANGLING

Went fishin' with Carl Hartley last week-end—370 miles north into Michigan. There were two other chaps at the same lake, but they weren't fishin'. They were anglers.

They carefully explained that their equipment had cost $130. We were supposed to infer from the information that they knew their stuff. But we were pretty sure they didn't, else they wouldn't have had to purchase so much parapharnalia to get the right kind. Carl told them that our tackle cost 30 cents.

They told us to fish for lake erie at the upper end of the lake. But we rowed the other way and caught 50 in four hours. They obligingly explained that cat-fish were very difficult to catch and would only bite on raw beef. They had caught nine the night before.

But we used fishin' worms and landed 20 and was abed by 11:30. We didn't even have rods—just strings with hooks on them. They had a vast array of poles.

And we weren't particular about the condition of the worms. Each worm baited three hooks and one-third of a worm was worth four fish once. With raw beef and an expensive array of gadgets, they caught two the same night.

Verily I say unto thee, whosoever hath little and fisheth judiciously, shall be an angler, but he who hath so much he knoweth not which bait to use, shall eat of bread alone all the days of his life. Cast ye therefor, thine fragment of fishin' worm into the water and it shall not return unto thee void; for the love of expensive gadgets is the root of all failure in fishin'.

Be ye also mindful that the day of reckoning is to come, and whosoever braggeth of celluloid bobbers, and hook-spangled trinkets, and feathery thing-a-ma-bobs, shall be classified among the goats. Go ye therefor, and take into thine hand a spade, and dig into the earth and fetch forth worms. For ye know that worms hath an attraction for fish abiding in them.

Carl Hartley whistles better than anyone I know. . . . Never saw Mrs. Kohn wearing a hat. . . . Mr. and Mrs. John Apel's living room is one of the most neatly furnished of any we've been in. . . . Add immaculate basements, too: The Apel cellar. . . . Wyatt Millikin has purchased a set of golf clubs. . . . Dr. Lose's office is flourishing a new secy. Name—Elizabeth. . . . Quotations we won't believe: "The kid (his little daughter) just keeps my back aching picking up after her." Geo. Hardy. . . . Ferne Mead—she's happy now that her name is here. . . . A young man on Broad St., wearing a polo hat and lugging a polo mallet and suit case, was thumbing a ride. From across the blvd., Jack Shank bellowed: "Hey thar, buddy, whar's yer horse?" . . . And that city girl at the recent O. S. fair, seeing a bull with a ring in its nose, queried of her friend: "Are they born that way?"

Phil Hazelbaker Hurt When Hit By Missile

Phil Hazelbaker, 313 S. Burgess Ave., sustained a severe cut above his left eye early Monday morning, Sept. 10, when a missile allegedly thrown from a group of passing school children, struck him as he was driving his car near his home.

The wound, which required several stitches, was treated at Mt. Carmel hospital, where he was taken in an unconscious condition. He is improving at his home.

Cowboys to Open Gridiron Season Versus Coshocton

Green Team to Inaugurate Campaign Against Strong Opposition; Line-up Not Certain.

West High's 1934 gridiron campaign will get under way tomorrow afternoon at 2:30 o'clock with Coshocton High furnishing the opposition on its home lot. The local contingent will leave for the enemy's stronghold at 8 o'clock Saturday morning, via bus, 36 making the trip, including managers and coaches.

Coshocton Is Tough

Win or lose, the Cowboys will find the going tough, with Coshocton's powerful team from last year not much damaged by graduation. The starting West eleven has not been announced by Coach Harold Wise, and as was indicated last Saturday on the Hilltop field, his choice will be extremely limited.

Dick Francis, who will call the signals, and Foch, an end, are the only sure starters, Coach Wise indicated this week. Ballenger or Walker will get the call at the center post with Cooley and Eckard being the right guard choices. At left guard, Dietrick and Underwood will both probably see action.

Hoffman to Start

Hoffman, another veteran, will probably get the call at one tackle post, with Randall also seeing some action. Wiley and Reese may get into the fray. Pairing with Foch at the other flank, will be Burr, Stevenson or Tiller.

Blackmore, Muxwell, Hunt, Graves, Rose, Redman and Moyer will all do battle before the afternoon is out in the ball toting department. Graves and Francis will do the kicking and passing, it was indicated, with Hunt also sharing some of the responsibility in the aerial game.

Grays Win, 12 to 6

In a game played on the local gridiron last Saturday, the grays defeated the reds, 12 to 6, if that makes any sense. Wise expressed himself as being well pleased with the performance, although play was ragged in places. Francis returned a kickoff for a touchdown for the game's feature.

Merchant Title Won By Gassers

Hamilton Entry Repeats First Round Performance By Downing Gearhart's Hdw., 4 to 3.

Repeating their performance of the first round in the Hilltop Merchants' soft ball league, Hamilton's Gas nine took the second round title Friday evening at Westgate Park by beating Gearhart's Hardware, 4 to 3.

Burwell's wildness cost the ball caters the ball game, the speed ball artist passing eight men. Marzluf, catcher for the winners, was the offensive star, driving in two runs with a timely double. Ripple, at second base, was the defensive satellite. Both teams registered a quartet of hits, but Sunker kept his well scattered and free tickets at a minimum.

The Gassers, managed by Frank Holyeross, lost but three games through both rounds, two to Kent's and one to Gearhart's. One of the Kent losses, however, was won via the protest route.

Glenn Hamilton, backer of the champions, will banquet the squad at his cottage on the Scioto River next Saturday evening.

Parent Night

Annual Parent Night will be featured at the Boy Scout meeting of Troop 181, Hillcrest Baptist church, Thursday, Sept. 20. Handicraft, first aid, roping, fire-by-friction exhibits will be on the program. Cub and Sea Scouts will also participate. Parents and friends of the troop are invited.

Evangelistic Meetings

Hunting Season Opens Tomorrow

With the crack of dawn tomorrow morning will begin the boom of guns that spells doom for squirrels throughout the state, for the open season on the bushy-tailed creatures will begin at sunrise then.

Local huntsmen by the score have made preparations for at least a day afield. According to local hardware dealers, hunting licenses are selling rapidly as is equipment and shells.

The squirrel season will close Oct. 1, and the limit per day for each hunter is four, according to regulations of the Ohio State Division of Conservation. Sale of game is unlawful.

Sunshine will be the Hilltopper's first opponent in the campaign, although several practice games will be played. The local contingent took a 13 to 0 decision from a team composed of last year's players, Tuesday evening of this week.

Blosch, Nelson and Cruise have done the best work in the ball toting department with Emery, Heiser, Marzluf and Wilgus showing well on the forward wall.

Plans for the year will be outlined by the officers of both groups and all young people are invited to attend these meetings.

"It's so easy to operate our Moore's Air-Tight Heater. It's easy to keep clean, too. The ashes aren't forever sifting out on the rug, and it surely saves me a lot of drudgery which was necessary with my old heater."

HERE'S THE REASON

Moore's Air-Tight Heaters are really air-tight. Pure virgin asbestos wicking makes all joints permanently tight. Ashpit door, door frame and draft slide are ground to a true fit, just like the pistons in a fine automobile, making draft control almost instantaneous and insuring cleanliness about the room. Aid For Building and Loans

The proposed regulation of building and loan associations by the federal government in providing for insurance of deposits up to $5000 which now awaits approval in Washington, together with the recent changes in Ohio building and loan laws, undoubtedly is a well evolved plan to place building and loans on a sound basis.

This new regulation guaranteeing deposits in building and loans will act in the same manner with these institutions as the bank regulations did with those institutions when the government passed legislation guaranteeing bank deposits. Establishing confidence in those institutions brought out money from safety deposit boxes, postal savings and hoarded places, and with confidence re-established in the building and loans it is only reasonable to suppose that these institutions will benefit from this confidence.

Besides giving the building and loans an opportunity to regain their rightful place in the financial world it offers a new hope to depositors, the construction industry and business in general, which is a necessary factor in industrial revival.

To meet the government's requirements for guaranteeing of deposits certain changes in the methods of doing business is demanded, one of which is the requirement that a building and loan can offer a certain rate of interest only "if earned." However, this feature is not unlike the present method of operation as far as most local institutions are concerned, in as much as they have always reserved the right to change their interest rate as business conditions changed.

Building and loan institutions of Columbus and Ohio will undoubtedly welcome the government plan of regulation for the guaranteeing of deposits.

First Dog Sheep Herder
The Old English sheep dog perhaps was the first dog ever trained to tend the shepherd's flocks. The present breed is supposed to be the direct descendant, without cross, from the original stock that ruled the pastures of England in the Nineteenth century. The herding instincts have become highly specialized and the great strength, muscular development and heavy coat fits it to withstand the most rigorous climates and most fatiguing work. This dog is of striking appearance with a long, shaggy coat of gray, blue or grizzle. Any semblance of brown is undesirable. The average shoulder height is about 22 inches, with the females running slightly under this. It is bob-tailed and contrary to general belief it is not born tailless, but the appendange is docked in infancy.

Americans' Greatest Battle
Over 1,200,000 American troops took part in the Meuse-Argonne offensive which lasted from September 26 to November 11, 1918. This battle has been described in an official government account as the greatest ever fought by American troops and as ranking with the greatest battles in the history of the world. Statistics show that the battle lasted 47 days, employing in the American attack 1,200,000 men, 2,417 guns, 4,214,000 rounds of ammunition, 840 airplanes, 324 tanks. One hundred fifty villages and towns were liberated, 16,059 prisoners taken, 468 artillery pieces and 2,864 machine guns were captured. The American casualties were 120,000.

Building Paper Copper Coated
Some of the durability and protective qualities of copper are incorporated in a building paper coated with a thin sheet of this metal. The paper consists of a double layer of asphalt in which are imbedded crossed fibers of sisal. The surfaces of this sheet are covered with a heavy paper and the thin sheet of copper made by the electro-deposit method, is then bonded to the paper. The product is flexible and can be substituted for sheet copper in many places.—Popular Mechanics Magazine.

FRAGMENT FROM THE RECORD

Abroad at 8, and the fine morning blanketed under a faultless blue sky, banked at the eastern and western rims by titanic, gleaming white clouds, in buoyant flotago, the upward view striking my fancy. And Dr. Fox's greeting suited the morning.

So desperately to work, with copy scant and talking with Ray Maunts of West High school and to Milly, the Campbell clerk, a lady of nimble wit. And after a snack of lunch, Lose, the dentist, took a tooth from me with painless dispatch.

Finishing Anthony Adverse, thought it the most powerful, penetrating and magnificent thing I've read, even this morning sitting till near dawn following the adventurer. Of a mind then, to write Frank and his bride a note, but surrendered too soon to sound slumber.

HELEN O'NEIL, THE TEACHER

She has, these many years since, passed into eternal peace—the peace that passeth understanding. Yet, if in that vague eternity, consciences prevails, I know that Helen O'Neil is not happy. She was a teacher.

I have seen strapping young men tremble before her displeasure when they gave less than their best effort or bluffed—but come back again and again for counsel. With the timid she was forever patient. Teaching was her life; education to an attainment, but a medium in which life reached most glorious significance.

She had that ever amazing ability of getting quality effort from a man who was famously lazy. The notoriously bad scored high marks in her courses. Such was her knowledge of boys that she coached Highland Jr. High's first baseball team to a championship.

A student's best effort sufficed for Helen O'Neil. Offering less than that, the student experienced a great and sometimes violent awakening. Her enthusiasm for learning (in its widest and finest sense), was an inspiration to her students that grew richer and flourished as the years passed. Dave Ballard, she thought, was her keenest pupil.

CHATTER AT THE ELLIOTT FIRESIDE

Few people—Frank Allen, Marvin Draper and Frank Howard are three—permit their reading to be as productive of interesting and pleasant conversation as does A. W. Elliott. All have read much and in many fields. All remind me of Emerson's sage remark: "Do not tell me the books you have read; let me judge that from your conversation."

Nothing pleases me more than to sit at the Elliott fireside and sip his good grape wine and munch apples, while the fire crackles and burns low and then glows red, and listen to and talk with him. Warrior, teacher, farmer,—once a student aspiring to the ministry, and philosopher—his talk is as mellow as his hearth cozy.

Current history, politics, religion and education are his favorite subjects. He is an idealist, as are the others. When duties permit, he hears Dr. Lichliter of Sunday mornings. Frequent week-ends are spent in Fairfield county hills.

Yet with all their idealism, the four are pragmatic in the final analysis, giving strength to someone's observation that the "surest way to the real is often through the ideal." Allen is an engineer, Draper an attorney, Howard a graduate of Ohio State's commerce college, with Armour's now at Indianapolis.

And Elliott, with his wife, three daughters, and twin sons, live on a "farmette" near Rome. "And if someone would come in here," he told me once, "and say, 'Elliott, here's a million dollars!' I'd tell him to go away. It would worry me so much that the cow wouldn't get milked or the chickens fed or the tomatoes and beans picked. I wouldn't have time for Al and Ed.

"Yes sir," he mused, "I'd tell him to go away. A million dollars couldn't buy what I'd lose."

Cowboys Travel to Newark for Second Battle

Drop Lidlifter to Coshocton, 6-0; Francis Is Game's Star; Tackling and Blocking Poor.

Unabashed by a six to nothing defeat at the hands of the Coshocton Redskins in their opening skirmish of the campaign on the latter's gridiron last Saturday, West High's scrapping Cowboys will continue grid warfare in foreign territory tomorrow afternoon, Newark High providing the opposition.

Wise Disappointed

Coach Wise expressed disappointment at the showing of his proteges in the opener and intimated that wholesale changes in the line-up will be made for the Newark tussle. Francis is the only player sure to start in the backfield. The line, likewise, will undergo numerous alterations.

Ballard, Wiley and Redman, on the injured list last week, will be available for duty, but Blackmore will still be laid up with an ailing leg.

The game will get under way at 2:30 o'clock, and provided a week's drill in tackling and blocking has had the desired effect, the Wisemen may enter the fracas on even terms with the foe.

Tackling Poor

Last week's clash, played in a sea of mud and a driving rain that reached torrential proportions at times, exhibited a flock of weaknesses which may in time, be ironed out. Tackling was the most glaring flaw, only the scintillating defensive play of Dick Francis keeping the enemy score at six. Time and again the fleet Cowboy smashed opposing runners to the mud with spectacular and deadly accuracy.

The Braves scored their lone tally early in the second quarter, after numerous off-tackle slashes had taked the ball to the eight-yard line. Near the half's close, the locals pulled up

The formation of an organization of business men and residents of the southern side of the Hilltop was completed Wednesday night, Sept. 19, at the hall of the St. Mary Magdalene church. The group will interest itself in the problems of this section of the Hilltop, with immediate work centering around a solution of the problems presented by the condition of the C. & L. West Broad School In 23rd Anniversary This Week

Wednesday, Sept. 19, was the twenty-third birthday anniversary of West Broad Street school. There was no commotion, as usual, and the event was observed by the teachers and pupils quietly. Miss Catherine Sperry baked a birthday cake. School went on without undue interruption.

And for 23 years affairs have been going on at West Broad school in such a manner. Under the leadership of Miss Harriett A. Judd, the school has gone about its business, modestly, efficiently and peacefully.

And Miss Judd, who has been there these many years, takes no credit. "You don't need to know anything about me, except that I've been here," she told the reporter. And in a way, she was correct. The school's appearance alone, within and without, will speak for itself and for her. Orderliness and friendliness and a meticulous cleanliness prevail within; without is a perfectly kept lawn and shrubbery and the same cleanliness and homeliness.

"Given cooperation of the parents, a good class of children, a good building and lovely teachers, and anyone can be the principal of a good school," Miss Judd said. "I have been fortunate in having these at West Broad." She neglected to mention that the moulding of these things into an operating unit sometimes requires honest effort and leadership and a few other things characteristic of Miss Judd.

Two other members of the original staff are still teaching at the school, Miss Catherine Hutt and Miss Bess Sperry, sixth and second grade teachers respectively.

Prior to her appointment as principal of West Broad in 1911, she was an eighth grade teacher at Felton Avenue school. She resides near Clintonville and for 23 years has made the ten-mile trip to school each school-day morning via street car.

Green, Millikin And Campbell On Committee Here

Circulate Petitions for Group to Be Elected in November to Revamp County Charter.

Wyatt L. Millikin, 58 S. Warren Ave.; Floyd Green, 3046 Crescent Dr.; and C. H. Campbell, 91 S. Westmoor Ave., compose the Hilltop committee which seek to place the names of 15 prominent Franklin county citizens on the November ballots, the group elected, to re-write the county charter.

It was pointed out this week that a revision of the charter does not indicate that city and county offices will be combined. There may be some overlapping offices abolished, if the committee deems it wise, however, but the primary purpose, contrary to popular opinion, is to revamp the present charter.

The petitions are available at the Millikin Hardware store, Eureka avenue and Broad street, and Campbell's Pharmacy, Hague avenue and Broad street.

The following names are included, selected by a committee of five, which in turn was chosen from a group of 150 citizens of Franklin county: Lelea G. Brinnin, 1258 Cambridge Pl.; John J. Chester, jr., 2305 Fair Ave.; Frank E. Fehl, Lockbourne; Thomas J. Duffy, 1810 Franklin, Park South; Ray E. Hughes, 194 N. 22nd St.; Mark E. Jefferies, 1008 Frank Rd.; Herman H. Johnston, 147 S. Monroe Ave.; William B. Johnston, Westerville; W. Irvin Lawrence, 1040 Lockbourne Rd.; George B. Marshall, 221 Oakland Park Ave.; Hortis E. Miles, 447 W. Seventh St.; William C. Newton, 82 E. South Broadway; Walter J. Shepard, 1704 Coventry Rd.; Charles Spahr, Gahanna; and King G. Thompson, 1030 Cambridge Rd.

This commission was named by a committee of five, including: S. P. Bush, M. S. Conners, Allen Gundersheimer, Horace Troop and Edgar L. Weinland.

Toilet Chair Adds Beauty

One of the latest refinements of the modern bathroom is the toilet chair. Because so many bathrooms are small and unable to accomodate a chair or stool, the toilet chair can be made to take the place of that piece of furniture. They can be had in a wide range of colors and at popular prices.

Hilltop Schools In Observance of Constitution Day

Programs Held Monday Under Auspices of American Legion; P.-T. A.'s Hold Meetings.

Special programs in all Hilltop schools were held this week under the sponsorship of the American Legion in observance of "Constitution Day." Speeches, patriotic music, and short historical skits featured most of the programs.

Dr. Myers Speaks

Dr. A. C. Myers, commander of Camp Chase Post No. 98, was the speaker at Highland Avenue P.-T. A. meeting held yesterday. His topic was "The Constitution of the United States." Several violin numbers were presented by David French, a 5-A pupil at the school. Mrs. James Simpson, new president of the group, presided.

At West Jr. High, a program held Monday featured a talk by Stewart Hoover, attorney and former member of the board of education. J. J. Eckles, public relations chairman of the Camp Chase Post, presided. Betty Stauch, a 7-A pupil, gave a short history of the making of the constitution.

At John Burroughs, the week is being observed by special reference to the constitution in the various history classes. A speaker scheduled for Tuesday afternoon, did not make an appearance.

Moses Williams addressed the West Broad Street school student body and the Parent-Teacher group. Other speakers included J. J. Eckles and L. D. Shuter, assistant superintendent of schools. Special music was presented by the sixth grades and Mary Moore, sixth grade pupil, gave several solos.

Ethel Titus Worthen Named W.C.T.U. Head

Holds Office for Fifth Consecutive Year; Others Chosen.

Mrs. Ethel Titus Worthen, president of the Hilltop Women's Christian Temperance Union for the past four years, was elected to a fifth term in office at a meeting of the group held Monday, Sept. 10. She resides at 522 S. Powell Ave. The meeting was held at the home of Mrs. Mary Case, 146 S. Warren Ave.

Other officers selected at the meeting included: Mrs. M. W. Westlake, vice president; Mrs. Eva Houdashelt, secretary; and Mrs. H. L. Mider, treasurer.

The local chapter of the W. C. T. U. is the oldest organization on the Hilltop.

Hilltoppers May Enter Flower Show

All residents of Franklin county have been invited to attend or participate in the annual Clintonville Flower Show scheduled for Sept. 22 and 23, of which C. S. Kennedy, West High instructor, is general chairman.

There are 80 classes and sweepstakes and there is a class for every fall flower. On Saturday evening at 8 o'clock, a screen showing of famous American Gardens will be held.

to within 10 yards of the enemy goal, but were thwarted.

Better Second Half

Throughout the second half, the Cowboys continued to bombard the Indian goal with everything but touchdowns. Thrice they approached within the 10-yard line, but lack of power and fumbles proved costly. Dick Francis was the only Hilltopper to gain consistantly, his five and six-yard dashes through the line coming frequently.

Only in kicking did the Wisemen outclass the winners, the work of Graves and Gibson being excellent, even with a water-soaked pigskin.

Use Straight Football

The Cowboys used a minimum of plays, all of the simple variety, even when threatening the Coshocton goal. The weather, perhaps, prevented more open play, but local fans can be sure that the 1934 Cowboy aggregation will reach loftier heights than those exhibited last week.

As it is, however, the team lacks power, weight, deception, tackling and blocking ability, and confidence. And the team that won last Saturday was by no means a good team. Runners on teams to come will not be halted by the hand-flag variety of tackling exhibited by the Cowboys in their opener.

and hopes to have the privilege of working with the others for the betterment of this part of town. But we have problems of our own, not felt in the northern part of the Hilltop, that we believe we can do much to solve.

"Not the least of these is the dangerous condition of the car tracks along Sullivant and Hague avenues. We feel that if the traction company cannot keep up its roadbed there is no reason why it should be permitted to endanger the motorists and others who use Sullivant avenue. Probably the vast majority of the residents in this part of town feel that taking up the tracks and replacing the street cars with buses is the most satisfactory solution, and we intend to be heard on the subject. That is not by any means all of the activities planned, though probably the most pressing. Sullivant avenue can be made one of the main thoroughfares of Columbus, and we expect to help in making it so."

Weiner Roast

C. O. Miller will entertain his class of Boys of Hillcrest Baptist church to a weiner roast at his home, 2022 Doren Ave., Monday evening, Sept. 24. Boys are to meet at the church at 7:00 p. m.

Drawings On Display

Prize winning drawings of West Senior and Junior High students are on display in room 217 at the school. The public is invited to inspect these during the remainder of the month. C. S. Kennedy is the instructor.

The Neutron

The neutron is a subdivision of the atom whose existence was announced recently by an authority in England. It represents the first step in the evolution of matter from the elementary electricity. The atom is regarded as made up of electrons and protons held together by attraction between negative and positive electrical charges. The neutron is a combination of a single electron and a single proton, their electrical charges neutralized by their union. The neutron itself carries no electrical charge.

DATA FROM DAY TO DAY

Howard (Speedy) Kent is a timekeeper on a bridge construction job in Gallia county. . . . Mrs. Anna Cramer, aged 80, is a great baseball fan, listening in on all radio reports. . . . Whatever became of Corrine Sword? . . . Dale Jenkins, who has a collection of 3000 bugs, won a top award in the Ohio State Jr. Fair, with an insect display. . . . Ed Ferguson despises rats. . . . Rose F. gets jittery over snakes. . . . Marcella Crain, the WHS teacher, is a living double of "The Bird Woman" in Gene Stratton-Porter's "Freckles." . . . No backyard is so cluttered with flowers from spring to fall as is the one at Hague and Ridge. . . . I like the penny array the best. . . . Esther Owen gets more diminutive year by year, it seems. . . . Word and a half description of Christine McKenzie: Allez-oop. . . . One word description of Edith Ray Zelkoff: Poise.

QUOTATIONS AND SUNDRY NOTES

Norman Line says that the biggest fish he ever caught was a three-foot eel. . . . "Peanuts are good for a nite-mare with me anytime,"—Max McCarty. . . . Curtis Allen, K. Whitlatch, H. Spain and B. Miles were snowed out in Wisconsin. . . . That black hat George Williams wears was given to him by a friend who tired of another headgear, even more delapidated. . . . It was George, too, whose mother once sent him to the store for a few sprigs of parsley leaves, to decorate the meat platter. And Geo., thinking parsley to be similar to spinach, came back with a 20-lb. sack full. . . . Thanx to Harold Keller, this scribbler made the Newark football trip, after missing the bus. Alas.

Improved Cowboys To Meet Bulldogs In Nocturnal Tilt

South Is Favorite In City League Lidlifter Scheduled for Ann Street Gridiron Tonight.

Having lost their two opening skirmishes on foreign fields by identical scores, 6 to 0, the West High Cowboys will inaugurate their city campaign tonight under the incandescents against South High on the Bulldog gridiron. The game will start at 8 o'clock.

South Is Favorite

The Wisemen will enter the fracas as decided underdogs, inasmuch as the Bulldogs are the favorites to cop this year's bunting, and no amount of work this week, and it was both voluminous and heavy, could make the locals the better aggregation. But miracles happen, and nothing will convince the broncho busters that they will come out on the short end of the score tonight.

To Don New Togs

West High's football team will don its new uniforms for the first time for the game with the Bulldogs tonight. The regalia is scarlet and buff, with headgear of a like combination. If nothing else, West will have the flashiest appearing eleven in the circuit this year.

Schools Facing Worst Crisis In History, Declares Reighley

"We are facing the worst crisis in the history of the schools of Ohio. A failure on the part of the people to pass the three-mill levy will mean that schools can operate less than a period of three months, beginning Jan. 1. The only possible way out lies in the renewal of the levy which will enable the Columbus board to approach the legislature with clean hands, asking for further help." So declared Dr. H. H. Reighley, principal of West Jr. High school and statistician for the board of education, Tuesday.

Five-Year Average 8.05

The average tax rate for the public schools over the past five years has been 8.05 mills, Dr. Reighley pointed out. After the debts have been paid from the 19 mills limited the schools, but 2.04 mills will remain for use next year. This will be sufficient to operate Columbus schools for approximately 10 weeks.

Last fall, the board of education deferred presenting the renewal of the three-mill levy to the people due largely to the disturbed conditions prevailing and also because of a hope that the legislature might come to its rescue. No help was forthcoming, and the board was forced to borrow $520,000.

Emergency Measure Passed

The opening of the schools this fall came about because the legislature then passed an emergency measure enabling schools through the state, which had borrowed money, to repay the debt over a period of five years.

"The problem is an acute one, now," Dr. Reighley asserted, pointing out the fact that even though the levy be passed by the people in November, the schools will still be 2.41 mills shy of average operating expenses over the past five years.

3-Mill Levy First

"But the 3-mill levy must be renewed first, before we can go to the legislature for help," he continued. Before we can hope to get financial assistance from the state, we must first do everything possible to help ourselves.

"I am sure that if the people realize that our present financial condition will enable us to operate for but 10 weeks, and that the renewal of the levy will enable the schools to continue for 10 more weeks and at the same time place the board in a position to request additional funds from the legislature, they will approve of the thing wholeheartedly.

Two Hilltop Groups Petition Council On C. & L. E. Problems

One Group Requests Solons to Stand By Aug. 6 Resolution; Second Seeks Repairs.

Two large Hilltop factions, seeking a solution to the problem presented by the operation of the Cincinnati and Lake Erie Traction Co. within the city limits, presented petitions to council at Monday night's session.

The Southwest League, composed of residents and business men in the southern section of the community, presented a petition requesting the taking of necessary steps to obtain the immediate removal of the Sullivant avenue tracks and the discontinuing of freight train operations through the area. According to Samuel J. Willis, city clerk, the petition contained 510 names.

The opposing group of residents, unorganized, but for the most part residing north of Sullivant avenue, requested that the necessary steps be taken to improve the tracks, thereby permitting service of the Columbus Railway Power and Light Co. to be improved and the service of the Cincinnati and Lake Erie company be preserved.

The latter petition, signed by 1800 residents, pointed to the fact that removal of the service would hurt business as well as deprive certain residents of much-needed transportation facilities.

According to information obtained Tuesday of this week, City Attorney John Davies will discuss the problem with the members of the Southwest League next week. The group took a stand at its organization meeting last week supporting city council in its resolution of Aug. 6, which ordered the C. & L. E. company off the streets of Columbus.

Officials of the league also point to the dangerous conditions which prevail while the freight trains continue operation. Vibrations have been reported to have loosened the plaster in several homes and business places, while the tracks, in their present shape, constitute a traffic hazard.

The northern group, however, is of the opinion that these things may be remedied by the reconstruction of the tracks, and at the same time, service will not be impaired to the residents and business men.

Rev. Father Bouchard and H. S. Butler, with a group of seven other temporary directors, compose the governing agency of the Southwest League. The northern group is headed by Ray Haunts and George Matson, along with other business men on West Broad street, west of Hague avenue.

Improved Cowboys To Meet Bulldogs

Continued from Page One

improved machine dealt the aggregation that was swept aside by Charleston. Tackling, especially, was notable, both in its accuracy and viciousness. The offensive machinery almost clicked, and the exhibition was sufficient to give local fans visions of a highly deceptive eleven before the season is a month old.

Score Lucky Marker

After a scoreless first half, in which the Hilltoppers displayed the better offense and gave tooth for tooth in a great defensive battle, the third period opened with West again having the ball on its own 15 to march 85 yards before the Cowboys held for downs.

An unsung hero, Dick Francis played a brilliant game, his returning of punts being especially spectacular. Dick kept opposing ends sprawling in his wake all afternoon after eluding them to return for distance of 5 to 25 yards. Fern, too, shared honors with Francis, playing flawless defensive ball. More will be heard of him. And Randall proved more valuable than scrapiron. He was "in" the ball game.

Who Is Pleased

Although he had hoped to win, Coach Wise indicated that he was well pleased with the performance. The work of Bellard, Brewer and Rahm was especially satisfactory to the Cowboy mentor, the three getting their baptism of fire as far as high school football is concerned, and coming through with blazing colors. Rahm's passing from center was done without an error, while Bellard's defensive play at guard and Brewer's backing up of the line, drew favorable comment from their coach.

Graves' kicking and passing was good, but his defensive play, as well as that of Gibson, left much to be hoped for.

Need "The Will to Win"

"All that's needed to beat South is the desire to win," said Wise prior to opening this week's rehearsals. Wise means that the Bulldogs will win, for the local aggregation lacks fight. That quality can't be learned nor taught. It's just "that" or it "ains't."

Today Is Indian Day In Ohio; Hilltopper To Direct Programs

American Indian day, by gubernatorial proclamation, is being celebrated in Ohio today. It is the third straight year for the observance, and Mrs. Irene McKinley, 130 Belvidere Ave., is in charge of the programs, along with R. K. Verbeck.

It was through the efforts of Mrs. McKinley that Indian Day was finally set aside each year.

Various radio programs will be featured today, with Station WBNS planning a special presentation tonight at 7:15 o'clock, at which time J. C. Hambleton, director of nature study in the Columbus Public schools, will speak.

Richards Is Club President Pro Tem

Due to the absence of Roy Riggs, president of the Owl's club and Roger Mason, vice president, both of whom are attending night classes at the Franklin university, Walter Richards has been named president pro tem and Warren Berry acting secretary. The regular election is scheduled for November.

A party in honor of Royce Curl, associate member and now with the Coast Guard, will be held at the home of Roger Mason Saturday evening, Oct. 6.

Ezra Martin Here

Ezra Martin and his group of Pleasant Valley radio artists will make an appearance at West Broad Street school auditorium tonight at 8:15 o'clock. The appearance is being sponsored by the Auxiliary of the Camp Chase Post No. 98, American Legion.

Safety Pin Is Ancient

Safety pins, instead of being a modern invention, as most people suppose, are so old that their origin is lost in the midst of antiquity, says Pathfinder Magazine. A very beautiful specimen was dug up in Sweden, the workmanship of which was quite rich. The ancient safety pins were made of bronze—an alloy of copper and tin. It was at a comparatively late date that men learned how to make a fire hot enough to smelt iron and make steel. Most of our safety pins are still made of brass.

the lookout

by john wolfe

Some day I shall do a column of which I can be justly proud. Indeed, each week, I am certain of that. Each week I think that this will be the one. In hopeless vacantness, however, I stare at the typewriter keyboard, and that vast, unmarred sheet of copy paper.

With the approach of the Monday deadline, one grows frantic and glassy-eyed. The passing thought that staleness has set in with inexorable tenacity crystallizes the frenzy into a mental paralysis. There's the boss looking hopefully toward the copy book! The wheels in the head operate with the same purr and smoothness of a T-model Ford engine on a sub-zero morning.

With parsimonious pecks I patiently punch. Not even Caesar's armies could be so sweepingly devastating as that unplumbed vacuity that grips the brain.

Then, of a sudden, a dim light flickers and sputters in the far recesses of the mind! It is a paragraph being born. And like a flurry of colored autumn leaves blown earthward by a sudden breeze, words flutter forth in helter-skelter fashion. I pound the machine with a fury that is a compliment to its structure.

But alas, storage of the thing overnight and a re-reading, and I find it, like the fallen leaves,—quite dead. "Ah, dream too bright to last—ah starry hope that didst arise,—But to be overcast . . ."

"Sing to me, oh Muse." Yes, Muse, do, do something. Sing in an off key, if you will, but sing—chant—mumble—anything.

But it is within me, throbbing, pulsating, yearning. It blossoms silently as I walk in solitude through the woods or along the stream banks or across the fields. It is like a tree, stretching forth branches to the clouds and stars. And its roots, the body, sink deep and unconsciously into the undiscovered beginnings of things. It cries aloud in passionate song, though the silence of the forest is unbroken. Yet, by golly, all I can think of is a one-word description of Dr. Durflinger in that crusher hat: jaunty; and that bridge club Mrs. Wise belongs to. The members sit around with their handkerchiefs draped over their heads,—hoo-dooing the cards.

Few make one feel at home in their home as do the Fergusons. There is an ease and graciousness in their manner that permits one to instinctively feel that the chairs are to sit in, the pictures to look at and study and the books to read. The atmosphere of the place smacks of burning logs and an earthen crock of apples on a crisp, wintry night.

Yet, they are actively associated with a dozen organizations. Which may be, after all, more conducive to pleasant living at home. They belong to that rare group of people who, always busy, always seem to find the time for more work.

I know of no one who reads with the thoroughness and swiftness of Elmer Smith. If interested, he will do as many as four average novels in a single night. He read Anthony Adverse in two sittings totalling 17 hours. So unbelievable was the feat that for half an hour I quizzed him in the most trivial details, and he missed never a question. The next best effort of which I know was that of a university professor, who did the thing in five days, totalling almost 30 hours.

Cowboys to Meet Dayton Steele On West Field Today

INITIAL HOME GAME

Follows Sensational 6-0 Victory Over South; Dayton to Display Powerful Eleven.

West High Cowboys, fresh from a brilliant 6-0 victory over the favorite South High Bulldogs, will inaugurate their home campaign this afternoon at 3 o'clock, Dayton Steele providing the opposition.

Visitors' Powerful

The Gem City aggregation will present a powerful eleven. In its inaugural battle with East three weeks ago, a 26 to 12 victory was chalked up and the Tigers are not the weakest eleven in the city.

Coach Wise will probably start the same team that fared so well against the Bulldogs last week. Although thoroughly pleased with the Cowboy performance against South, Wise continued to stress improvement in blocking and tackling this week.

West Gets Breaks

Last Friday evening, before a capacity throng of 4000 fans, a whirling, fighting, driving determined bunch of Cowboys swept through a great South High eleven, leaving a devastation in their wake.

Breaks went westward, three Bulldog fumbles being recovered by the Cowboys. But always there was a horde of scarlet clad warriors near the ball. To get the breaks is one thing; to take advantage, another.

Francis Scores

And so, when Poeschal, South's great kicker, fumbled on his own 10-yard line, Ballard, Bahna, Hoffman, Randall and Foch were there, with the slashing Ballard on hand first. From that point, Ditrick struck at guard for two yards, and then, Ditrick and Francis

Sullivant Ave. May Get Trolley Bus Service Soon

INDIRECT METHOD SOUGHT

By City Council to Eliminate C. & L. E. Traffic from Highway; Negotiations Under Way.

If City Council can legally authorize the erection of trolley poles along the south side of Sullivant avenue, by the Columbus Railway, Power and Light Co., the removal of Cincinnati and Lake Erie traction traffic from the city streets may be affected, it was revealed this week.

Negotiations Under Way

In a resolution adopted by the council Monday night, negotiations were opened with the Rail-Light company anticipating the inauguration of a trolley-bus system. Street cars will then be removed from the streets.

The contemplated plans, it was thought, will serve in an indirect way, to remove the C. & L. E. traffic from the streets. The city has thus far been unsuccessful in its attempt to be rid of the traction freight and passenger traffic.

To Take Away Power

If it is legally possible for the Rail-Light company to erect poles on the south side of the street, the city may then order the C. & L. E. company to remove its poles there, thus depriving the company of the necessary power to operate the interurban. At the present time, the poles on the north side of the street are owned by the Rail-Light company, those on the south side, by the C. & L. E.

According to the resolution, Council President Frank Karns will confer with City Attorney John L. Davies to determine the legality of such a procedure.

The Rail-Light company has unofficially agreed to establish bus service in place of street cars, if council so desires, it was reported.

At Wednesday's meeting of the committee, Oct. 30 was set as the date for the party, with the location yet to be determined.

The association will hold its regular monthly meeting next Tuesday night at the Matsonia.

THE DEBT ETERNAL ------ AN EDITORIAL

In England's blackest hour during the Great War, when the Germans were making their drive toward the channel ports, the chairman of the Department of Education introduced a bill to Parliament for the continuance and maintenance of public education in England. He said: "Education is the debt eternal which maturity owes to children and youth." As a bill it was called the Children's Charter.

We in Columbus are fighting a war, a struggle against economic conditions, seemingly beyond our control. But the cause of public education must go on.

The debt eternal must be paid. Childhood cannot wait, youth must be served.

Today is not the only period faced with the problem of school maintenance. Our years of prosperity have made us forgetful of past struggles. One hundred years ago in Ohio, the log schoolhouses found it hard to keep the latch string of public education out for the boys and girls in the town and country. Men on horseback rode through the school districts holding meetings, pleading for the public favor and support of those little schoolhouses, and they kept the latch string out. People in those times were poorer than at present but they paid the debt to their children. Again in 1870 public education faced a crisis, but it was met. At varying intervals the same problem arose. Those who went before us have kept this heritage for us. We must continue.

The cost of our present educational system is argued as a case against it. Some say we must return to the simplicities of the three R's. Yet life today is may times more complicated than ever before. Therefore education must keep pace with the times. It must be more comprehensive in all its phases in order to permit youth to live well in this complex and bewildering social order.

Before 1880, shop work for boys was found only in reform schools; courses in housekeeping for girls only in institutions for the wayward. Instruction in art and music, now open to all public school pupils, was formerly given only in private schools for the children of the rich. The ever-opening field of science has made courses in chemistry, physics, zoology, biology, absolutely essential for the boy and girl living in this scientific age.

A sound mind in a sound body, the old Greek adage, has found expression in the present training of the body in physical education classes. We, as intelligent citizens, cannot give up the present system of training. It must be broadened, not restricted. To confront the economic problems of today pupils must know something of world citizenship, for nations no longer live to themselves. How can we leave the young in this complicated world condition without adequate learning? How can we expect working mothers to provide care for children in their absence if the schools are closed? How can we take away from high school students their June diplomas in 1935? How can we refuse to pay our debt eternal, education of children and youth?

Adjoining states have rallied to the support of their schools. Why do we in Columbus and Ohio hesitate? Our three-mill levy must be continued. Do we realize how small a sum it means for each taxpayer? The schools are worth sacrificing for, yet we are asked to pay a sum which we will not miss. Will we miss three cents from ten dollars, thirty cents from a hundred dollars? If other bond issues seem pressing, they can wait. But when we speak of the human education, when we deal with the fleeting years of childhood, the issue is immediate.

Spiritual Advance Program Begins

Six Weeks' Campaign to Get Under Way In 40 Presbyterian Churches Sunday Morning.

The Spiritual Advance Program will be ushered in next Sunday in the forty churches of Columbus Presbytery which have united in a six-weeks' program to rally the church-memberships to a renewed and enlarged loyalty.

Next Sunday is designated as Loyalty Sunday in the churches and each church has made extensive plans for a great roll-call at Sunday morning services. During the past week over 1000 Presbyterian women have visited every Presbyterian family in Columbus, London, Lancaster, Westerville, Worthington, and surrounding towns, in launching the program and urging every church member to attend church on Sunday.

A loyalty mass meeting of all Presbyterians in this area will be held at 7:30 o'clock Sunday evening in Memorial Hall. Rev. Charles F. Wishart, D.D., LL.D., president of Wooster college and a former moderator of the Presbyterian General Assembly, will be the honored guest speaker. The Rev. Robert R. Reed, D.D., pastor of the Indianola Presbyterian church and moderator of Columbus Presbytery, will preside. Music will be furnished by over 250 voices, under the direction of Aaron Duranell, choir director of the Indianola church.

The schools have set a goal of 1000 new scholars during the spiritual advance program.

Hope Memorial church reported 16 new scholars last Sunday and Indianola church reported 17. Every church scholar is being challenged to regular attendance on Sunday and to win someone not in attendance at any church school.

One Sound Mosquitoes Hear

Many insects, like gnats and mosquitoes, probably hear but one sound during the brief final stage of their lives—the buzzing of their mates. If the note is reproduced by a tuning-fork near a captured male gnat his feelers, the organs of hearing, at once quiver. Automatically they are so adjusted to the vibrations that each is equally stimulated. He can then fly directly to the voice of his enchanter. Should he depart from the line, he will be aware of this by losing touch with the shrilling note until the feelers are again adjusted. If a male gnat were in a concert hall he would hear no note of music, but if a female buzzed, he would be at her side in a moment. Her own shrill note is due to the vibration of membranes at the openings of the breathing tubes.

Arctic Flowering Plants

One curious difference between the Arctic and Antarctic is in the flowering plants found in each area. In the regions round the South pole the strictest search has failed to reveal more than three or four kinds of flowering plants. The vegetation is almost entirely composed of lichens and mosses. The mosses are indeed remarkable, attaining a development which is not to be seen elsewhere. These plants, so insignificant with us, form immense clumps in the Antarctic several feet high. During the long winter the clumps freeze solid, but the cold does not harm the moss in the least, and during the few months when the temperature is more genial it grows with great vigor. In the Arctic Circle at least 500 species of flowering plants have been discovered, and it is likely that there are many more. Large areas within only a few hundred miles of the North pole are ablaze with blossom during the brief but extremely bright summer.

Rice Leading Crop

The traveler in the Far East will be amazed at the vast amount of rice grown and consumed in the Orient. It is in reality the world's most important crop. A crop of as much as 180,000,000,000 pounds is produced annually. It furnishes food for a billion persons. Its value yearly reaches $7,000,000,000, which is three times the value of the world's raw cotton. More than 200,000,000 acres are devoted to its growth. Another amazing fact is that there are between 5,000 and 7,000 kinds of this cereal. Rice does not thrive in dry weather, nor when young can it outgrow weeds. For this reason it is planted in diked fields of mud, and when the sprouts are tall enough, water is let in, thus killing the weeds without injuring the rice. Many localities produce two crops a year.

Cowboys Meet Dayton Steele

Continued From Page One

worked the picture play of the game, the former flipping Francis a short backward pass just as he struck at the tackle, and the wing-footed Rick swept around right end and scored untouched and standing up.

South Threatens

That was the only scoring opportunity the Wissmen had. And their bag of tricks was never opened again.

The game had other tense moments, however, in the closing moments of the first half and in the final four minutes of the game.

By virtue of Poeschal's sensational punting, South took possession of the oval in mid-field. Then, with a determined series of end runs, the Bulldogs advanced to the 14-yard line. The Cowboys then rose up and smote with a vengeance. Hoffman stopped Poeschal with a 2-yard gain. Randall cracked Hamilton for a yard loss. Ballard wouldn't move for Poeschal and a final drive at tackle went for naught. The Cowboys kicked out of danger, and the half ended.

Threaten Again

Likewise, in the final moments of the game, the Bulldogs again struck viciously. Poeschal swept around his own left end for 35 yards. A sally around the other flank netted 10 more and it was first down on the Cowboy 15. Hamilton failed to gain and Poeschal went to the 10-yard marker around right end.

It was a crucial moment for the Cowboys, but as the Bulldogs tried another end sweep, Foch, who played a great game, spilled the interference and Francis came up and sent the ball toter to the sod for a five-yard loss. Three yards were picked up on the final down, and West took the ball on its own 12.

Francis Runs

After two thrusts by Ditrick and Gibson, Francis broke through right tackle and scampered 45 yards out of danger for the longest run of the game, which ended a few seconds later. The Cowboy almost scored on the play.

For West, Dick Francis turned in a flawless performance as signal caller, as well as again being the spark in the Cowboy offense. His kicking was excellent. But his mates shared honors equally with him. The heady play of Foch and Burr at the ends, who were constantly bombarded by Bulldog attempts, was outstanding. Likewise, was the stubborn work of Hoffman and Randall at the tackles. Ballard's slashing play at guard and Gibson's improved offensive play were both gratifying and effective. Cooley and Brewer proved themselves to be real "comers" and Ditrick, in his first performance, added power to the offense and strength to the defense.

Three Pledged

Three local men were pledged to fraternities at Ohio State university during the past week, according to official lists released by the dean of men. Fred C. Bock, 52 N. Roys Ave., pledged Pi Kappa Alpha; Herbert A. Lisle, 332 Burgess Ave., pledged Phi Delta Theta; and Samuel R. Heffron, Jr., Camp Chase, Beta Theta Pi.

The LOOKOUT

By J. N. WOLFE

Eleanor Nicholas, who is thanking her lucky stars that her name has been absent here. But what could she be afraid of? . . . Earl Cline, at home asleep, while his wife waited patiently Sunday morning on the church steps. . . . Afton Price, dallying away good study hours socializing with the ladies at the OSU campus hangouts. . . . John Nutting is working at a Cleveland airport. . . . Dibby Dashler is on the OSU freshman A squad, team 1; Mike Michaelis on A squad, team 2. . . . Gibson, the Cowboy fullback, was rubbing his solar plexus wistfully after what may have been an excruciating jolt from an opposing halfback. And Claude Chrisman, in a whispering voice from the sidelines that could have been heard on Eureka avenue, let loose: "It's all in the head, boy, it's all in the head. . . . Which is the slogan over the Cowboy stronghold.

Ivan Bunner will locate in Cols. after another half year as interne in the emergency room at Mt. Carmel hospital. . . . Bill Bunger, his bro., is collecting parasites for the zoology dept., O. S. U. . . . D'ja know how I play contract bridge?" queries Geo. Williams. . . . And he answers his own question: "I just sit there for two or three minutes thinking about a basketball or football game, and then let loose with a bid. The pause is pleasant and my opponents think I'm a profound contractor." . . . That calendar, in a local home, which has a daily prayer thereon, is set at May 8. . . . Norton Benton's dog, Paro, used to help him carry papers. Norton would throw the folded sheet at the curb of the right house and Paro (Spanish for dog) would deliver it to the door. . . . Russell Yecht, Cowboy footballer, has never sustained sufficient bruises to place him on the training table. . . . They say the only time he smiles is when he's crashing into some thundering halfback. . . . Joe Sims and Ward Cross, of the Red Birds, were among those present at the Dayton Steele game. They were kept busy autographing programs. . . . Woody Wills and Bill Schmidt, with the Ohio U. coach, Don Peden, were also present. . . . Peden looks like Cary Grant, the movie guy. . . . Woody will be back in action tomorrow, having nursed a hurt knee for two wks. . . . I invariably take my shoes off in the living room before retiring at night. . . . So does Fred Raether. . . . Rudy Lurz, the butcher man, is in Newark, O. . . . Why can't church pews be upholstered? . . . The data on the scoreboard at West Hi is too crowded. One has to look too long to find what one wants to know, and then maybe another play is finished. . . . Sam Alford likes bananas by the dozen, and gulps them with cream before retiring. . . . Never heard Louie Schwartz called anything but Louie till tother nite, when his wife called him Louis. "But sometimes she don't call me Louis," says he, "Nor Louie either." . . . J. Pinney will return to the undertaking business in Canton, O., soon. . . . Was anything ever writ here that would make Mary Jenkins mad (angry)?

That city couple which moved to an acre plot in the country, and the 1'll wife, of a mind to have one of these elaborate enamel sinks, ordered one installed while hubby was away. And so it was installed and when the time came to attach the pipes, it was found that the house had no H20 facilities. . . . And also of a mind to have a walk through the garden, no stones could be found. So a boy was hired, and when the landlord came about one day, alas, he was hacking out huge hunks of the basement floor to be used in laying the garden walk. . . . Emil Doherty, the Detroit rooter, is the first chap I've seen who is agin the Dean brothers. . . . Jack Shunk claims he don't smoke stogies. "I bot a dollar's worth of cigars yesterday," he informed us, "and smoked one after breakfast and the other just after lunch."

Indoor Meeting

The Brotherhood of the Hilltop Lutheran Church will hold its first indoor meeting of the season in the church basement on Tuesday evening, Oct. 16.

Cowpunchers to Meet Central In Nocturnal Tilt

WISEMEN SUFFER RELAPSE

But Eke Out 13-12 Victory Over Dayton Steele In First Home Game; Odds Even Tonight.

Tonight under the lights of Central High's athletic field, West High Cowboys will again do battle with a league opponent, the Pirates furnishing the opposition. The game will get under way at 8 o'clock.

And the Buccaneers will present no small obstacle in the path of the Cowboys, although the Wisemen are capable of winning. At least, in the four games to date, they have showed intermittent periods of football good enough to beat the Riversiders.

Defeat Dayton, 13-12

Last week, in opening the home season with a 13-12 victory over Dayton Steele, the Hilltoppers looked both good and bad. But when they looked good, they were only fair; when they were bad, they were terrible.

The game was productive of some spectacular football, but dragged at other times. West took possession of the ball in the first quarter and kept it throughout, Dayton having the oval just long enough to run two plays before kicking.

Francis Scores

In the second period, largely through the scintillating runs of Dick Francis, West took the ball deep into Dayton territory. Francis lugging it over on a dash through tackle. Dayton came back late in the period with a brilliant pass attack, and with 15 seconds to play, knotted the count. Neither team converted the extra point.

Another flurry of passes in the third period sent the visitors ahead, another Brooks to Fisher aerial being successful. West, again led by Francis, drove over, and with the score tied, Francis sent the Cowboys ahead with a plunge inside tackle for the extra point. That ended the day's scoring, although Dayton threatened the remainder of the game.

Reconnoitering

Prowler Is Nabbed As Hilltopper Leads Chase In Green Pajamas

It was quite a sensational evening for Dr. C. E. (Chet) Brady and 100 or so other residents of the community when a prowler, snooping about the Brady premises was chased and finally caught in front of the Ritz Theatre by Jack Wilkins, Byron Newhouse and the doctor himself—clad in green pajamas.

It was about 10:30 Monday evening, and Chet had clad himself in his sleeping regalia, as is his custom, and sat himself down to read a late paper. Suddenly, Jack Wilcox, a neighbor, walked in the door with gun in hand. "There's a prowler looking in your window!" he said. Just then the telephone rang and Byron Newhouse informed the doctor that he had been watching a man loitering about his home for 30 minutes. The three then started the round-up.

The prowler slipped down the alley between Burgess and Ogden avenues with the trio in hot pursuit. Wilkins firing his revolver. Three blocks south, and the fugitive turned east running into the shrubbery behind the John Burroughs school, and from there across Sullivant near the Ritz theatre. Wilkins fired again and called for bystanders to catch the man, but he slipped into the shadows near a billboard, and lay in the grass—where he was found by the pursuing triumvirate.

A large crowd gathered quickly, at which time, according to Brady, it suddenly dawned on him that his sartorial effects were a bit out of place, not to mention conspicuous in the glare of the theatre lights.

Turned over to police, Brady decided not to prosecute, but officials, upon questioning the man, believed that several Hilltop robberies and reports of prowlers might be solved. He is being held for further investigation at police headquarters.

The man, father of four children, who gave his name as Gallagher, told police that he "just liked to look in people's windows." According to Newhouse, he had been about the Brady premises for 30 minutes, looking in the window of the bedroom where Marcia Wynne Brady, 20-months-old daughter of Dr. and Mrs. Brady, slept.

BANTAMS DEFEAT GENERAL LAUNDRY

Best, Right Guard, Blocks Punt in First Period and Recovers for Touchdown.

The final score was 9 to 0, Moyce scoring on a plunge for the extra point and two more were registered when Graschel, left guard, slashed through and tackled a Laundry back behind the goal.

Boy Electrocuted Watching Grid Tilt From Power Pole

HIGH GATE PRICES HIT

By Fans Following Accident At West High Friday; West Officials Cannot Set Admission

Hilltop football fans were complaining against the high gate admissions to high school football games this week following an accident at the West-Dayton Steele game last Friday in which a 14-year-old student was electrocuted when he contacted a high tension wire carrying 4100 volts, while watching the game from a telephone pole.

Unable to Buy Ticket

The boy, Arnold Lucas, 278 Highland Ave., a student at West Jr. High, was unable to purchase an admission ticket to the game, so endeavored to view the encounter from the top of a pole back of 266 S. Roys Ave. According to witnesses, he lost his balance and grabbed the wire, here he hung until he fell. The body was removed to the C. J. Kohn funeral home and later taken to the mortuary of A. L. Brooks.

Local fans were rapping the city ruling which has set gate admissions to all city games at 50 cents. No season tickets are available, to the general public or to graduates of the school. Student tickets sell at 25 cents if a 25 cent season ticket is also purchased.

Price Agreement Made

It was pointed out by West officials that they have no control over the gate prices.

The agreement was made this year to counteract the tactics of certain high schools which last year sold admissions to students of other schools at cut prices, thus getting all money accumulating from the sales. A universal price scale was then set, for the public and for students.

Funeral services for the youth were held Monday, Oct. 10. He is survived by his father, A. L. Lucas, a janitor at the state office building; one sister, Laura, and a brother, Herbert.

CHILD OVERBOARD ------ AN EDITORIAL

Into plunging seas a life boat is lowered, when the ringing cry, "Child Overboard," arouses sailors to instant action.

In its import this is a more terrifying and more urgent cry than "Man Overboard" for in that rolling sea the child is more frail and helpless. The man has the strength of maturity. He knows how to bear himself until the life boat reaches him, but the child, terror stricken and untrained, is lost in the immensity of ocean before help comes. The ship Ohio,—will she allow her children to slip into the sea? What has happened to her most sea-worthy plank, public education, the pride of pioneer days, when she started on her first voyage as a state?

A richly laden vessel is the ship Ohio. Suppose she on the high and turbulent seas comes along side of a sinking boat with many children aboard. To make room for the youthful passengers the cargo must be thrown overboard. The unvarying and time-honored law of the sea demands this. Over the side goes the cargo. No discussion halts the rescue of these children. The choice is sharp and decisive, the action immediate.

But in our choices we cloud the fate of Ohio's children. We do not follow the law of the sea,—human beings first. We put the cargo first, luxuries first—amusements, automobiles, smooth, ribbon-like roads, the finest of state-buildings. These are our first things, our treasured cargo. We spend more money on trivialities, on cigarettes, on chewing gum, yes, on cosmetics, than we do on education. Useless cargoes, all these, compared to children. The real wealth of a nation consists in the character of the people who are its citizens. In our schools today, are the citizens of tomorrow.

The ship Ohio, dare we say the good and dependable Ship Ohio, named for that state once called the "fairest daughter of the old Northwest," will she allow her child passengers to slip into the seething sea with its changing and shifting shoals, unprepared to meet it dangers? Will she exchange them for the world's costly cargoes?

THROUGH A Woman's Eyes
By JEAN NEWTON

THE BEAUTIFUL BUT DUMB

THE worst wife in the world is the one who is beautiful but dumb.

So says Chicago's famous "Divorce Judge," Joseph Sabath. He acquired his name by divorcing 38,000 couples. And out of all that experience he concludes that a man's worst bet is the girl who is beautiful but dumb.

That is so contrary to the taste displayed by many men in seeking wives that it makes a challenging statement.

Of course we know there are men who think of marriage as a permanent and serious undertaking, who seek a girl with whom they have tastes in common and whose intelligence they can respect. With both having that viewpoint, the man is very likely to find himself with a life partner who will be a real helpmate, with a companionship that will grow rather than diminish with the years.

But what's one man's meat, as they say, is another man's poison. Not every man wants to respect his wife's intelligence. Some men think the less women, and particularly their wives, know, the better! They may not consider tastes in common and a companionship of the mind necessary in married life.

There are men who will find it easier to be "the boss," to remain a hero in the eyes of the wife who is, in the words of the judge, "dumb." A "dumb" woman has her requirements, of course, but usually if these are satisfied she will be easy to please, easy to impress. The "dumb" woman will not be her husband's "severest critic." And while there are men who do not resent that ability within bounds, the lack of it certainly goes for smoother sailing!

No, I should not agree with the divorcing judge that the beautiful but dumb always make the worst wives. They may have their points. It all depends on what a man wants in a wife!

Pointing the Way

THE advertisements in the Hilltop Record are sign posts that point the way to better buying, more economical buying, and to the saving of shopping time.

They point the way to better buying for they keep you informed as to the value of new products and to the new uses for old ones.

They point the way to economy in buying by telling you the current market price of goods and by telling you the how, why, where and when of unusual bargains.

They point the way to a saving of shopping time because they give you information by which you can plan your shopping trips systematically from an easy chair in your home.

Use the ads TODAY, tomorrow, and . . . . . .

The Nature Trail

By JOHN WOLFE

Crimson of a westering sun on a shower drenched line of cyclamotes. Silvery raindrops on the gray beech woods in November. Fragile pink of bloodroot in flower and ineffable solitude of the deep forest. Star spangled heavens from a cliff top and sweeping sigh of night winds. Velvety scarlet of fungus growth in the deep shaded woodland. Purple hills against an orange-red sky at evening. Breaking storm clouds beneath a full moon. Mellow tang of September morning and flickering sunlight through the leaves. Silence of the snow laden pine woods. Undulating flight of goldfinch over a field of bluets, drenched with morning sunlight—hazy blue and gold.

These things I love; these are the [illegible] language, now boistrous, as [illegible] roars through the valley, [illegible] moaning, as the wind sweeps [illegible] through fragrant pine boughs.

Now the season of summer is fading into autumn. The yellow of the sunflowers, the evening primroses, the silky and orange patches of butterflies soon will be reflected in the leaves of the wooded ridges. Then in somber dress, the russets and crimsons will light the hills, to gradually turn to brown and with the gusty winds of late fall, the leaves will swirl and flutter earthward, leaving the branches bare and black.

The woodlands are silent now, with only the intermittent buzz and drone [illegible] of insects falling on the ear. [illegible] the midst of their moulting [illegible] have ceased their songs, and [illegible] sprightly Indigo Bunting and [illegible] Wood Peewee cannot be heard. [illegible] nesting season is over, the birds [illegible] changing their dress. Soon they [illegible] commute southward, and migrants from far northern Canada will [illegible] swing through on a journey of [illegible] miles. Once again, with the [illegible] of spring, these same birds [illegible] turn on another journey of like [illegible] and in certain cases rear a [illegible] in the same nest used this past [illegible]

What are the causes of this treasuring interesting flight? What [illegible] sense of direction these birds must have. What are the [illegible] real reasons for such abilities? [illegible] there is a simple explanation [illegible] all, if we could but find it. [illegible] we make a mountain of a [illegible] as we try to solve problems [illegible] light of human activity. We may [illegible] at the bird's feat, but [illegible] one down to it, we would [illegible] see that it could behave in [illegible] and the truly marvelous [illegible] would be to see it vary [illegible] We are too apt to [illegible] a flight with a human's [illegible] apt to accomplish the same thing [illegible] finding of the nest) after a flight [illegible] If we could see nature with a universal eye, then [illegible] would be at its highest peak. But we are merely human and see [illegible] with human eyes. "Organic life, we are told, has developed gradually [illegible] protozoon to the philosopher," [illegible] Bertrand Russell, "and this development we are assured, is indubitably [illegible] advance. Unfortunately it is the philosopher, not the protozoon, who [illegible] this assurance, and we have [illegible] only that the impartial outsider [illegible] agree with the philosopher's [illegible] assumption."

[illegible] extremely fascinating is the [illegible] of things in the undisturbed [illegible] streams and ponds and woodland [illegible] positively amazing are the [illegible] presented in never ending [illegible] Yet man, in his high conceit [illegible] the whole beauty of the [illegible] calling "splashes of wisdom" [illegible] misinterpreting the work.

[illegible] man's lecture on "Trees" [illegible] which he described them as "[illegible] and graceful," and also [illegible] for crowding one another. So ought we to live, etc."

One need not quibble with his admonitions. Neither should one cry out that his observations were inadequate and superficial and untrue. It is enough to say that he has missed the greatest joy of viewing the natural things about us—that of perceiving into the orderliness that marks nature undisturbed. Why must men spoil the grandeur of great things by making them mysterious with frills and philosophies and figments of the imagination?

Look at yonder beech-maple forest on the slopes that rim the Hocking valley. The trees there are 200 years old, let us say. How long did it take for that forest to grow? Not 200 years, or 300 or 400! But many, many more.

For before it, stood the oak-hickory-chestnut forest, and before that the pine, and before that sassafras and sumac and scrub vegetation. The pines grew and flourished, and in the darkness of the forest floor, their seedlings could not grow for want of light. But the oak acorns and hickory nuts and chestnuts, brought in by bird and beast, could grow in the lesser light, and did, ultimately to overshadow the pines. By wind and bird and beast, maple seeds and beech nuts were brought in, and in the darker shadows of the forest, they could germinate and grow where the oaks could not. In time, they surpassed the oaks and chestnuts, and the present climax forest was reached. Yet today, only the beech and maple seedlings are able to survive in the shadows of the forest. The oaks, the hickories, the pines, the chestnut—have been crowded out. But it is not the passing of the oaks, nor the dominance of the beeches at which we marvel—it is the meticulous orderliness of the whole procession.

To Lincoln

Thou immortal soul,
Thou emancipator of men.
To you we turn
For moral strength again.
Thou merciful man,
Whose simplicity so rare
Graced thy daily life
Despite tumult and care.
Thy God chose thee—
Did divinely ordain—
To be crucified in life
To carry a cross of pain.
Of disappointment and of
Treachery, all in vain.
But now by word and deed,
You still a savior reign
To teach us from the depths
To rise and strive again.

—Ada May Dyer.

Forbearance

Hast thou named all the birds without a gun?
Loved the wood-rose, and left it on its stalk?
At rich men's tables eaten bread and pulse?
Unarmed, faced danger with a heart of trust?
And loved so well a high behavior,
In man or maid, that thou from speech refrained,
Nobility more nobly to repay?
Oh, be my friend, and teach me to be thine!

—Emerson.

ACCENT MENUS WITH TASTY SALADS

Nothing gives a meal as much zest as a well flavored salad. It seems to give point and enjoyment to a menu that would otherwise be dull and uninteresting.

Red and White Slaw

Shave 1 red and 1 white cabbage very thin. Take the center out of the red cabbage for the shavings and save the hollowed out shell for the "salad bowl." Mix the cabbage with a bottled salad dressing in which you have sprinkled a few celery seeds.

Delicious Mixed Vegetable Salad

Cut into shreds 1 head of lettuce, 6 stalks of endive and 1 head of romaine. Cut 1 cup of cooked string beans into 1 inch lengths and chop into small pieces 5 or 6 stalks of celery, 1 green pepper and 1 bunch of water cress. Mince finely 1 teaspoon of parsley. Peel a medium size cucumber and slice cross-wise. Peel an avocado and slice thin lengthwise. Slice crosswise 6 red radishes and 1 cooked carrot. Cut 4 or 5 tomatoes into eights. Heap all these vegetables lightly in the salad bowl with a French dressing made by soaking 1 crushed clove of garlic in a proportion of 2-3 oil to 1-3 vinegar half hour. Just before serving remove the garlic and add 1 teaspoon of sugar, ½ teaspoon salt, ½ teaspoon dry mustard and pepper to taste. Toss well and pour into the salad bowl just before putting in the vegetables. Toss lightly until every bit of salad is coated with a thin film of dressing.

Grapefruit and Pear Salad

Separate the sections of a large grapefruit, skin each section and remove seeds. Sprinkle lightly with French dressing which has been seasoned with paprika, salt and pepper. Use halves of fresh pears or canned pears. Dress lightly with the French dressing after cutting each half into base lengthwise sections. Arrange the grapefruit and pear sections in the salad bowl or on individual nests of crisp lettuce leaves, garnish with rings of green pepper and chopped, green or maraschino cherries. Dot with mayonnaise.

Molded Olive and Nut Salad

Dissolve 1 package of lemon gelatine in 2 cups boiling water. Cool and add ½ cup chopped nuts and ½ cup stuffed olives, sliced. Place in an oblong pan or in individual molds in slices. Serve in nests of crisp lettuce and garnish with tart mayonnaise.

Bacon and Potato Salad

4 large or 6 medium boiled potatoes
½ Bermuda onion
½ pound bacon cut in small pieces and fried
2 hard cooked eggs
½ cup cooked peas
3 tablespoons mayonnaise
1 teaspoon vinegar
Salt and paprika
1 head of lettuce.

Wash the lettuce, shred fine and chill. Dice in a large salad bowl. Cut the potatoes in ½ inch cubes. Add the onion, finely chopped, then the bacon, vinegar and mayonnaise. Season with the salt. Add to the lettuce and garnish with the egg slices, peas and paprika. The eggs chopped finely and the cooked peas may be added to the salad if you prefer.

Savory Green Bean Salad

Cook green beans until tender. Prepare enough to make 2 cups; add 2 tablespoons chopped green pickle, 1 onion minced fine, 2 canned pimentos, minced, ½ cup mayonnaise which has been blended with 1-3 cup chili sauce. Mix, chill and serve on lettuce leaves.

Orange Prune Salad

4 or 5 oranges peeled and sliced
20 prunes, cooked
1 package cream cheese
½ cup celery finely cut
1-3 cup sweet pickle relish
Few drops tabasco sauce
20 California walnut kernels.

Arrange 5 orange circles on each lettuce lined plate. Center every circle with a prune, cooked until tender, cooled, pitted and stuffed with the cream cheese to which the celery, pickle relish and tabasco sauce have been added. Place a California walnut in each cheese-stuffed prune. Serve with French dressing, mayonnaise or a sweetened fruit salad dressing.

Fruit Salad

Take 1 pint of shredded cabbage, 1 can of white cherries, 1 can of sliced pineapple, 1 pound of blanched almonds, ½ pound of fresh marshmallows and 1 pint of whipped cream. Cut the cherries into halves, shred the almonds, quarter the marshmallows and mix all together with the whipped cream and a few tablespoons of mayonnaise. Serve on lettuce beds.

Vegetable Salad

½ cup cooked green beans
½ cup cooked asparagus
½ cup diced celery
½ cup sliced cucumbers
¼ teaspoon salt
2 tablespoons chopped green peppers
1 tablespoon chopped onion
¼ cup French dressing

Mix and chill ingredients and serve on lettuce leaves.

Cowpunchers To Meet Central In Nocturnal Tilt

(Continued From Page 1)

Not Overconfident

The local aggregation is not overconfident, despite the victory over such a formidable an adversary, which would be a factor in West's favor tonight. Admirable blocking and a commendable pass defense, despite a conspicuously weak Gem City line, kept the locals from tallying at least three more touchdowns and also permitted the losers to consistently threaten the Cowboy goal. For which reasons hard work again prevailed at the local stronghold this week.

Line Fails to Change

Dick Francis was the entire Cowboy line defense—for which—shame to the formula. Time after time the Crimson's forward wall stood still, while backs took his time and shot the ball with deadly accuracy into the waiting arms of a receiver.

Backing, which has been improving, ran into a snipe. The work of the defense against the losers's running attack appeared good because of the poor Dayton blocking. Bullinger stood out defensively, but Dayton's passing from center on the offense was poorly misused. He is troubled with boils and did not get in the game.

Burr, Point Star

Burr and Fouts at the flanks also turned in well done jobs, as did Hoffman, but the work of the others was spotty. Gibson, the worst tackler on the team, if not in the league, improved somewhat offensively, but still lacks drive.

Ferguson Struts

Bill Ferguson, son of Mr. and Mrs. W. E. Ferguson, 2265 Garraway Ave., is the drum major of the West High band which made its first home appearance at Friday's game with Dayton Steele.

The band marched the length of the field and after a salute to the visitors, formed a huge "W" in front of the West bleachers, from which formation the West Alma Mater song was played.

All in all the team was lucky to win a game it should have dropped by three touchdowns, and every player knows it. Which has helped make the job of Coaches Wise and Chrisman a bit easier this week. They composed a gloomy pair last Friday afternoon.

Stern Defense.

Defense was stressed during work outs this week, although a lengthy offensive drill marked Tuesday evening's rehearsal.

A red-headed chap by the name of Maxwell has been showing good form especially in the art of open field running. He will probably see action in night. Brewer, who is suffering from a slight attack of boils, will probably start the conflict, however.

Curt Graves, out of action since the Newark fracas, will also be back in action soon and Bayha, center, returned to practice Wednesday evening but may not start the Central tilt. Randall and Bullard are nursing slight leg injuries, but will probably be in tonight's game.

Wednesday evening, West's first stringers, playing lethargic ball typical of the Cowboys when they lead the pack, permitted the third stringers to march uninterrupted on two occasions for 80 yards and touchdowns. On pass defense, the Cowboys let 3 of 43 passes go for gains of 5 to 30 yards.

The driving offensive play of Graves was the only promising feature of the workout and let none think that he will remain a reserve player long. The relapse suffered by the Cowboys through the week has both Wise and Chrisman worried to such an extent that a major portion of the week's work stressed defense. The boys refused to take things seriously, and as a result offensive machinery has not clicked since one week ago Tuesday when the regulars dashed through the reserves for 11 touchdowns.

"Little Stories for Bedtime" by Thornton W. Burgess

A GREAT COMMOTION

A GREAT commotion had broken out in the Old Orchard. Instantly Skimmer the Swallow flew over to see what it was all about and Peter Rabbit followed, lipperty lipperty-lip, as fast as his legs could take him. He was just in time to see Chatterer the Red Squirrel dodging around the trunk of a tree, first on one side, then on the other, to avoid the sharp bills of the angry feathered folk who had discovered him stealing from a nest.

It Was Their Nest.

Peter chuckled. "That's what's getting just what is due him," he muttered. "It reminds me of a time I got into a Yellow Jacket's nest. My, but those birds are mad!"

Chatterer continued to dodge from side to side of the tree while the birds darted down at him, all screaming at the top of their voices. Finally Chatterer saw his chance to run for the old stone wall. Only one bird was quick enough to catch up with him, and that one was such a tiny fellow that he seemed hardly bigger than a big insect. It was Hummer, the Hummingbird.

Hummer followed Chatterer clear to the old stone wall. A moment later Peter heard a humming noise just over his head and looked up to see Hummer alight on a twig, where he squeaked excitedly for a few minutes, for his voice is nothing but a little squeak. Often Peter had seen Hummer darting from flower to flower and holding himself still in mid air as he thrust his long bill into the heart of a flower to get the tiny insects there and the sweet juices he is so fond of. But this was the first time Peter had ever seen him sitting still. He was such a mite of a thing that it was hard to realize he was a bird. His back was a bright shining green, like wings and tail were brownish with a purplish tinge. Underneath he was whitish. But it was his throat on which Peter fixed his eyes. It was a wonderful ruby red which glistened and shone in the sun like a jewel.

Hummer lifted one wing and with his long needle-like bill smoothed the feathers under it. Then he darted out into the air, his wings moving so fast that Peter couldn't see them at all. But if he couldn't see them he could hear them. You see, they moved so fast that they made a sound very like the humming of Bumble the Bee. It is because of this that he is called the Hummingbird.

In a few minutes he was back again and almost at once was joined by Mrs. Hummer. She was dressed very much like him but did not have the beautiful ruby throat. She stopped only a minute or two and then darted over to what looked for all the world like a tiny cup of moss. It was their nest.

Originated Concord Grape

The history of the Concord is an interesting story. Perhaps few know or note whence it cometh or take thought of the patience required to produce it. For thirty-seven years Ephraim Bull of Concord, Mass., labored in its development. He handled 20,000 seedlings, from which twenty-one were chosen to perfect the grape to which he gave the name of his home town. There is no fruit nearer perfect, none with wider popularity.

DATA FROM DATA DAY

Mac McCullum, former Cowboy gridster, is going great guns at Ohio U. as a composer and arranger of musical scores. Back from a summer of study in N. Y., rpts. have it that he's headed up. . . . Harry Hubbard, all high first baseman from South last year, is now a student at West Hi. . . . That tumble-down shack across from W. High on Powell Ave., is an eyesore to the community. . . . Norma Shearer in "The Barretts of Wimpole Street" reminded me of Elizabeth Ruether. . . . The former Doris Gurlie looks like Anne Harding. . . . Harold (Dutch) Denton was a speaker at Franklinton school Friday night. He's a grad of that place. . . . And Russell Focht's nickname is "Sugar."

BITS OF BABBLE AND BIDDY PICK-UPS

Claude Chrisman was rated the toughest man the Indiana university football team met during all of his three yrs. at Ohio U. Also he was an all-Ohio guard during the same time. . . . Thanks, "A Friend." Such notes are rare—but very encouraging. . . . A cinder track will be installed at the WHS athletic field, ere 6 yr. is passed, tis hoped. . . . Bill Bunner will start work on a master's degree at State next quarter. . . . When Dick Francis toted the pigskin 95 yds. for a touchdown against Central last Friday eve., it was the first jaunt from the kick-off for a six-pointer ever registered during Coach Wise's regime here. . . . Gene Bice is doing commercial art work in Cincinnati, and one of his works appeared in the Sat. Eve. Post a bit back.

Jack Downs (Downsey-wownsey) nurses an ambition to be a dance orchestra maestro. . . . Mrs. Genevieve Byrem was once secretary to Claudia Dell and Norma Shearer, of the flickers. . . . One word description of Eunice Payton: Surprised. . . . And Afton Price: Collegiate. . . . The West Hi Alumni had the only advertising sign in the recent jubilee parade. . . . What was M. McCarty and Ed. Landman doing in Akron a fortnight back? . . . So Jack Shunk and Cliff Kohn are champion hoss shoe throwers? Is there anything they haint champs of? . . . Add those who remove their shoes in the parlor: R. D. Hastings. . . . Mrs. Kohn wears a hat only when driving. . . . Fair warning: Someday the list will be in the lookout—that one of people who have stepped on those Seiller scales, and the respective numbers will be also recorded. . . . Boy, what a riot that'll create. . . . Dorothy Manley was the 14th lady who thot she was referred to in here as a 45-yr.-old trying to look 16. . . . And the right one has never said boo! Alas, how guilty consciences do reveal themselves.

Dick Baesman shaves with an electric razor. . . . A pear tree in the yard of Mrs. E. C. Shafer, 186 S. Eureka Ave., bore 20 bushels of fruit this year. . . . When a tree fell down this summer, on the car of Otto Schatz, the reporter got the full details, and said no damage was done. Otto's been hollering something terrible since. We're sorry, but by golly, that tree wouldn't have been good for anything, even if the machine hadn't been under it when it fell. . . . The Cowboy football squad's managerial corps includes four Bob's—Bob Janson, Bob Richter, Bob Miller and Bob Ferguson. Harold (Took) Keller and Charles (Tink) Grubbs complete the outfit. . . . Margaret Kosier, a local resident, was principal of the Franklinton school for 35 years. . . . Fred Gaugel was chairman of the meeting which saw 300 alumni of the school back last Friday. . . . Del Howard has chewed, by actual computation, more than one ton of cattin' tobacco, in the past 40 years.

Strong Aquinas Eleven to Meet Cowboys Today

TERRIER PASSING ATTACK

Feared by West Mentors—Numerous Faults Crop Out in 12-0 Win Over Central Pirates.

The Terriers of Aquinas, boasting the strongest gridiron aggregation since the days of Stotsbury and Cannon almost a decade ago, will invade the Cowboy stronghold this afternoon, and will be accorded more than a remote chance of upsetting the cocky Hilltoppers. The game will start at 3:30.

It is not an unworthy foe that the Cowpunchers will meet, for the Irish have tied such squads as Springfield and Washington C. H., and although losing to Newark, came closer to scoring a victory than did the local eleven. Last Friday, a single foot of frosty sod separated the Terriers from a deserved victory over South.

Odds Favor Cowboys

Under ordinary conditions, the locals could be named slight favorites. But should the Irish hit the stride of which they are capable, only football of the calibre displayed by the Scarlet at South will fetch in a victory. It is doubtful whether the Wisemen can again be keyed to that pitch this season. Last Friday evening, West marched into first place in the city loop by defeating Central on the Pirate field by a 12 to 0 score and the paens of praise from press and public through the week has left the squad forgetful of glaring faults committed on the field of battle. They were numerous.

First Half

After a scoreless first quarter in which West was constantly on the offensive, despite a display of dubious quarterbacking by Francis, the Cowboys started a march in the second period which ended in a touchdown after a 60-yard drive. Francis carried the pigskin, taking a backward flip from Ditrick and skirting right end. Burr's kick for point was blocked. Continuing on the offensive, which once took them to the three-yard line, where the ball was lost on downs, West staved off the Central attack by merely keeping the ball.

The following Hilltop merchants are backing the team: Broad-Hague Pharmacy, Coffman's Radio Laboratory, Chamber's Grocery, Noble L. Allen and Spears and Born, funeral directors; Waymer's Meat Market, Wolfe Pharmacy and Dr. H. D. Straubaugh.

-- FORWARD MARCH! -- AN EDITORIAL --

Shall we take "Back to 1880," for our educational battle cry today? That was the era when in the towns, square, two-story red brick schoolhouses with graveled yards had succeeded the small one-room school buildings. A decided forward step were these substantial structures of 1880. They were adequate then, but the world has moved out from under them.

In this age of scientific invention, shall we go back to those bare, cheerless, recitation rooms heated unevenly by clumsy coal stoves and lighted on exhibition nights by oil lamps or gas? Ridiculous you say. Yet in thought we advocate this plan when we propose school courses of study free from "fads and frills" in order to curtail the expense of education today.

The boy or girl must have an education appropriate to the demands of modern life. In our laboratories, day and night while we sleep, scientists are working to make our lives happier and safer by scientific research and invention. Boys and girls must have the elements of instruction in the sciences in order to live in a physical world, dominated by the application of scientific laws. Among the students in our high school laboratories may be the research men and the inventors of the future.

In our art classes are the mural decorators of tomorrow's buildings; in our shops the metal workers, and the artisans in wood.

A building must not simply stand firm on its foundations, it must also be an object of beauty. The schools must teach or start to teach the decorative arts to children of talent. The same demands apply to the world of music and entertainment. In the coming days of increased leisure, the entertainers will rate even higher than they do at present. Education in the schools must take sight of this or it will develop a blind spot.

Mere book-learning, fact-finding, date-remembering are not the real aims of teaching. Education must lead to the solving of today's social and governmental evils. If our democratic form of government is to continue, men and women with well-informed and open minds, clear thinkers, must assume leadership in an age threatened by the dictator. If the schools and colleges cannot provide men and women to grapple with world problems, then the dictator is necessary.

Not less education, but more, is our remedy; not backward, but forward, our watchword.

Candidate For Recorder Favors Three Mill Levy

William Schneider, 155 S. Roys Ave., candidate for County Recorder, yesterday announced that his campaign for that office is based on greater economy in all county offices.

William Schneider.

"Every dollar saved in the administration of county offices is a dollar earned for the schools and to keep them open," he stated.

"In 1926 22 persons employed in the Recorder's office performed from two to three times more work than 24 are doing now, all of which indicates that several thousands of dollars can be saved in that office."

"As a member of the West Broad Parent-Teachers' Association, and the father of two boys attending West Broad Street school, I most naturally favor keeping the schools open. Greater economy in the administration of county offices will help to make that possible," says Mr. Schneider.

Good Coal vs. Poor Coal

In these days when money is scarce coal buyers should pay some attention to what they get for their money in actual fuel value. Coal varies as much as any other of nature's products. Some of it has a larger amount of waste; other kinds deliver heat in larger proportions to the dollar.

The valuable properties of coal are of two kinds—volatile matter and fixed carbon. The volatile matter is composed of oils and gases which are released by the heat of the furnace. The fixed carbon is what is know better as coke—the head fuel substances left after the gas is gone. In addition, coal contains both water and ash. The ash is more than a waste for it is a heat robber, taking up heat instead of yielding it.

Very few coal users get the full value out of the volatile matter. In some coals it is released so quickly that most of it goes up the chimney. Few furnaces get enough air to consume it entirely, so that the black smoke that escapes when you put fresh coal on the fire is really unconsumed fuel that is lost. Attention to proper firing will save part of this, but not all, some of the volatile matter is always lost, the amount depending on how quickly it is released, the amount of air available in the firepot and the strength of the draft.

Exceedingly soft coal wastes more than reasonably dense coal. What is left after the volatile matter is expelled is what the householder must depend upon to keep his home warm. Therefore a good domestic coal should have a large proportion of fixed carbon. Analysis of two samples taken in Columbus show this:

Poor Coal		Good Coal	
Water	4.55	Water	1.00
Volatile	40.50	Volatile	34.50
Fixed carbon	48.45	Fixed carbon	59.00
Ash, etc.	6.50	Ash, etc.	5.50
BTU	12,618	BTU	14,492

It will be observed that the B. T. U. (British Thermal Unit), content is different. The poor coal does not contain as much fusible heat as the good. But that is only part of the story. The poor coal cannot possibly deliver anything like the heat that can be had from the good coal, due to its mechanical condition and the consequent quicker loss of all the volatile heat units.

Thus poor coal that is rated at 13,000 B. T. U. will not deliver for actual use much more than 9,000 B. T. U., while a good coal that is rated at 14,500 heat units may and frequently does deliver 12,000 to 13,000 of these in the form of heat. Just from this fact alone, it may be shown that if 9,000 B. T. U. costs $4.50 the coal that delivers 13,000 is cheap at $5.75. Yet this does not represent the true equation, for cheap coal has both water and ashes to heat, in some cases as much as 11 per cent. The heat for these must come out of the 9,000 B. T. U. content, and might leave 8,000, then the equation reads, 8,000 B. T. U. at $4.50 equals 13,000 at $7.30.

It is evident that the householder can usually save money by buying the better grade of coal and also save himself the trouble of caring for a huge amount of ashes and of regulating his furnace so closely.

Laundry Designer to Visit Hilltop Frdiay, Saturday

The West Gate Electric Shop is announcing to the housewives of the Hilltop that Miss Ella Schmidt, Home Economic Director of the Westinghouse Home Laundry Division at Mansfield, Ohio will be at their store on Friday and Saturday to show the latest development in the art of home laundrying.

Miss Schmidt has made a life study of this phase of housework and had the realization of her ideas in the design of the amazing laundry in the famous "Home of Tomorrow" at Mansfield which has been visited by almost a hundred thousand people since it was dedicated in February of this year by Governor White of Ohio and which has created nation-wide interest throughout the country among housing experts.

"There is no need for washing and ironing to be the reason for the so-called blue Monday," states Miss Schmidt, "and I will be glad to discuss these problems with any of the housewives of the Hilltop."

Celebrating this event the Westgate Electric Shop will offer a free linen towel to every woman who visits their store to see Miss Schmidt, who washes and irons it on the new Westinghouse Spinner-Dryer Washer and Master Ironer which has just been announced as the latest development in home laundry equipment.

Strong Aquinas to Meet Cowboys

Continued From Page One

Second Half

Taking the second half's opening kick-off on his own five-yard line, Dick Francis returned the oval 95 yards for the Cowboy's second touchdown. The point was missed by Burr. Dick's run was a spectacular bit of work, the fleet Cowpuncher taking advantage of the game's best blocking to negotiate the distance to the goal untouched. Like the first half, the Cowboys continued on the offensive, advancing once to the Pirate six-yard line where a fumble interrupted further proceedings.

They're Not So Hot

West counted 13 first downs to Central's one and were in possession of the ball so much of the time that they punted but twice. Still, had they been the men they might have been, the score would have been approximately 37 to 0. Twice they struck within the five-yard line and failed to count. Thrice Gibson was on his way to the happy land when nabbed from behind by tacklers Ballard and Ballenger should have had out of the play. Bahna will probably replace Ballenger today and Ries may work for Ballard. Only poorer generalship on the part of Central's pilot kept Francis' mistakes from being costly.

Miss Two Points Twice

Randall, said to be a member of that minority school of thought that has West marching unmolested on the road to football glory, missed no less than eight tackles. He with Ballard and Ballenger, led the Central offense, accounting for more lost yardage than the Pirate ball-toting department gained.

Add to all this the fact that both points after touchdown were missed and also two points were lost when Wolff got away from four Cowboy tacklers behind his own goal, and you'll know why a smart team will find the "scarlet scourge" easy pickin'.

Stars Are Few

Cowboy stars were at a minimum. Francis turned in a brilliant running game, as usual; Gibson registered his best offensive game of the year, but his defensive abilities were not tested; Focht performed in reliable fashion at end, and Burr's play at the opposite flank was good; and Hoffman gave his usual steady, if not conspicuous, performance. For Central, Shorty Wolff was the big gun, being the team's passer, runner and kicker. The Pirates, all in all, have been a bit over-rated.

Terrier Passes Feared

This afternoon, Aquinas will loose a fusillade of passes into the Cowboy defense, a notably weak structure at best. Vagnone, one of the best aerialists in the league, will have Bohm, Allow and Willard as capable receivers to shoot at.

Hyatt Rites Held Monday Afternoon

Funeral services for Mrs. Ida Hyatt, aged 71, of 112 N. Wayne Ave., who succumbed at her home Friday, Oct. 12, were held Monday afternoon, from the Valleyview Church of Christ in Christian Union. Burial was in the Alton cemetery by Noble L. Allen.

She is survived by her husband, Henry Hyatt; one daughter, Mrs. M. Moore; four sons, J. M. Hyatt, of Akron; Harry of Leavenworth, Kas.; R. M. Hyatt of Los Angeles, Calif.; and C. T. Hyatt, of Columbus.

Former Hilltop Pastor Called to Indiana Post

Rev. James R. Furbay, former pastor of the Sullivant Avenue Friends church, and for the past several months in charge of the South Congregational church, left late last week for Carthage, Ind., where he will assume the pastorate of a Friends church.

Rev. Furbay resigned his South Side post last week.

West Idle After 7-6 Victory Over Fighting Irish

MIDDLETOWN GAME

Precedes Homecoming Fracas With East Tigers Nov. 9—North to Close Campaign.

Emerging from a rough and tumble fracas with Aquinas on the long end of a 7-6 score last Friday afternoon, West's scrapping Cowboys will take a deserved rest this week end, reopening activities again next Friday night, Nov. 2, with the powerful Middletown eleven furnishing the opposition at Middletown.

The game, originally slated for the local gridiron, was re-scheduled this week at the request of Middletown officials. Students who have purchased season tickets will be accorded a satisfactory compensation for the loss, it was announced by Harold E. Wise, West athletic director.

West took a beating from an inspired Irish squad last week—a beating that might have been mitigated somewhat had officials seen fit to penalize the rough play which cropped out far too often.

It was with finesse and power, however, that the Cowboys marched to their initial touchdown in the first period, Francis lugging the ball over from the two-yard stripe on a deceptive play. Howard Gibson banged off the tackle to score the point that ultimately decided the winner.

Two 30-yard passes from Vagnone to Alloy scored the Terrier six-pointer in the second period, Melchiore's drop-kick for the extra point being low. The remainder of the game was featured by rough play and a futile Aquinas passing attack.

There remains much to be done to improve the offensive play of the Cowboy line before the campaign is resumed a month hence, if West is to continue to race high in the city circuit.

It must be mentioned, however, that the West attack bogged down only after Dick Francis had sustained an injured hand, early in the game. It was this mishap that caused the wing-heeled one to fumble a Terrier punt

HILLTOP BANTAM'S GOAL UNCROSSED

Cop Third Straight Saturday With 13-0 Win Over C. C. Smoke Shoppe.

Winning their third straight victory Saturday morning and maintaining an unblemished goal line, the Hilltop Merchant Jrs. continued on the heels of Posey's Restaurant in the city bantam circuit. Saturday's win was over C. C. Smoke Shoppe by a 13-0 score.

A 76-yard march with Cruise, Moyer and Jenkins lugging the oval produced the first tally, Cruise taking it over the final chalk mark and taking a backward lateral from Moyer for the extra point. Another 50-yard march with Cruise and Moyer alternating, completed the day's scoring. Emery at end and Case at center played well on the line.

Floyd Elliott will present violin selections and Harold Sinclair will sing. Mrs. Clyde D. Moore is in charge of the music.

Francis Hurt; West Title Hopes Dimmed

West High's championship hopes were further dimmed this week when it was learned that Dick Francis, star ball toter, had sustained a severe injury to his right hand in the Aquinas game last week. A small bone was fractured during play early in the game, and although he finished the battle, he will be out of the Middletown fracas next week and may not see action in the East encounter two weeks hence. Maxwell will replace him.

Bahan, out of the line-up since the South game, may get into next week's clash at the center post. He has suffered from an attack of boils, Balleuger operating in the pivot position during his absence.

The cemetery, in which 2260 confederate prisoners were buried during the civil war, was cleared of weeds, brush and debris, and the large monument which stands in the center of the plot, cleaned.

Trolley Bus Route Proposed At City Council Meeting

LOCAL RESIDENTS FAVOR

Resolution Introduced at Monday Assembly of City Fathers; League to Elect.

At a meeting of city council Monday evening, a resolution was read for the first time proposing routes to be followed by trolley buses, sought by council and local residents to replace the present street car service on Sullivant avenue.

The resolution, which met the approval of more than 200 residents in the south section of the Hilltop, must be read at two more meetings of city council before a vote may be taken.

According to the proposal, trolley buses will be operated from a point in the vicinity of Hague boulevard, on Sullivant avenue, moving east to Glenwood avenue; north on Glenwood to Rich street; east on Rich to McDowell avenue; north on McDowell to Town street; east on Town to High street, and north on High to Spring street, and returning via the same route.

It was pointed out by local residents and officials of the Southwest League that this would give downtown transportation service to residents of the community which has not hitherto been available.

In addition, gasoline operated buses would be used on Hague avenue, moving north on Hague from Sullivant avenue to Broad street and west on Broad to Sylvan avenue, returning via the same route.

Mark the Words -- An Editorial

When the Reverend Samuel Francis Smith wrote "My Country 'tis of Thee," he composed two stanzas, not about rocks and rills and templed hills, but concerned wholly with education. We have not through the years sung these highly fitting stanzas but they are in the original poem and should be used today and always, for they deal with one of the fruits on sweet freedom's tree praised so highly in his immortal lyric.

The stanzas following the one bidding the rocks break their silence in freedom's cause apply to our present crisis.

Our glorious Land today
'Neath Education's sway
Soars upward still.
Its hall of learning fair,
Whose boundless all may share,
Behold them everywhere
On vale and hill.

They safeguard Liberty.
The school shall ever be
Our Nation's pride!
No tyrant hand shall smite,
While with encircling might
All here are taught the Right
With Truth allied.

Samuel Francis Smith you spoke wisely. Why have we neglected these inspiring lines? The author belonged to the famous Harvard class of 1829, living today as one of "The Boys" in Oliver Wendell Holmes' well-known poem, written to commemorate the thirtieth reunion of that class made memorable because it gave so many leaders of action and thought to the nation.

"Fate tried to conceal him by naming him Smith," says Holmes.

"But he shouted a song for the brave and the free.

Just read on his medal—'My Country 'Tis of Thee.'"

One of the biggest Republican rallies ever held on the Hilltop is scheduled for tonight at 8 o'clock in the auditorium of West High school. The affair will be preceded by a parade slated to get under way at shortly after 7 o'clock.

The entire procession, with its drive of flares, noise makers, bells, sirens, etc., will move west to the high school. Open House At Hilltop Schools Next Week

PAUL SELBY TO SPEAK

Exhibits, Art, Vocational Work, Music, Plays, to Be Feature of American Education Week.

Extensive plans for the observance of American Education Week were being completed today by the Hilltop schools.

This week, celebrated throughout the nation by music, plays, speeches, art and vocational work, exhibits and other educational activity, begins Sunday and continues through next Friday.

Highlight of the programs will be an address at West Junior High school, next Wednesday at 2 p. m., by Attorney Paul Selby, assistant in the State Attorney General's office.

American Education Week will be observed by West High school, West Junior High school, the West Broad Street, Highland Avenue, and John Burroughs Elementary schools, and the parochial schools, St. Aloysius and St. Mary Magdalene. Parents and the public are urged to visit the schools during the week.

"American Citizenship Through Education" is the topic of Mr. Selby's address. He will emphasize the growing importance of protecting education programs. Adoption of the three-mill levy will be urged in his speech. "There is no other way of saving our schools from gradual but certain ruin," he declares.

Open house will be held in the schools in both classes and study halls. Monitors in the corridors will direct visiting parents and those who are interested in the schools. Art work, plays, English compositions and speeches will be featured in the elementary schools. H. L. McMillen will be in charge at John Burroughs school, Miss Harriet Judd at West Broad Street and Miss Matilda Stuart at Highland Avenue school.

More than 25 students will be honored at the special assembly Wednesday at 2 p. m. at West Junior High school. Scholarship, school spirit, loyalty, courtesy, participation in outside activity, deportment and punctuality are the qualities which justified their election to "Excelsior," honor society. Names will be announced next week, according to Principal H. H. Leighley, in charge of arrangements. The junior high orchestra will play for the assembly, under the direction of Miss Ola Trump.

General programs with special features will be held at the open house programs at West High school, according to Principal Otto H. Magly. One subject, such as history, art, metal working, economics, and music, will be the special tone of each day's program. There will be displays and exhibits of work in the various departments.

Visitors are welcome at anytime during the week, but Wednesday has been set aside as a special visiting day.

Posters and mimeographed bulletins were sent home with each elementary school child, announcing the specific theme of each day and outlining the next day's activities at the school. Short patriotic programs will be given in the halls on Friday by the elementary school children.

Garbo, Gable? Huh! Nothing to These Highland Scholars

More than 600 elementary pupils at Highland Avenue school crashed the Hollywood gates to become actors and actresses of the silver screen last Friday afternoon.

T. W. Wright, 238 Columbian Ave., brought equipment and served as cameraman while children, teachers and the janitor displayed their histrionic abilities in the school and on the playground.

Films of the teachers and the children performing their regular classroom activities as well as special stunts were taken. Several shots were filmed of basketball and baseball games. One shows the children at fire drill, one shows the children crossing West Broad street with a safety patrol, and one is of the pupils singing good morning to the teacher.

"It is the most instructive and entertaining feature the children have had in a long time," reports Miss Matilda Stuart, principal.

The film is to be shown at the meeting of the Highland School Parent-Teacher association next Thursday at 7:30 p. m.

Thatcher's Life Spent In Service

Emphasized as a paramount qualification for re-election by scores of friends, twelve years in office stand as an imposing monument to the public service rendered by Arthur J. Thatcher, Democratic nominee for Franklin County Auditor.

During his long and efficient stay in this important position Thatcher has acquired a reputation among leaders of both parties as a public servant who plays no favorites but substitutes the sincere policy of fairness and impartiality to all. Despite his Democratic affiliations, he is known to a host of Republicans as one man who can be neither bribed, bluffed or intimidated.

Honesty, efficiency and equality in governmental affairs form cardinal points in his versatile platform, which recognizes public office as a public trust and one in which the confidence of his followers must always be justified. Prominent newspapers throughout the state endorse Thatcher as an auditor of front rank and one who is unbiased by color, creed or underhand politics.

Arthur J. Thatcher rose to the tale of true progress upon ladder marked by friction and handicap. Boyhood jobs in a grocery, a china store and a buggy company were mere turning points for promotions to bookkeeping position which brought out a rare quality of business intelligence not at a premium in the makeup of public officials. Ownership of a cigar store, news stand and a barber shop further sharpened his business ability and strengthened his popularity with all classes of people.

Another remarkable contribution to Thatcher's varied youthful experience was a route salesmanship proposition in the bygone days of home baking. The surge toward preeminence gained momentum later, when his work as a political writer on Columbus newspapers drew much favorable comment and a keen insight into the twin requisites of public affairs and political economy.

Rapid advancements followed in the maturing life of Arthur J. Thatcher, in the form of chief clerk in the city department of accounts, examiner of public offices, secretary to Mayor Karb in 1912, Director of Public Safety, Deputy Commissioner in the State Securities Dept. and eventual election to the county auditorship in 1922. Such an array of public service is the most effective background that a candidate can possibly command.

Termed by lawyers and business men from all corners of Franklin county as a real student of government and economics, Thatcher adds a valuable knowledge of tax problems and solutions to a list of qualifications demanding the earnest consideration of all conscientious voters.

Sponsored by Thatcher for Auditor Committee

Seeks Re-election to Domestic Court Bench

There is no substitute for judicial experience. Judge E. V. Mahaffey, present judge of the Court of Domestic Relations, is the competent, qualified and experienced candidate for re-election to this office. He was elected as the first judge of the Court of Domestic Relations of Franklin county in 1929. As such, it was necessary for him to organize this court. That he did his work well is evidenced by the fact that his court is now a model for many others throughout the country.

As a friend of the unfortunate, dependent, and delinquent child, Judge Mahaffey has devoted a great amount of time to the juvenile department of the court. The probation system established by him has been outstanding in its success and has received national attention. He established classes in child guidance for parents of delinquent children. This plan has worked so well that it has been adopted by the Ohio Probation Society and will be installed in every juvenile court in this state.

His philosophy has always been that those people appearing before him in unfortunate circumstances, have the same right to fair hearing and their day in court as those more favorably situated. Every case receives thorough and impartial consideration and, where circumstances warrant, a complete investigation is made before an opinion is rendered. His guiding motive has always been a true desire for good government, and fair treatment to all classes.

Judge Mahaffey recently received the endorsement of the Columbus Bar association for election to the office which he now holds.

Judge Mahaffey received his legal education at Ohio State university, he is married and lives at 150 Dunedin Rd. He is a member of the United Presbyterian church and numerous social and fraternal organizations, including Masons, Elks, Shrine, Moose, Eagles, I. O. O. F., Red Men, K. of P., Exchange Club, Charity Newsies, and the University Club.

Sponsored by the Mahaffey for Judge Committee.

Gingher Campaigns for Re-election to Senate

Described by writers and colleagues as approaching "skyrocket" proportions, the legislative eminence attained by State Senator Paul R. Gingher during a brief first term is heralded as the prime basis for the Columbus solon's campaign for re-election in the Tenth Senatorial District, comprising Franklin and Pickaway counties.

Despite the handicap of a Republican minority in the upper house of Ohio's General Assembly, in two short years Sen. Gingher has become the G. O. P. standard-bearer through the application of sound and deservingly popular principles advocated in his original campaign. Today his prominence is recognized by leaders of both parties and experienced political observers predict a still more brilliant career for him in the future.

Representing a cross section of popular opinion, Karl B. Pauly, feature writer for the Ohio State Journal, recently published this endorsement: "It has taken only a few months for Senator Paul R. Gingher of Columbus to progress from a legislative neophyte to one of the most outstanding members of the General Assembly. Ask any close observer of the workings of the Legislature about Paul Gingher and you will hear how he has come to be regarded as the bed-rock of that sometimes turbulent body, the Ohio Senate."

Obviously this spectacular concentration of legislative experience speaks well for the qualification virtues of Sen. Gingher, who incidentally was educated in Franklin county and is at present a partner in the law firm of Druggan and Gingher. His many friends and supporters are predicting that the earnest consideration of November voters will result in his re-election by a substantial majority.

Sponsored by Gingher for Senator Committee.

Ross E. Anderson

Nominee On the Republican Ticket for Re-election to the Office of Sheriff of Franklin County.

One of the best known men who is candidate for office in the November election is Ross E. Anderson.

During his past term, Mr Anderson has proved himself a most capable county official, having all the necessary qualifications for the office of chief law enforcer of the county. Staunch and just, he has striven at all times to maintain order and to give every citizen their proper rights in the maintenance of prospective measures at all times.

Ross Anderson is charitable and kind, always has time to share a problem or undertake some request, he is a diligent worker and long hours and arduous tasks are trifling to him in the pursuit of duty. He is earnest in his work and unafraid to stand on proclaimed principles. He knows the county from one boundary to another and knows the people in the towns and townships. He has a reputation for honorable dealings and fair treatment and will continue to use these innate qualifications in the office of Sheriff, where they are so necessary but often lacking.

Ross Anderson is a staunch Republican but he is a man who will serve all, regardless of party affiliations, in a broad, definite manner. Regardless of the intensity of problems or the emergence of any situation, he is capable of clear thinking and the ability for handling matters to the credit of all concerned.

Mr Anderson has a host of friends who admire him for his upright and non-partisan methods. He is a conservative person who will do all in his power to eliminate unnecessary expenses. A dominant requirement for the office of Sheriff is courage and Mr. Anderson abounds in this quality as well as he does in justice and honesty. He is well liked and has an army of staunch friends who believe in him and his ability as chief law enforcer of the county and would like to see him re-elected. He has given a fine administration during the past two years and rightfully deserves re-election to continue the good work.—Adv.

Vacca Promoted

Peter Vacca, Attorney, 610 Columbian Ave., has been made a first lieutenant in the Military Intelligence, United States Army Reserve. Notification came from the war department, Washington, D. C. Attorney Vacca received the promotion by virtue of efficient service and by possessing the departmental requirement of speaking two languages in addition to English. He speaks Italian and Spanish.

Henry Frank

A Franklin County Man By Birth, Is Candidate for Treasurer On the Republican Ticket.

Home Owners in Franklin County are vitally interested in who will serve as County Treasurer during the next two years and probably not for many years have they shown such a keen interest in selecting the right man for the place. Thousands of voters in Franklin county will cast their votes for Henry Frank, a man born and reared in Columbus who was renominated by the Republican party at the primary for this office.

He stands on a platform of fairness and promises a speeding up of activities in this office so that at all times City, County and State officials and the people in general who are interested will know the exact status of the treasury. His past record proves that he has the qualifications for a good County Treasurer, diligent and painstaking, and the caliber of service which he would render in this office would be one of the very highest type.

He has been a collector of taxes, rather than a receiver of taxes. Inheriting the mass hook idea for the collection of delinquent taxes in small payments, some five thousand taxpayers have taken advantage of this service. Records of the Treasurer's office also show four thousand taxpayers are paying under the Whittemore Act.

In these trying times it is encouraging to learn that Mr. Frank has collected his entire current duplicate and has retired one hundred thousand in delinquent taxes. The collection just closing also shows in addition to this, old personal taxes in the amount of eighty thousand dollars have been collected during the past year that Mr. Frank has been in office.

Keeping records on tax payments and assessments in a city and county as large as Columbus and Franklin county is no small task and the Treasurer is responsible for many workers under him in detailing this information into record form for time to come.

Mr. Frank's organization ability serves him well in dividing the duties of the office and seeing that every department of work is efficiently handled. That he will continue to render impartial service to the people of the county, goes without saying. He is widely known and liked and more and more people are gathering interest in his campaign as times goes on.—Adv.

Middletown Next Foe Of West Hi Cowboys

Continued From Page One

on his own 12-yard line, where the Irish recovered. For the following two minutes, the Cowboys played the best football of the year, driving the fighting men of Boland back and taking the ball from them on the 30-yard line.

The improved drive of Dittick was the game's most pleasing development while Gibson also showed flashes of power on off-tackle slants. Francis, as always, turned in an excellent performance.

Undefeated in six games, Middletown will be met next week by the Wisemen, and if Francis' injured hand fails to respond to treatment, he may not get in the game at all.

East High's Tigers invade the Cowboy stronghold on Nov. 9, homecoming day, and they have hit their stride as evidenced by their 20-13 win over Central last Friday evening. On Nov. 16, North will tangle with the Cowpunchers also on the local field.

The Maroons will furnish the Cowboys a battle, having the hardest tackling unit in the city. Against East, West will have no more than an even chance. Injuries will prevent the Cowboys from having their full strength in the game against Middletown, so that looks like another on the chin.

All in all, it appears as though the Hilltoppers have finished the easier portion of their schedule.

Bus Route Proposed At Council Meeting

Continued From Page One

The proposal is being backed by the Southwest League, officials of the organization pointing out, however, that the plans had nothing whatever to do with the proposal to remove the Cincinnati and Lake Erie freight and passenger traffic from the southwest section of the community.

Next Monday evening, Oct. 29, the League will hold its official organization meeting at the St. Mary Magdalene church. Permanent officers will be elected at that time and a full attendance is being sought by the temporary administration, selected at a meeting held more than a month ago.

The membership drive, which already has accounted for a membership of 800 family heads representing 2200 voters, is still in progress. Nine divisions have been mapped out, with a captain selected for each division. Reports Monday night are expected to send the membership over the 1000 mark.

Nature Club Elects

When the first meeting of the West High Nature Club was held Thursday afternoon, Oct. 18, after school in room 158, the following officers for the year were elected: President, Fred Wilson; vice president, Dale Jenkins; secretary, Virginia Haley; chairman of programs, Tom Kimmel, and publicity chairman, Paul Cochum. On Saturday, Oct. 20, the club took a hike under the leadership of Mr. Lomerson, and at which time a study of the Fall birds was made.

West Plans Air Attack On Middletown Tonight

Down-Staters Are Heavy Favorite To Overwhelm Crippled Cowboys

Middletown Has Won Six Straight—Goal Line Uncrossed; Francis to Be Out of Game.

By JOHN WOLFE

Local football fans who trek southward tonight to watch West's crippled Cowboys battle under the lights with the formidable Middletown eleven, will witness some spectacular play. This is the opinion of Coach Harold E. Wise, whose team has everything to gain and nothing to lose.

The game, scheduled to get under way at 8 o'clock, with the undefeated down-staters heavy favorites to cop the decision, will find the Cowboys "opening up" in hopes of victory.

Passes to Fly

Outweighed many pounds to the man, in the backfield and on the line, and minus the services of "Dick" Francis, the scarlet chances are slim indeed. Through the past week, however, the Cowboys have been drilled in aerial play, and there will be much oval-tossing tonight—barring rain or bitterly cold weather.

The Middletown aggregation is by far the toughest foe the Wisemen have yet encountered, boasting of victories over six consecutive opponents, including Columbus East to the tune of 33 to 9 and last year's state champs, Springfield, 19 to 0. To top it off, its goal line is unblemished. The team's backers, after a 14-0 victory over Portsmouth last week, are talking "state championship."

Francis Won't Play

Ray Maxwell, lithe and willowy halfback, will replace Francis in the Cowpuncher backfield tonight, the latter's broken hand being still on the mend. The only other probable change will be at center, where Bayha will replace Ballenger.

With two tough games with East and North coming up, Coach Wise is not expected to utilize the services of Francis at all, even though the fracas becomes unexpectedly close.

Homecoming Next Week

Next Friday afternoon, on the local field, East and West will meet as the feature attraction of homecoming festivities. Both aggregations have won three in as many starts in the city circuit, and the winner will have the inside track for the city title, being assured of at least a tie for the coveted bunting.

The loser, on the other hand, will still have a chance, although East meets South in the Tiger finale and West meets north.

SQUELCH SUPERIOR

George Williams tells one on himself when a long spell back he called the girl friend, seeking to deceive her by draping a handkerchief over the mouth-piece of the telephone.

"How 'bout goin' out with me tonight?" suggested George.

"Sure," responds the lady, "but you'll have to hurry up and get around early, 'cause George is a-comin' over tonight."

And was George's physiognomy vermillion?

BIDDY BITS

Chas. X. Apel, the banker boy, is shaving but once a wk. now, having attempted it twice last wk., almost taking his own life. . . . Sue Barrell (the girl in the little black hat) uses Gardenia perfume. . . . Juanita Huntsbury goes by the nickname of "Gooseberry." . . . Coach Harold Wise once played the drums in a school orchestra. . . . M. McCarty and Fred Shephard are looking down on people now—with their high heels et al. . . . Lady customers always ask "how much," a local store clerk tells us. . . . Bill Burr, the football man, is nick-named "Beanpole."

LOOKOUT ROSES

Belated floral offerings to Jack Shank, one of the few chaps hereabouts who never went on a joke-telling strike when the "depression" started making some much-needed repairs here and elsewhere.

I'LL REMEMBER . . .

Harriett Judd, for what she gave to me, and so many others, not in "facks and figgers," but in ways and means of living. I wish she could reap what she has sown. I wish someone could tell her how much she has done—now hidden in silent hearts and minds of hundreds she has taught—many now "grown up." Her work will not be lost—even when all of us quit remembering. . . . And Mary Baker's ability to make molehills of mountains. It takes more than faith to do that, for faith, as you know, only moves them. . . .

FILLER

I forget whether it's G. Williams, C. Chrisman or Ed House, but one of those chaps is wearing a hat obtained from a party cloak room. But of course, if one is last to leave, he can't expect the best loot. . . . William (Pee-Wee) Knox is forever "dressed up" since he got outa collich. . . . Curty Allen is grinding away till 1 and 2 each a. m., sorta working on math problems they dish out at the university. . . . I've never found a four-leaf clover. . . . A girl friend of Helen Line's, at 11:30 Wednorning, was overheard by this eavesdropper: "Well, I guess I can call her now, and get her out of bed." . . . Wonder if Cliff Kohn ever worries about anything? . . . Tug Draper lamped on W. Broad Sunday last, four huge law books under his wing and a profound look on his countenance. . . . Fred Gurley and wife, lugging home the Sunday groceries Saturevening. Fred was doing the lugging. . . . Christine McKenzie is reading A. Adverse, as is Dick Baesman, Rose and Kat Ferguson. Bob F. started but alas. . . . Wonder who those giggling girls were who called in the nicknames of some of the Cowboys?

-- Ambassador Revival Quartet --

Rev. Hurley Cross, evangelist of Mt. Pleasant, Ohio, is conducting revival services at the Highland Avenue Friends church Sunday, and continuing every day at 7:30 p. m. until November 11.

He is assisted by his three brothers, Eugene, Charlie and Ronnie of Greensboro, North Carolina. The four constitute the Ambassador's quartet. They are to sing each evening.

Tonight is to be Sunday school night and all classes have been requested to be present.

Cold Boosts Coal

Brr, shivering spines and chattering teeth have driven many Hilltop men into the basement this last week to build a fire, only to find the coal bin empty.

At least that is the opinion of Hilltop coal dealers. They announce a sharp increase in sales followed the cold snap which began its greatest severity early Sunday morning.

No immediate increase in prices is expected, however, the dealers believe, although the market is uncertain due to controversy over the codes.

The Famous Purple Cow Has Nothing On Hilltop Residents At Hallwe'en High Jinks

"Reflections on a Mythic Beast
"Who's Quite Remarkable, at Least.",

"I never Saw a Purple Cow;
"I never Hope to See One;
"But I can Tell you, Anyhow,
"I would rather See than Be One."
—Burgess.

Skeletons, witches, ghosts, hobgoblins, and stranger things than purple cows, spent the week slinking down Hilltop streets and alley-ways and attending masquerades.

Fred Sulzberger's friends are still trying to figure out what he was trying to represent at the Hilltop Business men's party, held Tuesday night, at Oak Grove Park. He appeared with hugh feet, hands and ears, resembling an animal from another world.

Costume prizes at the party were won by Mrs. W. M. Baker and Curt Wilcox in gay ninety attire; by Mr. and Mrs. Tom Zelkoff in a period costume; and by Dr. and Mrs. Kaiser in eccentric dress.

A skeleton, fat girl, Spanish girl and of all things, Elmer, appeared in the persons of Dr. J. H. Czatt, Mrs. Fred Sulzberger, Mrs. C. W. Wagner, and C. W. Wagner. Door prizes were won by E. C. Richards, Paul Bernard, Fred Ralther, Mrs. E. E. Steele, Mrs. P. E. Todd, Mrs. A. S. Nafzger and Mrs. Fred Sulzberger. Mose Williams, W. H. Jones, and Cliff Rice served as judges.

A number of private parties were held throughout the Hilltop in various homes, and the Camp Chase post gave a free Hallow'en party Saturday at its club rooms.

Horse play of the rougher sort was practically absent. A favorite activity of the celebrators was a polite form of black mail. Food, candy or drinks were demanded as cost of immunity from ringing doorbells, soaped windows and upset garage pails. One little fellow on Warren avenue was offering to accept money in lieu of food. He made 60 cents in one night.

A downtown celebration was held Wednesday night on High St., between State and Long. Traffic was cleared to permit festivities to rage unrestrained.

School Levy, Candidates, Bond Issue To Hold Hilltop Interest At Election

West High Students Will Try To Toot Other Fellow's Horn

Mrs. W. E. Ferguson Appeals to Composers to Write New Pep Song for School.

An appeal is being sent out this week by Mrs. W. E. Ferguson, sponsor, for used instruments which the West High school band needs badly. Persons having musical instruments no longer in use, or instruments they could not learn to play, are urged to contribute them to the band.

A request has also gone out for amateur composers to try their hands at writing a new school song for West High. Manuscripts may be addressed to Mrs. W. E. Ferguson at the school.

Republican Rally Proves Success

Myers Cooper Pronounces Local Ticket Best in State; County Candidates Introduced.

More than 700 persons heard former Governor Cooper speak at the Hilltop's most successful Republican rally, held Friday in the auditorium of West High school.

"There are more able men on the Franklin County Republican ticket than on any other county ballot in the state," declared Cooper. "And I have seen them all," he emphasized.

An old-time political parade with flares, drum, fife and bugle corps was held from two points and converged at West High school. One unit formed at Hague and Sullivant and the other at Wrexham and Belvidere avenues on Sullivant.

In addition to many wagons supplied by candidates, the Camp Chase Post Drum and Bugle Corps, the Old Guard Drum Corps, and the Bloce Post Drum Corps, supplied music for the parade. Each unit participated in the parade and then marched to the front of the well-filled auditorium, performed for the spectators and then filed from the building. The Camp Chase and the Bloce Post units were in uniform and made an impressive showing.

Fate of Willis, Schneider, King, Thatcher At Stake Tuesday

City Salaries, Service, School Welfare and P. W. A. Projects Depend On Ballot.

The fate of the three-mill school levy, the $800,000 city deficiency bond issue, and the candidacy of four local men, are the highlights of Tuesday's election for Hilltop residents.

Arthur J. Thatcher, Charles E. King, William Schneider and Sam Willis are the Hilltop Men who are campaigning for public offices. Thatcher is working for re-election as county auditor, Willis for county clerk, Schneider for county recorder, and King for clerk of courts.

Should the paramount issue of the three-mill school levy be defeated, curtailment of educational activities and slashing of the teachers' salaries will follow. The present distress of the schools followed the reduction of the 15-mill tax limitation to 10 mills. Educational functions have been hampered seriously from the comb nod effects of delinquent taxes and the 10-mill limitation. The three-mill levy, if passed Tuesday, will restore $873,000 annually. This with the present balances, miscellaneous revenue, intangibles and the present 2.64-mill share of the levy will suffice to run the schools efficiently, according to W. V. Drake, clerk of the Columbus board of education.

Hilltop Candidates

Thatcher, who is runing for Franklin county auditor on the Democratic ticket, has served in the office for 12 years. He has come up through varied business experience to occupy a number of public offices. He lives at 2936 Crescent Dr.

The county clerkship is the goal of Sam Willis, 145 S. Roys Ave. For the past four years he has discharged the duties of the city clerk's office. He has been known as a Hilltop resident and a community worker for 30 years.

Known as the man who fought successfully to prove the unconstitutionality of the Recorder's Term Extender law, William Schneider, 155 S. Roys Ave., is a candidate for county recorder. The term extender law provided for two additional years occupancy without consent of the voters. It was passed by the legislature, signed by Governor White, and subsequently declared unconstitutional by the Ohio Supreme court. This is Mr. Schneider's first effort to win a public office.

Charles E. King, 433 S. Burgess Ave., was first elected to the office of

Persian Rugs? Phooey! Doormats, Says Local Woman

A little, dark skinned man walked down a Hilltop street, looked cautiously about to see if there were any dangerous dogs, and then walked up a flight of stairs to knock on a door.

"Persian rug, lady? Like to buy a Persian rug?" he wheedled. Then he unrolled a gaudy assortment of patterns. To the prospective victim they resembled doormats more than Persian rugs. She notified the Better Business Bureau. Leroy Morris of the bureau asked the assistance of city detectives.

"The rugs were good doormats," agreed Lieutenant Scully after investigation.

One little, dark skinned man, "Persian" rug salesman, left town suddenly.

...ciency Bond Issue

...result of the Federal government's declaration that it will discourage...nstruction in municipalities failing...ce their budgets, Columbus may lose its present and prospective work projects unless the $800,000 deficiency bond issue is passed. The recent addition to the city hall annex and Holton Park on the Hilltop are two of the works whose fate may be in the balance.

The deficiency bond issue does not represent an increase in the public debt but is a funding process to cover debt incurred by operating expenses over the last few years. It will assemble, if passed, a large number of present obligations under one bonded indebtedness for ten years. If it is not passed, city services may be curtailed and city employes continue to work without salary.

"If the deficiency bond issue fails," declared Mayor Worley in a statement to the Record, "fire and theft insurance rates must rise. Underwriters will demand this if the efficiency of those departments is destroyed through insufficient funds."

Wigwam Club to Meet

Schaefer Saves Money In Office

Annual Saving of $8000 In Operating Expenses; Further Decreases This Year.

Declaring that he has reduced the operating expenses of the county recorder's office more than $8000 annually, County Recorder Raymond E. Schaefer, Democratic nominee, seeking re-election, Tuesday, said his office is one of the few, if not the only county office which is nearly, if not entirely, self-supporting.'

Schaefer issued a statement listing expenditurues of his office.

Figures Are Listed

"The following figures, taken from the county auditor's financial report for the year ending Dec. 31, 1933, show the cost of operating the recorder's office, including the recorder's salary

...r's last $50,530.43

...haefer's first $48,158.06

...haefer's second $45,362.27

...aefer's third $42,222.37

"The present year (1934) will show increasing receipts as well as decreased operating expenses," he declared.

"The recorder's office has handled in addition to its regular work about 2000 home owners loan mortgages this year."

Schaefer said he had done this extra work without additional expense to the county.—Adv.

Letter to The Editor

EDITOR OF THE RECORD:

There are two initiative petitions proposing amendments to the Constitution of Ohio, coming before the voters at the election of November 6th.

These amendments, if adopted, prevent the disposition of the funds received from Motor Vehicles and from gasoline and other motor fuels to the use of any other purpose than highway maintainance and protection, whereas in the time of stress, these funds are necessary for welfare, school levy and other temporary aid. A vote in favor of these proposed amendments is a vote against those who may be in want for the necessities of life.

Every voter favoring maintainance of our public roads and equality in taxation should vote NO on both these amendments.—Mr. J. T. More.

FORWARD COLUMBUS

Follow in his footsteps and vote "YES" on the City Bond Ballot Tuesday, November 6, 1934 6:30 A. M. to 6:30 P. M.

A deficiency in the General Operating Fund of the City of Columbus, which accumulated through two administrations, amounting to $746,400.00, is the cause of the Bond Issue.

The loan to meet this $746,400.00 accumulated deficiency is to be secured with twenty serial bonds, payable in substantial equal semi-annual installments of $37,400.00. The first maturity will be March 1, 1936, and every six months thereafter for a period of ten years, a similar bond will be paid until September 1, 1945, when the entire issue will have been retired.

THE NECESSITY FOR FAVORABLE ACTION

Last November the people approved bond issues for public works in the sum of approximately $10,000,000.00, and almost $8,000,000.00 of the bonds that represented this public building program are already in the hands of the government and the work is only started. Its completion will be seriously delayed if this Municipal Bond Issue does not receive approval of the voters Tuesday, November 6, 1934.

There is no money to continue the payrolls of Columbus or prevent a suspension of public business unless money is borrowed by passing the Deficiency Bond Issue and, certainly, Columbus does not expect firemen and policemen and other city employes to work without pay until January 1, 1935.

COLUMBUS WITHDRAWS ITS TWO-MILL TAX LEVY FOR GENERAL OPERATING FUNDS FROM BALLOT AND SUBSTITUTES THIS BOND ISSUE

The passage of the two-mill tax levy would have placed a burden of $2.00 per thousand, or $10.00, upon a property valued at $5,000.00 and the substituted bond issue will cost the taxpayer only 13½c per thousand semi-annually or 67½c per $5,000.00 valuation—and this is the final reason why Columbus electors will vote to pay policemen and firemen and continue other civic service until the new year when a new Legislature will correct the State's taxation program.

This presentation of the virtues of the municipal bond issue has been made possible by public-spirited citizens and full information can be obtained concerning any feature of the campaign from the present city administration or the Columbus Chamber of Commerce in Columbus, Ohio.

VOTE "YES" on the COLUMBUS BOND ISSUE!

Dick Francis to Make Football History?
Coming Red Grange, Says Sport Writer

Dick Francis of West High school is being hailed as a coming Red Grange or Chic Harley by downtown sports writers, and is being given much credit for a predicted city championship win for the Hilltop team.

Jack Keller, former Ohio State university track star and now a sports scribe for a downtown paper, recently wrote a vivid three columns of unadulterated praise for the lad, and went on record as believing the West team would run away with the honors when the last ball has been carried across the goal line.

Referring to him as a star who calls plays that mean something, and runs the team with precision, finesse and style, Keller pointed out that of the 25 points the team has scored in the city high school football league, Francis made 24 of them.

In his playing the young signal calling halfback passes and punts, the latter averaging 40 yards.

Due credit was also given to Brewer as an excellent blocker, Gibson and Ditrick for knocking out ends; Burr and Focht, "the best ends a city league team ever had;" Hoffman and Randall for their smashing plays at tackle.

Bantam Weight Trounces Beatty

Hilltoppers to Play Ponzy's Restaurant Tomorrow For First Place.

The Hilltop bantamweight football team defeated Beatty Park, 12 to 0, Saturday, and will play Ponzy's Restaurant team at McKinley field tomorrow at 10:30 a. m.

The contest will be for the undisputed possession of first place and possibly for the championship. Both teams are slated for another game.

For the first time in three years of competition the locals are rated an even chance to win.

The team to date is unscored on, but they will find themselves tested to the limit when they smash against the Ponzy Restaurant machine tomorrow.

Ross E. Anderson

Nominee On the Republican Ticket for Re-election to the Office of Sheriff of Franklin County.

One of the best known men who is candidate for office in the November election is Ross E. Anderson.

During his past term, Mr Anderson has proved himself a most capable county official, having all the necessary qualifications for the office of chief law enforcer of the county. Staunch and just, he has striven at all times to maintain order and to give every citizen their proper rights in the maintenance of prospective measures at all times.

Ross Anderson is charitable and kind, always has time to share a problem or undertake some request, he is a diligent worker and long hours and arduous tasks are trifling to him in the pursuit of duty. He is earnest in his work and unafraid to stand on proclaimed principles. He knows the county from one boundary to another and knows the people in the towns and townships. He has a reputation for honorable dealings and fair treatment and will continue to use these innate qualifications in the office of Sheriff where they are so necessary but often lacking.

Ross Anderson is a staunch Republican but he is a man who will serve all, regardless of party affiliations, in a broad, definite manner. Regardless of the intensity of problems or the emergency of any situation, he is capable of clear thinking and the ability for handling matters to the credit of all concerned.

Mr Anderson has a host of friends who admire him for his upright and non-partisan methods. He is a conservative person who will do all in his power to eliminate unnecessary expenses. A dominant requirement for the office of Sheriff is courage and Mr Anderson abounds in this quality as well as he does in justice and honesty. He is well liked and has an army of staunch friends who believe in him and his ability as chief law enforcer of the county and would like to see him re-elected. He has given a fine administration during the past two years and rightfully deserves re-election to continue the good work.—Adv.

Chronicles Shown

As a part of the activities for the observance of National Education Week, West Junior High school sponsored the showing of another of the celebrated Yale Chronicles, "The Puritans." This was shown Thursday afternoon in the auditorium. Parents of the pupils were guests of their children at this show.

Sludge Treatment Called Wasteful

The sewage disposal ballot did not provide for any type of treatment.

The activated sludge treatment process which city authorities are now trying to saddle on to the community will be costly in construction and operation including patent right royalties which have been sustained by Federal Courts, obsolete when finished, and carries no guarantee of successful operation for the prevention of obnoxious odors of river and air pollution.

Mayor Worley estimates that a sewer rental of from $7 to $10 per year per family for operating the activated sludge type plant will be necessary.

If an activated sludge type plant is operated it will be necessary for factory waste to be treated before entering sewers which is definitely proven by the operation of activated plants in all sections of the country.

The minimum daily cost for treating the activated type plant of 50 million gallons per day has been figured at $33.83 per million gallon or $4691.50 per day with no elimination of obnoxious odors. A daily cost of $12 per million gallon or $600.00 per day to dispose of sludge from activated sludge type plant.

The poluted Scioto River water, poluted by sewage and factory waste from Marion, Kenton, Girls' Industrial School and other cities and towns above Columbus is purified by chemical treatment process, producing one of the purest waters for domestic use in the United States.

The chemical process of sewage treatment has demonstrated its efficiency and low cost of operation not to exceed $50.00 per million gallons or $1500.00 per day for a 50 million gallon plant.

No incinerator is necessary to burn the sludge from a chemical sewage treatment plant as the sludge has no offensive odors or disease germs and is salable as fertilizer.

Your vote will rescue Columbus from a permanent burden of an obsolete, inadequate and expensive activated sludge sewage treatment plant which affords no guarantee of relief from obnoxious odors throughout the city or from damage suits by injured property owners south of Columbus.

The adoption of a chemical sewage treatment process which can be made self-sustaining from sale of sludge instead of burning it will leave more of the tax dollar for the support of other municipal activities including our public schools.

Before the adoption of any treatment system the initiated ordinance provides for adequate tests without delay and at no cost to the City of Columbus.

The chemical plant construction cost will be spent chiefly for local labor.

'Lest We Forget' November 6

To keep our schools open,
Have ear to our plea,
Renew the school levy,
Each vote in a key,
Every door to swing free.

Make way for our children,
In learning's broad halls,
Lest idleness claim them,
Let's support their just cause.

Lead us out of considering
Even one negative thought,
Vote "yes" for upholding
Youth's right to be taught.

Thatcher's Life Spent In Service

Emphasized as a paramount qualification for re-election by scores of friends, twelve years in office stand as an imposing monument to the public service rendered by Arthur J. Thatcher.

Democratic nominee for Franklin County Auditor.

During his long and efficient stay in this important position, Thatcher has acquired a reputation among leaders of both parties as a public servant who plays no favorites but subscribes to the sincere policy of fairness and impartiality to all. Despite his Democratic affiliations, he is known to a host of Republicans as one man who can be neither bribed, bluffed, or intimidated.

Honesty, efficiency, and equality in governmental affairs form cardinal points in his versatile platform, which recognizes public office as a public trust and one in which the confidence of his followers must always be justified. Prominent newspapers throughout the state endorse Thatcher as an auditor of front rank and one who is unbiased by color, creed, or underhand politics.

Arthur J. Thatcher's rise is the tale of true progress up a ladder marked by friction and handicap. Boyhood jobs in a grocery, a china store and a bread company were mere starting points for promotions to bookkeeping position which brought out a rare quality of business intelligence now at a premium in the makeup of public officials. Ownership of a cigar store, news stand and a barber shop further sharpened his business ability and strengthened his popularity with all classes of people.

Another remarkable contribution to Thatcher's varied youthful experience was a yeast-salesmanship proposition in the bygone days of home baking. The surge toward prominence gained momentum later, when his work as a political writer on Columbus newspapers drew much favorable comment and a keen insight into the twin requisites of public affairs and politics—economy.

Rapid advancements followed in the maturing life of Arthur J. Thatcher in the form of chief clerk in the city department of accounts, examiner of public offices, secretary to Mayor Karl in 1912, Director of Public Safety, Deputy Commissioner in the State Securities Dept., and eventual election to the county auditorship in 1923. Such an array of public service is the most effective background that a candidate can possibly command.

Termed by lawyers and business men from all corners of Franklin county as a real student of government and economics, Thatcher adds a valuable knowledge of tax problems and solutions to a list of qualifications demanding the earnest consideration of all conscientious voters.

Sponsored by Thatcher for Auditor Committee.

WEST BATTLES FOR CITY GRID TITLE

School Levy, City Bonds Pass; Local Men Elected

Hilltop School Leaders Jubilant; See Education Safeguard Trend

Thatcher and King Sweep to Victory And County Offices; Willis and Schneider Lose.

The Hilltop received more than an even break Tuesday with the passing of the Three Mill levy, the city bond issue and the election of two of its four candidates.

Hilltop school executives today were gratified at the outcome of Tuesday's election returns. The three mill levy passed, thus guaranteeing the continued operation of city schools at a reasonable level of efficiency.

Evidently in very good nature, the voters also approved the $800,000 city deficiency bond issue. This provided for the multitude of small obligations which had been incurred in the operating deficit the last few years to be assumed under one gigantic bonded indebtedness. It represents an effort to balance the budget. It will assure city services and salaries.

Tears and laughter mingled in the Hilltop political camps as the West end list broke even on the voters verdict. Thatcher and King were swept into county offices on a re-election try, while Willis and Schneider lost in their efforts to find a berth in the Courthouse.

School Distress Relieved

The present distress of the schools resulted from the combined effects of delinquent taxes and the constitutional 10-mill limitation. With the approval of the three-mill levy at Tuesday's polls, present balances and prospective income should suffice to run the schools with reasonable efficiency, according to figures of W. V. Drake, clerk of the Columbus Board of Education.

Hilltop school principals, Magly of West High, Reighley of West Junior, McMillen of John Burroughs elementary school, Harriett Judd of West Broad Street school, and Matilda Stuart of Highland elementary school, worked hard for the success of the three-mill levy. They regarded it as essential to the welfare of the schools and children.

Hilltop Candidates

Arthur J. Thatcher, 2330 Crescent Dr., was reelected county auditor on the Democratic ticket. He has held the office for twelve years.

Charles E. King, 433 South Burgess avenue, was sent back into the seat of clerk of courts. He began there in 1926 and has held the office until the present time.

The county clerkship was lost by Sam Willis, 145 South Roys avenue, formerly city clerk, and William Schneider, 155 S. Roys avenue, who protod the unconstitutionality of the recorders Term Extender law, failed to win the office of county recorder.

"The vote for the school levy shows conclusively that the citizens of Columbus and of the Hilltop, in particular, want good schools," declared Principal H. H. Reighley of West Junior High school, "By approving the three-mill levy the people of this city are saying emphatically to the newly elected governor and to the general assembly that they will expect them to provide such additional funds for state revenues as are necessary to continue our present public schools."

Contest At Glenwood

The annual Prince of Peace contest will be held at Glenwood church Sunday at 7:30 p. m. The following speakers and subjects are planned:

"We Learned," C. Herschel Jones, Betty Overholt.

"War For Profit," Arthur Magilson, Jane Phillips.

"Lemmings or Learners," Claudia Moore, Ernest Hicks.

"Merchants of War," Horace Hahn, Earl Weber.

B. K. More's Sentiments

The letter concerning the amendments to the Ohio Constitution, appearing in last week's Record, represents the sentiments only of Bernice K. More, the author.

Local Students Pledged

Martha Swigert, 46 N. Ogden Ave., and Alice Gregg, 215 Whittethorne Ave., have been pledged to Masquers, student dramatic organization at Capital university.

Welsh Sing to Be Held Friday Night At Hoge Memorial

Snyder and White to Judge, Conduct Contest; Voice, Instruments in Competition.

More than 75 singers and instrumentalists will participate in the Eisteddfod, musical contest, to be held at Hoge Memorial Presbyterian church next Friday, 7:30 p. m.

Solos, duets, trios, mixed choruses, recitations, violin and piano music will be sung, spoken and played in the competition.

The contest is an old Welsh tradition, hundreds of years old. Effort will be made to have the program at Hoge Memorial follow in approximate detail the Welsh custom.

Professor Ellis Snyder, of Capital university, will serve as adjudicator, or judge of the contest. Rev. Chester White will be the conductor of the evening.

There are to be two 25-voice choruses in competition as the feature of the evening. Mrs. R. L. Gilliam and Mrs. E. D. Tingley are the respective leaders of the sing.

Dorothy Seiller Receives Honor

Dorothy Seiller

Dorothy Seiller, 29 Eldon Ave., has been elected president of Monnett hall, women's dormitory at the Ohio Wesleyan university, Delaware, for this year.

Election was by the residents of the hall.

Miss Seiller is a graduate of the class of '32 at West High school, and at present a junior in college and a member of Kappa Delta Theta sorority.

She is the daughter of Mr. and Mrs. M. W. Seiller.

Camp Fire Girls To Hold Meeting

The entire west district of Camp Fire Girls will focus its attention on the joint training course and guardian meeting, Monday at 2:30, at the home of Mrs. P. B. Benton of 107 Roys Ave.

The topic of the round table discussion will be "Camp Fire Needs and Problems of the West Side."

The meeting will be supervised by Miss Ruth Haxlet, the executive secretary of the Columbus and Franklin county Camp Fire Girls.

There are over one hundred and sixty girls of 10 years and over who are engaged in active Camp Fire work on the West Side.

Acid Poison Kills Hilltop Resident; Companion Better

R. C. Morrison Found Dead Of Carbolic Acid Poisoning; Cramer in Mt. Carmel.

His face twisted and blue from the death agonies of carbolic acid poisoning, R. C. Morrison, 55, of 126 Highland avenue, was found dead Tuesday afternoon by police in the gully at the north end of Oakley avenue.

Writhing in horrible pain, Edward Cramer, 46, of 304 Belvidere avenue, lay beside the stiffening body of Morrison.

A half empty bottle of the poison was found in the pocket of the dead man.

The two men evidently had lain in the gully for nearly two hours, neighbors said, before the police were called. Between them there was a half emptied half-pint bottle of liquor.

Cramer Recovering.

Patrolmen C. H. Golnen and Carl Moffitt hurried the men to Mt. Carmel where Morrison was found to be dead and Cramer was worked over with a stomach pump. He is now much improved and is expected to recover.

Beside the bottle of poison found under Morrison's body was a bottle which had contained buttermilk.

A few hours before the tragedy, the dead man had purchased the poison from a West Broad street druggist. He claimed to need the acid for the treatment of sore feet, but examination proved there was no such ailment.

Coroner Smith reported that Morrison probably died of heart failure after drinking the mixture of liquor and acid.

The body of Morrison was taken to the Spears & Born funeral parlors.

Legion Boxing Bouts

The Camp Chase Post of the American Legion will hold another of its boxing bouts Tuesday at the Knights of Columbus hall.

Harley Cup Virtually Assured Winner Of West-East Tilt At Homecoming Game

North High Remains Only Obstacle After Today's Game, If West Wins

Wise Predicts Bitter Clash, Francis, Randall Are Crippled, But Promised Action; Ditrick Hurt.

By JOHN WOLFE

With cuts, contusions, wrenched knees, twisted shoulders and broken bones either mended, healed or forgotten, a fighting West High football squad will take the field this afternoon at 3:30 o'clock to battle against the East Tiger.

The Harley Trophy, symbol of the city scholastic grid title, is virtually assured lodging through the year with the winner.

The game, the sixth between the two schools since the new athletic regime under Harold E. Wise at West High, will be the feature of annual homecoming activities at the Hilltop institution.

Ditrick

Officials anticipate the largest crowd ever to witness a grid battle on the local field. Alumni and school authorities have planned special ceremonies to precede the game and a dance to end the celebration. It will be held in the school gymnasium in the evening.

Championship at Stake.

Win, lose or draw, one of the two squads will be the 1934 city champions. The Tigers will be striving to retain the trophy captured last year and the Cowboys will be after their first undisputed title in almost two decades.

After defeating the Bengals last year at the Ohio Stadium to share the championship, the Cowboys relinquished their hard-earned honors when it was discovered that a substitute player, who was over the age limit, had participated in two games during the campaign.

The Wisemen will enter today's battle on even terms with the Tiger, insofar as records against common opponents, merits of the respective players won and lost are concerned. With the exception of a few bruises, injuries which have been so abundant in the cowpuncher stronghold, are almost things of the past.

Randall

East has defeated Central, North and Aquinas in the city circuit while West boasts of decisions over South, Central and Aquinas. Against Middletown, the Tigers were vanquished 38-0; West, with Francis and Ditrick out with injuries, lost to the same team, 39-0.

War Dangerous? Sissy's Game Say Battered Referees

FROM the time when the prehistoric Stone Ax eleven tangled with the Skull Crusher's grid team and the Cave Dwellers' baseball teams met under the blazing Eolithic sky, the lot of the umpire and referee has been a hard one.

Imprecations and pop bottles have been hurled at his head. Either way his decision goes, someone is disappointed and mad. Mad enough to yell for his head.

Saturday's game between the Hilltop Merchants and the St. Clair Boosters was no exception. An off-side decision was made and bang! the riot was on. Police at the Central and McKinley avenue field broke up the demonstration. No one was injured.

The Hilltop Merchants team won, 12 to 6, and are still trying to explain that the police did NOT help them.

North High Remains Only Obstacle After Today's Game, If West Wins

Wise Predicts Bitter Clash, Francis, Randall Are Crippled, But Promised Action; Ditrick Hurt.

By JOHN WOLFE

With cuts, contusions, wrenched knees, twisted shoulders and broken bones either mended, healed or forgotten, a fighting West High football squad will take the field this afternoon at 3:30 o'clock to battle against the East Tiger.

The Harley Trophy, symbol of the city scholastic grid title, is virtually assured lodging through the year with the winner.

Rocky Road To Dublin Has Nothing On The Sullivant-Town Car Route

"O, there's a rocky road to Dublin
On which the traveler's always stumblin',
On this road he gets a shock,
Many a bruise and grievous knock."
—Old Blarney Verse.

The lurching, rocking, track-pounding street cars which stagger over the Sullivant-Town route give the impression of donkey carts on the fabled Rocky Road to Dublin, believe members of the Southwest League.

For the present noisy equipment they wish to have substituted the quiet and smooth-running trolley buses and gasoline driven conveyances. More than 2000 voters represented by the league have asked City Council for the proposed change.

Under the desired arrangement, trolley buses would be operated from a point in the vicinity of Binns boulevard, on Sullivant avenue, moving east to Glenwood avenue; north on Glenwood to Rich street; east on Rich to McDowell avenue; north on McDowell to Town street; east on Town to High street; and north on High to Spring street, returning over the same route. The league holds that this would give downtown transportation to residents of the community to whom it has not hitherto been available.

In addition, gasoline operated buses would be used on Hague avenue, moving north on Hague from Sullivant avenue to Broad street, and west on Broad to Sylvan avenue, returning over the same route.

These plans have nothing to do with the proposal to remove the Cincinnati and Lake Erie freight and passenger traffic from the Southwest portion of the community.

Present directors of the group are; Mrs. Hugh Butler, Rev. Raymond Bauchard, Mary Bentz, Fred Donnely, Dr. C. H. Czatt, James Hurd, and Glen Hamilton. Meetings are held in St. Mary Magdalene church.

With the substitution in service, the league contends that a thoroughfare will be made available to its section of town. This will not only bring increased transportation service, but it will improve fire protection and bring development to its neighborhood, the league holds.

"Civic welfare and pride demand that action be taken," Rev. Raymond Bauchard, director of the group, declared, "We want action, and things do not happen without effort."

Where's the Bloody Ax, the Missing Corpse? Bibliophiles Want to Know

"Rock-a-bye, Baby Bunting;
Daddy's gone a-hunting
To find the dirty Villain
Who up and did the Killin'"
—revised nursery rhyme.

Lurid mystery thrillers are fascinating Hilltop readers these fall nights. Whooping, guncracking Western yarns are third in popularity, biographies and travel books being second. These facts were revealed by a tabulation of books withdrawn from the Hague Avenue branch library.

More than twice the number of books withdrawn each week during the summer are being taken out over a corresponding period these fall months. This fact was revealed by Miss Jane Williams, librarian.

"The approach of fall and winter months always shows a great increase in reading," Miss Williams revealed. "And I believe that the last few years have seen a tendency toward more serious literature. Biographies and stories of travel are greatly in demand."

In order to satisfy the varied tastes of Hilltop readers, the library has acquired a number of new books.

The list follows:

Adults Fiction

Case of the Gold Coins, Wynne; Cat's Paw, Kelland; Cautley Mystery, Fielding; Comrades of the Storm, Kyne; Family Affair, White; Jess Roundtree, Texas Ranger, Coolidge; Long Whip, Campbell; Shadow on the Mesa, Gregory; State Versus Elinor Norton, Rinehart; Third Son, Banning.

West Gridders Play East Today

Continued From Page One

The Cowboy loss to the Middies was registered last Friday night, it being the eighth consecutive victory for the downstaters who are well on their way to the state title.

"It was the best High school team I have ever seen play," Coach Harold Wise said after the game. "Had some of our passes connected and had we been able to present a team unhampered by injuries, we might have made a better showing. The work of Underwood at tackle and Stevenson at end was great and both may see action against East."

Regarding today's game the Cowboy foreman said: "It will be a hard game to win. We'll have to stop Butler, Southworth and Co. deep in their own territory and keep their passes at a minimum. We'll have to get the ball and keep it all afternoon. But I'll say this, if the boys want to, they'll win."

Francis, out for the past three weeks with a broken hand sustained in the Aquinas fracas, will start the game. Gibson and Brewer will round out the ball toting personnel.

On the line, Focht and either Burr or Stevenson will perform in the ranks. Hoffman and Randall or Underwood will be at the tackle posts with the guard positions in charge of Ballard and Cooley. Either Ballenger or Bayha will be at the snapper - back position. Randall suffered a bursted blood vessel in his left eye when struck by the pointed end of the ball while blocking a punt at Middletown, but will probably see much action today.

Focht

Beginning recent relations with East with a scoreless deadlock in 1929, teams of Wise followed up in the next years with 15-0 and 20-0 victories, dropping the 1932 conflict 26-0 as Starret ran wild. Last year's battle went to West, 19-6.

Should the Hilltoppers win today, North will remain as the only obstacle in the path to an undisputed title—but hold on there. It's far too early in the year to polish trophies. Early autumn air tarnishes silver so hopelessly beyond recognition.

Charles Dittrick, who was expected to play at halfback post, possibly will be out for the remainder of the season. His broken finger, which became infected last week, has not responded to treatment. Last word received was that he may play in today's game.

Democratic Rally

Continued From Page One

The committee on arrangement was composed of Charles A. Middleton, committeeman, Mrs. Louise Steinhauer, Mrs. Catherine Rueb, president of the Tenth Ward Women's club, Earnest Nader, Mrs. Cora Gordon, committee woman, Henry Kline and Mrs. Clara Middleton.

Mrs. Cora Gordon and Mrs. Clara Middleton were in charge of refreshments.

The plans to consolidate the Tenth Ward Women's and Men's Democratic clubs have been dropped, because of the opposition of the Women's group, according to C. A. Middleton, committeeman.

Pageant Produced Again At West Jr.

More Than 100 Will Participate In Repeat Performance Thursday.

The pageant, "Public Education and Democracy," so successfully presented before 4000 persons at Memorial hall during the Central Ohio Teachers' association, will be repeated at West Junior High school, Thursday at 8 p. m.

The pageant will constitute the program of the West Parent Teachers association.

Because of the expense involved, the original costumes will not be used.

Parents and the public have been invited to attend the performance.

The students at West Junior High will repeat their part of the original pageant and then give a resume of the part contributed by South High school, "The Modern Phase." A scene of what happens when schools do not function will be included.

The Mothersingers of the school will offer a concert following the pageant.

Prayer At Hillcrest

HOPE CRUSHED WEST MEETS NORTH TODAY

Slim Chance to Share City Title With East Not Expected to Result

Today's Game Writes Finis to High School Career of Francis, Focht, Gibson and Others; South Favored Over East.

By JOHN WOLFE.

West High's Tiger-clawed, but still-fighting Cowboys, nursing the slimmest of title hopes, will close a highly successful gridiron campaign this afternoon on the home field.

North High's Polar Bears, boasting four victories in five starts over Wise-coached elevens, will provide the opposition, and it looks like another loss for the battered Wisemen.

In the writer's opinion, the Maroons have the hardest tackling unit in the city, and only a fighting Cowboy team—scrapping to beat the North "jinx," and getting the breaks, will manage to down the Hagleymen.

Title Chance Lost.

West lost a clear chance at the title last Friday afternoon before an overflow crowd of 3500 fans, when a heavy East High squad proved too tough for the crippled Cowboys. The score was 6-0.

Brewer

It was only a cowpuncher fight that kept the fast Tiger team from winning more decisively. The Tigers outweighed the Cowboys 15 pounds to the man. In addition, West was a badly crippled aggregation, with Ditrick out, and Randall, Francis, Ballard, Rice, and Cooley suffering injuries.

The Wisemen were spent after receiving the kick-off and rolling up five consecutive first downs. After that, the superior physical strength of the Tigers took its toll, and except for a pair of brilliant 40-yard dashes by the inimitable Rick Francis, the locals were out of the picture insofar as victory was concerned.

Touchdown Scored.

The Webstermen scored their touchdown in the second period after a punt from the toe of Francis was blocked on the Hilltoppers' 35 yard line, from where Noble, according to line. Two passes from Southworth to Butler took the ovel to the one-yard the referee, smashed over after a quartet of tries.

Gibson

In the second half, after Noble had returned the open-kick-off 81 yards, being downed only after a magnificent effort by Randall on the West nine-yard stripe, neither team threatened to score. A brilliant stand after noble's run drove the Tigers back and Francis booted 60 yards out of danger.

Pity Poor Shank! He Starves While Others Wax Fat

Wimpy Has Nothing on Him.

F. F. Shank came to the meeting of the Hilltop Business Men's association Tuesday night in a half starved and emaciated condition.

"Food! Food!" he cried weakly.

But none was forthcoming. Service was extremely slow. Meantime, Shank endeavored to beg, persuade and threaten the waitress into giving him something to eat. While he continued to demand food everyone else was served.

The evening wore on and everyone was eating but Shank.

"Don't I ever get anything to eat?" he pleaded.

"Oh," replied the waitress sweetly, "I thought you told me you DIDN'T want anything to eat."

G. O. P. Club Makes Fall Nominations

The following then were nominated by the committee appointed for that purpose:

President, Thomas R. King, 1st vice-president, Mrs. Maureen Ely; second vice-president, Mrs. Delia Crawford; recording secretary, Mrs. Martha Familton; corresponding secretary, Mr. Roy Shrum; treasurer, Mrs. Hertha Miles; trustees: Mr. William Ardle, John Aston, Harry Ingalls, Mrs. Rose Van Meter and Mrs. Hattie Kenedy.

Committee on Nominations: Phil Johnston, chairman; Bessie Smith, Florence Ardle, Elizabeth Bretz, and D. E. James.

Nominations made from the floor were as follows: President, Moses Williams; second vice-president, Minnie Norris; trustee, Mr. Edw. Hartman.

The annual election will be held December 6, installation of officers first meeting night in January.

Voice Film at Hillcrest

The evening service at Hillcrest Sunday is arranged with the theme —"The Voice of God And Man."

In addition to special music and a brief sermon on "The Voice of God" the program will include three reels of moving and talking pictures on "The Voice of Man."

These will show the intricate workings of telephone, radio and talking pictures in transmitting the voice of man. The public is invited.

School Bldgs. Removed

The portable school buildings back of the West Broad street school are to be transferred to Eastmoor within the next 30 days, announced Ray Jaunts, school board member.

More than 100 school children now being transported to Whitehall will occupy the new buildings to be contructed and transferred. It is an economy move on the part of the Board of Education which will save transportation costs.

Sobs to Give Way to Laughter Xmas As Hilltop Firemen Give Old Man Gloom a Kick In the Pants

"Mama," a five-year-old little child, whose wide eyes were filled with grief, asked, "didn't Santa Claus come? Why didn't he? Why didn't he come, Mama?"

This child's tragedy shall not happen, declared firemen at the City Fire Engine House, No. 17, located on the Hilltop.

The sobs and tears which threaten to fill the throats and eyes of the city's poor children must give way to laughter and to happiness. That is the opinion of the 10 men at the firehouse who have made Santa Clauses of themselves.

Dolls, hobby-horses, toy automobiles, kiddie cars, skates and other discarded toys of the city's more fortunate are made as new in this Christmas workshop.

Several thousand toys were repainted, repaired and rebuilt by the firemen last year. More than 25 thousand were renovated in homes over the entire city.

Those who wish to assist in the charitable work either bring the toys to the engine house or they are to telephone the Columbus Dispatch and delivery service is provided.

A noonday broadcast to advertise the appeal is being made by the Globe-trotter over WBNS.

"Oh, we just mooch the material," replied Chief Kidd, when asked how the firemen secured the paint, varnish, nails and the other necessary articles. "Good-hearted merchants provide the things."

The first three Hilltoppers to bring in broken toys to be put into shape to gladden the hearts of the city's poor children were: G. M. Layman, 54 N. Powell Ave.; Mary and Joan Metzger of 2936 Floral Ave., and Jane Catherine Iles of 63 Belvidere Ave.

The 10 firemen who have made temporary but very important Santa Clauses of themselves are: Captain I. O. Kidd, J. J. Wright, M. F. Mosely, C. R. Jones, W. E. Reed, E. E. Groves, F. A. Gemeinhardt, B. F. Wonder, E. W. Davis and G. D., Ell.

The Salvation Army and the Volunteers of America distribute the toys the day before Christmas. For eight or ten days before that time, it has been the custom to display the finished work of the Fireman in a downtown storeroom on one of the main streets.

"We are going to see that the poor kids get a break," declared the boys in enginehouse No. 17. And they mean it.

EPIDEMIC RUMORS ARE DISCREDITED

Chicken-Pox Causes 28 Absentees Out of Class of 30 In School.

Rumors that there is a wide spread epidemic of children's diseases on the Hilltop were denied today by the City Health department.

The stories were given wide-spread attention because of an attack of chicken-pox in one elementary school class which caused an absence last week of 28 pupils out of a total of 30 enrolled. Scarlet fever cases, small in number, have also been reported in grade and high schools.

However, the latter situation has been inexistence for the last year and has been given considerable attention at present because of the prevalence of chicken-pox. The situation is well under control, and is not of alarming proportions, the health department reports.

Hilltop Leaders Hear Fund Drive Head At Meeting

Club Plans Stag Party For Next Month; Southwestern League Victory Predicted.

"Columbus is the only city of its size with no consequent municipal support for its hospitals," declared Preston Davis, chairman of the community fund at the meeting of the Hilltop Business men Tuesday night at the Matsonia restaurant.

"Whole floors of hospitals in Columbus are blocked off, despite the desperate need for hospitalization," Davis stated.

He then proceeded to explain how each community fund dollar is distributed, and closed his appeal with the statement that pledges this year must be 20 per cent higher if charity work is to be continued effectively.

Plans for a stag raffle party with several hundred prizes to be given at the next meeting were discussed. H. G. Deems was appointed to select a committee to prepare and work out a program.

Progress with a predicted success was reported by Mary Bentz, of the Southwest league, on the effort to secure rerouting and electric buses to replace the Sullivant Ave., street car lines.

LOCAL WATER SUPPLY SAFE AND SUFFICIENT

Draught Peril of Scioto River At Dam Declared Not Desperate

Water Level Is Down 27 Feet But Not Dangerous, Says Water Department Head; Dam Inspection Made; One Inch of Rainfall Needed.

Panic rumors that the Hilltop and Columbus water supply is shortly apt to become inadequuate or unsafe, were declared false yesterday by Clarence B. Hoover, superintendent of the division of water.

"The Hilltop and the rest of the city have no occasion for panic," he said.

"It is true that Griggs and O'Shaughnessy dams now retain less water than ever before, but it must be remembered that dams are constructed to hold the surplus water. One inch of rainfall would provide one-quaurter inch for our water shed, and that would be sufficient to supply our reservoirs."

Inspection Made.

An inspection of the O'Shaughnessy dam district was made last week end by Service Director William J. Lucks to determine how near the city is to a water famine. This area ordinarily holds four-fifths of the city's water supply.

Acres on either side of the Scioto river are now "arid areas" because the waters have receded to the original river channel.

Many persons from the Hilltop areas have visited the dams to observe the phenomenon. Old foundations of buildings that have been razed now rear their ugly skeletons to the light.

A similar situation has not existed since 1930, the water chief pointed out. Only one-fourth of the normal content of the reservoir is present. Although the Griggs dam ten miles above O'Shaughnessy dam contains its normal capacity, less than one fourth of the latter reservoir's capacity of 5,400,000,000 gallons is now contained there.

It is estimated by Hoover that the present supply is ample for the next five months, but if the rainfall continues to fall below normal then Columbus will be without water by early April.

Ten Year Period.

Only .26 of an inch of rainfall fell in October, a ten year record, the Weather Bureau revealed.

Great gaping dry areas on either bank are revealed as a result of the present low level of the water. At one place from the original water line near the dam a space of 300 feet between the present and the normal water line has been left dry.

"The water supply is only about one-third of what it should be," declared Hoover, "but that does not involve any danger unless the drought persists."

A dramatic impression of the situation may be obtained by looking north from O'Shaughnessy dam. Only a ribbon of water remains, slightly larger than the old river channel that existed 10 years ago before the dam was constructed at a cost of $1,376,000.

"A formulae for successful marriage? Well, now that's a hard question to answer," replied August Wills in looking over the past 50 years of married life he has shared with Mrs. Wills. The couple is observing their golden wedding anniversary Sunday with church services and a dinner.

"I think some one in the house ought to be boss, though," advised Mr. Will. "Now, I always let my wife rule the household."

Who? Ted Lewis a Famous Dance Band Maestro? Protege of Merchant Seiller, Musician Admits

Ted Lewis, the famous "Is Everybody Happy?" band leader, strutted from the stage of a theatre, plug hat on the side of his head a twirling his baton with intricate motions.

Ted Lewis

Back in the days when Ted Lewis was Theodore Freedman and Circleville's gamest scrapper, he and M. W. Seiller used to pal around the little town. Even at that time Lewis was something of a musician. He used to play the flute and Seiller carried a banner to earn their way into ball parks.

One day a band leader by the name of Ernest Washburn showed young Seiller a trick of twirling and manipulating the drum majors' stick. Lewis later heard of the trick and begged Seiller to teach him. It is the same one now used by Lewis to entertain his audiences.

In the back of his store among the dry goods, coats and dresses, Mr. Seiller was going through the routine with a stick that he and Lewis learned long ago. Once in a while he would drop the stick. "Remember, that was long ago and I am rusty at it,' he said. "But we used to be pretty good at it in Circleville when we were kids."

Lewis is a fellow who never forgets a friend," he continued. "He is big hearted and a real fellow all the way through. He hasn't forgotten his home town either. When I was in business in Crestline, he used to stop in to talk over old times whenever his travels brought him near the town."

"Many times Ted went hungry as the price of sticking to his music," said L. M. Seiller who joined the conversation and who also used to be a friend of Ted's in the old days. "I would suggest going to a restaurant and he would reply, 'You know, that's a good idea'."

Hilltop Team Wins the Bantam League Pennant By Default

New Champs Clinch Title With Forfeit Victory After Hard Fought One With Ponzy.

After battering its way into first place in the league in a bitterly contested game with the Ponzy Restaurant squad, the Hilltop team secured the coveted flag without a struggle when South's eleven forfeited its game Saturday.

The forfeit victory closed the season's campaign without a set back for the West end boys. Only one touchdown had been scored against them.

South's default was the result of its inability to put an eligible team on the field.

In the deciding game with the Ponzy eleven, the Hilltop team piled up a score of 12 to 6 before the final whistle had blown. Previous to this fracas the Ponzy team had been unscored on during the entire season.

Moyer, Cruise, Jenkins and Case starred in the key game.

Hope Crushed West Meets North Today

Continued From Page One.

It was a bitter dose to take, but starting the season with a squad composed of green material, and augmented by the loss of eight lads mentioned for all-high berths the year before, glory shines out from the defeat. They rang the bell. Win or lose today, Coach Harold E. Wise and his assistant, Claude Chrisman, are to be congratulated.

Practically all deposters at the season's opening gun delegated the Cowboys to the limbo of impotent things. And they not only became a factor in the race, but almost copped the title. This year's eleven deserves the highest praise.

Last Game For Francis.

Today's game will mark the high school grid finale for Captain Rick Francis, one of the outstanding players in Cowboy history, and this year's shining light in the city league. One could write reams of copy of the lad, but the best tribute comes from Coach Wise, who said, as he introduced Rick at the homecoming dance last week, "There's none better."

Others to Be Lost.

With Francis, Gibson will also be lost via graduation, as well as the entire forward wall composed of Burr, Focht and Stevenson, ends; Randall and Hoffman, tackles; Rice and Eckard, guards and Bayne, center.

Third Place Predicted.

Bayne will be a center in today's fracas, Ballenger suffering from a bad dislocated shoulder sustained in last weeks game. Dittick will still be out, as will Maxwell. The fourth backfield post will be filled by Reese, Graves, Larkins or Blackmore.

Burr

And should the Hilltoppers win today while South South takes the measure of East, they still could share the title with the Tigers. And although the chance is not impossible, it is improbable. This writer favors South over East and North over West. Win, lose or draw, the Cowboys will conclude the city campaign no lower than third position.

Ted Lewis, Protege

Continued From Page One

Lewis came to Columbus while yet a boy and sold music and instruments for the Goldsmith Music company. Here he resumed his friendship with the Sellers.

When late, while working for the music company, he would tell his employers that a man interested in buying a piano had stopped him when he was hurrying to work. This prevented his be reprimanded, or, perhaps fired.

Of all the five boys in the family, Ted Lewis seemed to be showing the least promise, because he refused to interest himself in business. When his father paid his tuition to a Columbus business college, Ted made the trip every day from Circleville, but never attended classes. Perhaps such determination as that is what makes musicians.

FLAMING WEST TEAM SUFFERS LAST DEFEAT; COURT CALL ISSUED

Under Dogs Crumple In 18-0 Orgy; 100 Basketball Men Answer Call

First Skirmish To Be In Three Weeks; Opening Schedule Announced; Intramural Games Are Planned For Winter.

By John Wolfe.

Gridiron hopes that just a few short weeks ago flamed so brilliantly at West High school were reduced to a heap of ashes last Friday afternoon, as North's "jinx" eleven crushed the hapless Cowboys.

A questionably successful season closed in an inauspicious, if not inglorious fashion on the local field.

The final score was 18 to 0, the Hilltoppers playing a spiritless and merely mechanical part in the orgy. It was the worst defeat suffered by the Wisemen this year.

Defense Crumples.

Going into the game hopelessly the underdog and in the worst physical condition of any Wise-coached aggregation ever to take the field, the cowpunchers were outplayed and outfought from whistle to gun.

The West offense, on the blink since East's second quarter touchdown two weeks ago, again failed to click—even the heretofore unstopped "Rick" Francis being held to meager one-yard gains. Meanwhile, mite Karvasales and hefty Bob Maloney took charge of a powerful Maroon attack, which crossed the Scarlet goal in the second period and twice more in the second half.

The game ended with the oval within a yard of the promised land and in possession of the Polar Bears.

But despite such a colorless finale, the Cowboys, delegated to the cellar by pre-session depesters, can boast of a highly successful campaign.

After losing the opening conflicts to Newark and Coshocton by 6-0 scores, the Cowboys rose to the season's greatest heights to defeat South 6 to 0. It was a brilliant display of grid technique, and had not injuries piled up at the Cowboy stronghold in increasing abundance, the final standing might have been different.

Season Resume.

There followed games with Aquinas and Central, both of which were annexed by the locals, despite a let-down by scores of 7-0 and 12-0 respectively. Middletown was then met on the downstater's gridiron, and hopelessly crippled, the Hilltoppers were trounced 39-0.

Returning home, the cowpunchers met East in an effort to wrest the Harley Trophy from the Tiger lair, but after a great fight, the Webstermen were returned victorious, and with the defeat, the Cowboys gave up the ghost.

Basketball Season Opens.

Athletic activity at West will now turn to the hardcourt, with Harold E. Wise in charge of the varsity and Claude C. Chrisman tutoring the reserves.

Fortunately, the opening skirmish is yet three weeks in the offing, as Cowboy hopes are drooping low. As in football, the Hilltoppers will be represented by a small team—with reserves at a minimum.

Garageman Ferris Becomes Architect, Contractor, To Construct Model Hilltop Business Community

The FERA, the CCC, the PWA and other alphabet block building by the government proved an inspiration to R. D. Ferris.

The result is a model section of the northern portion of the Hilltop business community. The district from Powell avenue to the Big 4 railroad is included in the miniature structure. Even the railroad tracks and a locomotive have been included.

At the end of the streets of the newly constructed city there is a complete farm with cows, horses and pigs, a lake with two colored gentlemen engaging in the piscatorial pursuit, and a meadow with pheasants. Hunters are shown endeavoring to shoot them from a log fence.

Business houses included in the miniature community are: Swick's Cafe, Buf and Brown Barber Shop, Westgate Garage, Post Office, Reimer Paints, Columbus Citizen Substation, Hilltop Transfer and the Jones Lumber company. Stacks of lumber and piles of coal lend a realistic atmosphere to the lumber company yard.

The work occupies an entire front display window and represents the patient labor of weeks of spare time effort. Many hours were spent in collecting the material.

The display has been attracting considerable attention since its installation last week, and may be seen at the Westgate Garage, 2620 West Broad street.

CHEST FUND DRIVE SWINGS INTO FULL ACTIVITY ON HILLTOP

Goal of $682,500 Set In Intensive Campaign As Workers Cover City

Optimistic First Reports Made Tuesday Show Increase Over Last Year; New Unit Formed.

Many women of Columbus, residing in the West Side and Hilltop sections, are playing an important part in the twelfth annual campaign of the Columbus and Franklin County Community Fund drive, which opened on Monday, and will close next Wednesday.

The goal has been set at $682,500.

The Women's Territorial division of the campaign organization is composed of more than 300 volunteer feminine workers. They have been assigned the task of a house-to-house canvass of subscribers. Their division quota has been set at $35,500.

This group contacts mostly housewives at their homes and the subscriptions received are usually small, but they compensate in numbers what they lack in size of contributions.

New Division Formed.

Women from all sections of the city participated in a new division of the campaign, which was created this year. It was the Women's Crusade, an organization of more than 100 women long prominent in civic and social welfare work of the city, who sponsored an educational and inspirational program, which sought to acquaint the public with all phases of the work of the 43 agencies participating in the fund.

The women's territorial division is reported to be enthusiastic in the belief that it will meet its quota.

Increase Over Last Year.

This enthusiasm was reflected in all divisions at the Tuesday noon luncheon when first day reports showed that $90,072.00 had been subscribed, a substantial increase over that of the corresponding period of last year's campaign.

The most encouraging report of the first day was the $25,000 subscription of the Columbus Clearing House, which was an increase of more than $2200 over last years' subscription. The special gifts division of the campaign made a first day report of $83,455, an increase.

Davis Quoted.

Preston Davis, chairman of the Community Fund organization, in an interview on the work of the 43 participating fund agencies points out that:

"There are 15,189 families, more than 57,000 persons receiving some form of relief in Franklin county and Columbus, no particular section of the city being affected more than the other.

"Except for a small sum in contagious disease cases there is no public money for hospitalization of the needy sick; the Community Fund furnishing more than $100,000 yearly for this relief.

"The number of delinquent boys and girls has increased as the years of the depression have gone on. No government money is being spent for correction or rehibalitation.

"It costs less than $10 a year to rehabilitate a delinquent boy or girl, but it costs the taxpayers from $400 to $800 a year to keep that boy or girl in a penal institution.

"It is up to us as individuals to do this work, and I don't believe Columbus will fail. It never has," the chairman of the Community Fund declared.

Willis Chased By Bull, Holds Babies, Has 37 Cents Left, But Still Loses

Worry! Worry! City Clerk Sam Willis, 145 S. Roys avenue held babies for mothers who were campaigning in his behalf, was chased by two dogs and a bull, and drew one design on a quilt for ladies' aid society, but still lost his race for the county clerkship.

"I did every thing a politician is supposed to do in order to be elected, but still I lost," he tearfully told supporters of the Eleventh Ward Democratic club Friday.

"I was given promises of 100,000 votes, but actually received 53,000 in the election," he complained.

"Other activites were: picking up 71 persons for rides, hoping to get their votes; 35 bum talks; 7440 miles of driving; 13 pounds of weight lost and being bailed out 17 times for getting home late."

He ran out of gas seven times, had three punctures, two bent fenders and a damaged bumper. "Once I walked nine miles looking for gasoline in the country," he said.

Willis failed to unseat the present incumbent in the County Clerkship, Charles King, 433 S. Burgess. However, he still is city clerk, and will remain there so long as the Democrats maintain their strength.

Sullivant Car Route Dispute Causes Suit

City Attorney John Davis is preparing to file suit early next week against the Columbus Railway Power & Light to obtain an injunction preventing the company from operating its street cars over the Sullivant Town route. Mary Bentz, committeewoman of the Southwest league, reported today.

The injunction is hoped to have the effect of compelling the company to substitute electric bus service for the present street cars.

A petition, signed by 100 West Side and Hilltop property owners, asking that the Columbus Railway, Power & Light Co. be ordered to maintain its present route when it changes from street car service to trolly coaches in those districts, was filed Monday with city council.

West High Announces 1935 Basketball Season

Continued from Page One

100 Candidates Answer Call.

Having cut a squad of approximately 100 basketball candidates who answered his first call three weeks ago at West Jr. High, to 16, Coach George B. Williams is launching his first cage campaign in strenuous style.

With only Ed Hughes remaining from last year's aggregation, a new unit is being built and will be seen in action for the first time against the West Reserves next week. Other preliminaries are being scheduled prior to the opening of the league season on Jan. 11.

Players Named.

At the center post, Stinson will probably get first call over Harner, who graduates in February, along with guard candidate Gib Frasure and forward aspirants Hill and Grosh. Other forwards who have been showing well in rehearsals include Carpenter, Ucker and Bradley. Guards who have looked good from time to time are: Hughes, Dawson, Straughbaugh, Drake and Gib Frasure. Bowman, Chick and Carter will probably see some action during the season's play.

Opening the season at Pilgrim on Jan. 11, games will be played the following order: Jan. 15, at Crestview; Jan. 18, Mound; Jan. 22, at Indianola (non-league); Feb. 1, Franklin; Feb. 8, at Barrett; Feb. 15, Everett; and Feb 20, Champion. All games are slated to get under way at 3:45 o'clock.

Junior Athletes Organized.

A West Jr. W. association is also being organized by Coach Williams, letter-wearers being the charter members. A constitution has been drawn up and the organization will seek to promote school spirit and athletic activities.

Boys who are assisting in organizing the group include: John Palmer, Ed. Hughes, Neil Johnson, Roy Bradley, Norman Wiley, Allan Ankrum, Bill Wolfe, Cecil Scott, Gib Frasure and Richard Barnett.

Intramural Games Planned.

Featuring the new physical education system this winter under the supervision of Claude Chrisman and Williams are intramural basketball games, 96 teams in the various classes participating. The winners in the various leagues will be pitted against each other in a champion of champions tournament to be held at the close of the hard-court season.

The Friends or Quakers did not participate in hostilities during the World war, but rendered invaluable service in relieving distress, providing food, clothing and hospital supplies.

Fieldworker to Speak Before Campfire Girls; New Groups Formed

Miss Eldora DeMot, national field worker from New York, will come to Columbus on Tuesday to address the Camp Fire Girls of the city. She is to meet with the president and scribes of all city groups at the Y. W. C. A., on the same day at 4 p. m. Following this meeting the girls will remain to hear Miss De Mot broadcast over station WBNS. Her subject will be "The 1935 Birthday Honor" which deals with a young girl's place in world affairs. The concluding meeting of her series will be at 7:30 p. m. when she addresses the guardians and members of the Camp Fire Girls' Extension Board. Anyone interested in group work is invited to attend this latter meeting.

A new group of Camp Fire Girls has been organized at the West Broad Street School while another is being formed at Starling under the guardianship of Mrs. Hamilton, 85 N. Wisconsin, and Miss Betty Ept, a former member of Miss Mary Baker's group.

Former Pastor Here Sunday

Rev. W. E. Seesholtz, presiding elder of the Evangelical Congregational churches of Ohio, will preach at both the morning and evening services of St. Paul's Evangelical Congregational church on South Warren avenue. DISTRICT TEAMS FACE TIGHTER REGULATION

Past Violations Are Cause, Says Recreation Head

MEETING TONIGHT

West Hi School Quintet Prepares For Opening.

Pre-Season and City Schedule Announced by School Athletic Department.

By John Wolfe.

"There'll be no more 'building-up' of church athletic teams in the Hilltop Church League or in any other church-sponsored circuit." Such is the edict of Charles Seddon, director of the city recreation department.

"It's true," Seddon told the Record reporter this week, "that the Hilltop Church baseball and basketball circuits have some of the highest calibre teams in the city, but the Hilltop teams are also guilty of breaking the eligibility rules more often.

"I don't care if the leagues fall from class A to class D as far as the quality of their play is concerned. I know this though the Hilltop leagues, along with the others in the city, will be Class A insofar as the playing of eligible players is concerned.

Cites Past Violations.

"Since the formation of the Church Baseball League out there (the Hilltop), there have not been three teams which could not be considered anything but 'built-up teams,' with an eye only for the championship."

And so, with the re-organization of the Columbus Church Athletic association by the Recreation department comes also re-organization of local leagues. Dr. J. W. Wilce, former head football coach at The Ohio State University, heads the committee, which has laid down the following rules in regard to competition in church athletics. Churches through-out the city must re-join the Association before a team may be entered in competition.

Rules for 1934-35.

Application must be made on special blanks by the pastor, who at the time of registration must appoint an official athletic director who is an adult and a non-player.

At each game, each church must have one sponsor present, also an adult, and his name must appear on the official score sheet. Failure to have the sponsor present will result in forfeiture of the game.

Republican Meeting To Be Tomorrow Night

The Tenth Ward Republican club will meet at the Glenwood Shelter House, tomorrow at 8:00 p. m. All election officials are requested to attend, and club members and friends urged to be present.

FOR WHAT IS THERE TO BE THANKFUL?

"What have I to be thankful for?" is an all too familiar complaint heard as Thanksgiving Day approaches.

These are the days that follow the bloody ones of war and the hungry ones of five years' of depression.

This age has received the heritage of a great international abbatoir for commercial supremacy and the peace time horrors of hunger as the result of free capitalism.

In the Great War, blood was shed and lives were lost in a world squabble over oil, coal and iron fields and the international channels of trade, the high seas.

Partially as the result of that sordid struggle, but more the result the loose morality of our economic jungles, we are afflicted with the sunken eyes and hollow cheeks of starvation in the midst of bursting grain bins. We have witnessed corn burned for fuel and boatloads of wheat and fruits dumped into the ocean. All this we have watched while the spectre of want has cast its shadow over the land.

What is there in this picture to be thankful for?

"There but for the grace of God am I," may be our answer. Many of us have complained because we have had to wear last winter's coat, or because we could not purchase a new model car. Or maybe our weekly entertainment has been curtailed. Those of us who have grumbled at these little inconveniences indeed have something for which to be thankful.

Many American families have been forced upon relief rolls; others have lost their homes; still others have been weak from hunger and cold from lack of clothing.

Those who have escaped this can indeed be thankful.

But more important than this is something else for which we may be thankful.

The old era is passing. Those of us who have the strength and ability to assist in the destruction of its evils should be thankful for the opportunity under new leadership to establish human rights above selfish economic considerations.

The economic jungle with its loose morality and flagrant exploitation at the price of human misery is going. Child labor, long hours, cut throat competition, subsistence level pay and dishonest advertising are going.

The fight has only begun and it will be a long one, but those of us who are living should be glad of the opportunity to rid humanity of the sufferings and foulness of a dark age, and to lead mankind to a new light, a new freedom, and a new age.

Camp Fire Official Visits Here Today

Miss Eldora De Mots, national field secretary of the Camp Fire Girls is visiting Columbus today.

Several meetings have been arranged so that the Columbus Camp Fire Guardians may meet Miss De Mots.

The presidents and scribes met this afternoon in the Y. W. C. A. to hear about the 1935 birthday plans from Miss De Mots.

In the evening the Columbus and Franklin county Camp Fire Guardians, members of the Camp Fire training courses, and members of the extention committees will have a joint get together with Miss De Mots at the Y. W. C. A.

Paul Crosier, 82 N. Eureka avenue, has taken over the Shell Service station at Highland and Sullivant avenues. He was formerly at the station on Riverside drive.

Crosier is a graduate of West High and now attends the Ohio State university.

"W" Officers Are Elected

Richard Barnett was elected president of the West Junior High "W" association at the meeting of the organization late yesterday at the school.

Other officers are, Cecil Scott, vice president; Gilbert Frazier, secretary and Allen Ankrum, treasurer.

Photo Club Formed For West Hobbiests

Students of West High school interested in moving pictures from an artistic, literary or technical end are eligible for membership in the new Photo-Play club.

There are 16 charter members. Officers are: Carl Holland, president; Robert Krauss, vice president; Faye McKinley, secretary, and Herman Mitchell, treasurer.

The members of the organization plan to encourage interest in good motion pictures, to study the construction of photo plays, to train boys to project the films and to show the opportunities for students in the various fields of the photo play industry.

"Rhapsody of Steel," a sound picture from the World's Fair was presented by the Photo Play club at the school this afternoon. A comedy was also shown.

Property Owners Have Free Demolition Offer

Hilltop property owners having structures which they wish to have razed may have the work done without cost to themselves, it was learned today.

All buildings which have become obsolete or unsafe will be demolished upon request of the owners, the Federal Emergency Relief Administration announced.

Owners who want structures razed may apply to Ed. W. Martin, FERA works manager.

Not only will the structures be demolished without cost to the owners, but the premises will be cleaned up presentably, Mr. Martin said.

The salvaged materials are to be the property of the FERA projects for use in the construction of county and community shelter houses.

Eagle Was On First Coin Issued By United States

When the bald eagle was up for discussion as to its being placed on the seal of the United States, says Scientific American, Benjamin Franklin opposed it and offered the American wild turkey as being more distinctly American than the Caesarean old hawk. The eagle won and was adopted on June 20, 1872, as an emblem for the great seal; it was also placed on the first coin issued by the United States, in 1765.

This same old bird has been held in reverence and superstition regard as well as used in symbolism, and heraldry, and depicted in all methods of art expression known to the North American aborigines back in prehistoric times.

As one of the outstanding totemic animals, the eagle gave its name to many clans, tribes, and fraternities, religious and otherwise, in North America. Nearly every clan or gens had an eagle emblem at some period in its history—it was depicted on pottery, basketry, textiles, beadwork, [illegible] shields, posts, totem poles, grave posts, pipes, rattles and nearly all objects pertaining to cult and ceremony of many old tribes.

New Basketball Season to Open

Continued from Page One

Each player must be a bonified member of the church or Sunday School with which he plays, for a period of one year, and must attend Sunday services at said church at least 50 per cent of the time monthly for at least nine months of the year.

The athletic director must certify a list of eligible players representing his church at least three days prior to the opening of any particular season.

These are the major changes in the rules and they'll be strictly enforced, Seddon says.

Meeting Tonight.

Plans for the 1934-35 basketball season in the West Church circuit will be discussed at a meeting of managers scheduled for 7 o'clock tonight at the city recreation department.

Arrangements must be made for practice hours on the Glenwood floor by both girls' and men's teams.

100 Report At West.

A squad of 100 basketball candidates, reporting to Coach Harold E. W[illegible] last Monday, is rapidly gaining seasonal proportions and ere the week is out, the chaff will be separated from the grain and the 1934-35 cage representatives will be ready for the opening whistle.

Hoffman Only Veteran.

With Hoffman the only letter wearer back, and material from last year's Jr. High aggregation being of the so-so variety, Cowboy coaches are not predicting a sensational season. Redmann, Ditrick, Brannigan and Francis, reserves from last winter's quintet, will probably see plenty of action this year.

Schedule Change.

The opening skirmish, originally slated for the home floor on Friday evening, Dec. 7, against Lancaster St. Mary's, has been shifted to the Fairfield Countain's hardwood, Coach Wise announced this week. The game, scheduled two years ago for the local court, was changed to accommodate the Dramatic Department at West which will sponsor a mid-winter frolic" at the school on that evening.

Pre-Season Game.

Other pre-season games include: Upper Arlington at West on the following Friday evening, Dec. 14, at Marietta, Saturday, Dec. 15; at Logan, Wednesday evening, Dec. 19; and at Newark, Friday evening, Dec. 21.

City Schedule.

The city scholastic campaign will get under way for the Cowboys on Jan. 4, Aquinas furnishing the opposition on the Terrier court. South's Bulldogs will show at West on Jan. 11, followed by Central on Jan. 18. After a journey to North on Jan. 22, the cowpunchers will close first semester activities by entertaining East on Jan. 25.

Second round battles will begin Feb. 1 and close March 1. Jr. High basketeers, under Coach George B. Williams, are fast rounding into form and will inaugurate their season on Friday afternoon, Dec. 7, with Claude Chrisman's Sr. High Reserves on the local floor.

Clarence Bateman, manual arts instructor at West Jr. High, is coaching the Orange and Black swimming team. Announcements concerning the schedule for the winter will be made at a later date.

There are 13 different varieties of maple trees in the United States, but 80 to 90 per cent of the syrup and sugar are obtained from the hard maple.

The Innocent By-Stander

by H. R. Washburne

TODAY, in the pains of labor I give birth to a new column. The Boss says that it is doomed to failure, that people don't read columns.

• • • • •

"You've got to be serious," he said to me, "'Life is real; life is earnest,' and you've got to put the coal in and take the ashes out."

• • • • •

"You're right, Boss," I yessed him, (What Boss isn't right?), "but can't a fellow whistle while he is hauling the coal and dumping the ashes?"

• • • • •

"Well, ma, be," he relented, noting the tear in my eye, "but, mind now, not too much." So, I write this column, believing that there is nothing so profound as the trivial, and nothing so trivial as the profound. Humor and frivolity have a serious place in life.

• • • • •

Is a fool's laughter more contemptable than a wise man's tears?

BROTHERS TO THE LAST DROP:

Hundreds of prizes from babies' rubber pants to 1934 quarters were given away at the Business Men's party, and Roy Hastings, the ardent dry, won of all things! two bottles of beer! He has promised to share them with Doc. C. H. Campbell, another teetotaler. Meanwhile, an embarrassed lad from the Bldg. & Loan is trying to explain that he had nothing to do with the incident.

• • • • •

Tom Lewis used to own an Opera house.

• • • • •

SHHH. NOT A WORD!

At the time of this writing, the Hilltop Post Office has a notice posted offering $25,000 reward for information leading to the capture of the Lindbergh baby kidnapper. He has been for several months in the New Jersey jail, if anyone wants to know.

The blond trap drummer at Swick's can't sit still. Is it ant trouble?

AH, BUT I CALL IT MADNESS

A Hilltop girl, who graduated last spring, makes her boy friend, a West alumnus, drive his father's Pontiac all the way from the South side so he can hold hands with her, Lover's night, too! How does Pauline manage it?

Claggett Takes Over Business; Remodels

I. M. Claggett recently assumed the management of the confectionery located at 2432 Sullivant Ave., at Wayne.

The store previously had been leased by Mr. Claggett to another party, but now he takes over active management. The business place has been remodeled and restocked with goods.

A full line of groceries, tobaccos, candies and ginger ales will be carried under the new policy.

Drama to Be Presented

The Young People of Glenwood church will have charge of the 7:30 p. m. service, Sunday, and will present the Christmas drama, "A Sign Unto You."

The part of Mr. Halloway, a New York broker, will be played by John Wagnitz, while the mother will be taken by Miss Mary Steiner. The two sisters will be taken by Betty Lou Earle and Virginia Hamilton. The young minister, Howard Halloway, will be taken by Willard Holycross, and the newsboy by Lee Cloys. Miss Virginia Randall will sing a solo.

Lurching, Lap-Leaping Rider Rimes On Ride

THE OTHER day I boarded a Sullivant avenue car
And firmly grasped a strap;
And every time it hit a bump,
I sat upon a different lap.
The bumps grew higher, the jerkin' worse,
Till at last I gasped with a smile:
Will someone kindly tell me please,
How many laps to a mile?"

School Children Spend Lunch Money On Number Racket; Arrest Is Made

Information that school children are spending their lunch money and milk pennies to purchase chances from agents of the city-wide "number racket," caused Judge Clayton Rose to "crack down" in Police Court Monday.

Along with three others, a Hilltop resident, Earl Fries, 28, of 326 S. Eureka Ave., was ordered to pay a fine of $50 and costs and given a 10-day suspended jail sentence.

Jail terms will be imposed in future cases, Judge Rose warned.

A number of West Junior and Senior High school students have been gambling their money with "writers," agents of the number "houses," authoritative sources revealed yesterday to the Record.

"It has been called to my attention that some of these salesmen were selling chances to school children, taking from them the pennies their parents had given them for milk purchases," Judge Rose said. "This practice must stop."

Effort to Suppress Sales

"I have been assured that a bonafide effort on the part of the police is under way to suppress the racket," the jurist reported, "and I pledge my support.

"But since these men were arrested right at first, I will suspend the jail sentence. Anyone convicted on this charge, if arrested Monday or after, will go to jail."

Method, Odds of "Racket"

The "number racket" is conducted by selling a series of three numbers of the customer's choice for any sum from a penny upwards. If the numbers chosen match those of a specified portion of the stock and bond total daily sales, published in a local downtown paper, a win is made and the holder of the lucky number is entitled to collect. Odds paid are now approximately 550 to one.

Some "houses" take wagers on a portion of the numbers series appearing in the bond total sales and others on the total stock sales.

Quotations In Daily Paper

In either case, the numbers on which wagers will be accepted appear only in one newspaper.

A simple bet on a number necessitates a perfect match with a specified portion of the stock or bond sales total. A "box number" costing six times more, plays six ways. That is, 261, if boxed, is played 261, 162, 216, etc. The odds are tremendously against the "sucker."

VICE-SQUAD RAIDS REVEAL DOPE SALES TO WEST HIGH STUDENTS

Discovery that a number of West High school students bought marijuanna cigarettes from peddlers of the reefers," brought a series of swift and smashing raids by the City Vice Squad under Lieutenant C. C. Newport.

Several of the students were reported to have been made ill by smoking the dope cigarettes.

Despite the fear of roaring guns of gangland reprisal which has sealed the lips of some Hilltop school and civic leaders, verified rumors and reports brought a determined campaign by the vice squad to stamp out the evil.

Student Accompanies Squad

A West High school student accompanied members of the squad to East End dives to point out to them where the purchases were made.

He had bought reefers for himself and fellow students who met together at a retreat to indulge in smoking the loco weed.

Prompt action on the part of community leaders by informing the Police Department brought quick results.

Wholesaler Arrested

A wholesale marijuanna dealer, James Russell, 40, alias James Huston, was arrested at the Winton Hotel with his wife, Fern. When apprehended, Russell had 13 pounds of the loco weed in his possession, squad members report. This is sufficient to make thousands of cigarettes, Lieutenant Newport estimated. It is quite possible that Russell may have been a source for the retailers who sold to West High school students.

Russell is said to be part Indian and part Norwegan.

The material for marijuanna cigarettes was secured in Chicago, he admitted. He was released Monday by mistake.

No Gangs Involved

"So far as we know at present, this peddling of marijuanna cigarettes is not the work of a gang," Lieutenant Newport commented. "The sales appear to be limited to individual peddlers and to wholesalers. However, developments may occur in the future to give us more definite information."

Material for the marijuanna cigarettes is obtained from the loco weed, found principally in Western United States, but present the world over, with the exception of Australia. There are three varieties, all poisonous, a white, purple and blue.

Victory Hailed In Two-Year-Old Trolley Dispute

Electric Bus Service Now Depends Upon Compromise of Traction Patrons.

MEETING TO BE MONDAY

Hearing Planned for Dec. 18 At Dayton to Force Track Removal by C. & L. E.

Settlement of the two-year-old Sullivant avenue traction and trolley dispute was nearing today with the announcement of two recent key developments, by Miss Mary Bentz, president of the Southwest League.

The Columbus Railway, Power and Light company is prepared to provide electric bus service upon City Council's securing agreement of patrons on a route.

City Attorney John Davies will have a hearing at Dayton, about Dec. 18, on an injunction to force the C. & L. E. to discontinue freight and passenger traffic over its lines in the southwest portion of the community. Removal of track and paving of space between the tracks is also expected to be secured.

Service Awaits Council Decision

Electric bus service will be planned for by the Columbus Railway Power and Light company immediately upon announcement by City Council of an acceptable route. However, from four to six months would have to elapse before equipment could be put into operation. The buses and double trolley lines would have to be constructed during that time.

Hilltop Route Accepted

The difficulty of securing agreement on routing is present only from Central avenue eastward, the Hilltop route being already decided upon without conflict.

Both Sullivant avenue and Town street patrons resist the proposed change, which they feel would curtail their service. It is argued that at present there is an excess of lines on Sullivant, Town and Mound streets. On the other hand, Rich street residents protest any effort to run cars past their property. Petitions have been circulated.

Agreement Sought for Monday

Council will hold a hearing before its regular meeting, Monday at City Hall, in an effort to secure a compromise on a route.

No, Foolin', A Real Santa Claus Will Visit Poor Kiddies

1000 TOYS TO BE GIVEN

A real Santa Claus, a Christmas tree and over 1000 toys will await the delighted eyes of needy children who visit Fire Engine House No. 17, located on the Hilltop, at 5 p. m. on Christmas Eve.

Even now Santa is complaining because so few applications have been received at his work shop in the Engine House. It almost seems as if the children have forgotten him. Meanwhile a thousand donated toys are being put into shape for gifts, Captain E. E. Grove reports.

Last year's custom of distributing the toys from a central station has been abandoned by the Safety Director in favor of holding neighborhood Christmas parties in the Fire Engine Houses. In order to receive toys at the party, parents and their children must fill in application blanks. They are urged to do this immediately.

DINNER GUESTS

Mr. and Mrs. G. W. McDonald, 686 Racine Ave., had as their dinner guests Sunday, Dec. 2, Mr. and Mrs. Ralph Whitehead of Alexandria, O., and Mr. and Mrs. James Jones.

Children's Money Spent On Number "Racket"

Continued From Page One

Heavy backing, allegedly comes from persons in high places. The actual writing is done by thousands of agents; those being elevator boys, waiters, waitresses, porters, small business men, pool hall proprietors and barber shops.

Murders Inspired By Rivalries

Although the sums involved in individual transactions are trifling, because of the number of sales involved, enormous sums are collected by the backers. So lucrative is the "racket" that in at least one Ohio town, Akron, a prominent citizen was blasted to death by hoodlums with shotguns because he paid greater odds than a rival house.

P.-T. A.'s to See Play

A repeat performance of the play, "Peg O' My Heart," given by the South High Dramatic club under the direction of Miss Marguerite Fleming, will be sponsored by the Columbus and Franklin County Council of Parent-Teacher associations on next Friday evening, in South High school.

Girl Reserves to Get New Rings As Awards

Eight Hilltop girls will be among those who will receive new rings as awards in the Sunday meeting, 5 p. m., of the Girl Reserves at the Central Y. W. C. A.

Those who are to be honored are: Vivian Fekle, Josephine Mooney, Helen Parker, Ruth Wright, Fay Hack, Pearl Furshler and Farrell Hubbard.

Edna Culverna and Betty Collins will offer violin selections.

The honor ceremony is the result of the requirement of writing a letter to instructors on the meaning of becoming a Girl Reserve member and of attending the meetings four Sundays in succession.

The president of the Y. W. C. A. work at the Ohio State university will speak and three girls will discuss each side of the triangle symbol of the club, the spiritual, mental, and physical.

GIRL SCOUT ELECTION

Girl Scout officers for the coming year will be elected Monday, 7:30 p. m., at the leaders' association meeting at the home of Mrs. Russell Means, 1931 Arlington Ave.

The future regular meetings will be held on the second Monday of each month, from 7:30 to 9:30 p. m.

Narcotic Effect

Its immediate effect is one of a narcotic, exhilaration and happiness, followed by depression. Continued use results in loss of weight and appetite, nervousness, semi-starvation, and, in extreme cases, death.

No federal law covers selling the weed, but a state law provides penalties of $300 and costs and one to five years in the penitentiary.

Arrests Made

The following have been arrested in the last few weeks on the charge of possessing or selling the cigarettes:

James Russell, 40, Winton Hotel—released by mistake.

Pauline Hogun, 25, of 961 Mt. Vernon Ave.—charge dismissed because of physical condition.

June Evans, 25, of 961 Mt. Vernon Ave.—$300 and costs.

Leandro Leandexmo, 481 Edwards St.—$300 and costs.

Allan Miller, Negro, and his wife, Edith, 346 N. 18th St.—charge, illegal sale—case continued.

Injunction to Be Sought

Because of an excess of other city work, City Attorney John Davies will not be able to present his prepared appeal for an injunction against the Cincinnati and Lake Erie company until Dec. 18 at Dayton.

The Southwest League members have urged that the proposed injunction prevent the company from carrying freight over the streets in their portion of the community and would require removal of tracks and repair of the street between the tracks.

Franchise Expires

Originally, the C. & L. E. was required to provide passenger service on a schedule for the district. This franchise expired in July, and the Columbus Railway Power and Light company accepted an arrangement with the company to provide the service.

The Innocent By-Stander

By Dick Washburn

DEAR Public: (Does he want us to think he really has one?) As I started to tell you before I was so rudely interrupted by your thoughts, this column now appears with a new head. (It isn't the column that needs a new head!)

• • • • •

All right, all right, have it your way, but I just wanted to tell you that the picture appearing above is a likeness of myself drawn by the Record's staff artist.

• • • • •

It has been put there at the demand of the many readers, (Yes! I said many.), the many readers who have requested it. Those who have said, "I'd like to see the fellow who wrote that" can now recognize me upon sight. And find me in most any alley.

• • • • •

The elephantine ear is to learn whatever confidence you may have for me. All letters and remarks will be received with delight.

• • • • •

AH, YOU GAMBLERS

Fred Sheppard and Max McCarty, Friday, were experiencing the disgusting opulence of smoking 05 cent stogies. It cost the pair that much to win the alleged cigars off a punch board.

• • • • •

I never believed that red hair could be really beautiful until I saw Elizabeth C.

• • • • •

NEW YEAR HIJINKS.

New Years Eve may be greeted with a dance and celebration until the sma' hours at the West High gymnasium, I have heard. Alumni potentates are trying to wangle permission from high moguls.

• • • • •

John Phillips, the city detective is ahead so far in his friendly feud with the woman next door.

• • • • •

OUCH! THIS HURTS

John F. Raymond, superintendent, Hilltop Post Office, paddles me for last week's item, entitled, "Shhh. Not a Word." I complained that a notice offering $25,000 for the capture and conviction of the Lindbergh baby kidnapper is still in the Post Office, although Hauptmann has been in jail for several months. John writes that the law governing the posting of this notice holds good until conviction is secured, and that, "you still have a chance to collect this reward." All right, all right, you win, John. Now, are you satisfied?

• • • • •

Frank Millikin used to see all the shows in town, but no more. Sad days are come and the store keeps him too busy.

• • • • •

A Warren avenue lad is happy now because his girl friend can sleep on dry pillows. They aren't angry with each other now.

• • • • •

Charles Peake, H. H. Denton and Hookie Palmer, and Howard Gibson, Sr., are trying to take the squeak out of their old bones in preparation for the coming alumni-varsity tussle.

• • • • •

Several beautiful girls from the West end classes to have sodas at Campbell's the other afternoon. If they do it again I will print their names, s'help me.

• • • • •

Three junior high school teachers are anticipating, ahem, having benefit of clergy during the coming holidays. Some of my informants out that way who think themselves so hot might get the names.

• • • • •

Next Friday, Otto H. Magly will have a sentimental surprise for his tribesmen. The story will appear in next week's record.

• • • • •

Several persons have asked me to mention that the new drum of the West High band was donated by the Alumni. Satisfied?

West High Quintets Hit Season's Pace With Four Contests

Enter Tonight's Fray With High Hopes Despite Last Week's Defeat At Lancaster.

UPPER ARLINGTON FOE

First Team and Reserve to Meet Arlington Tonight; Marietta Tomorrow, Logan Wed.

Despite the depressing experience of being nosed out by two points in last week's game with Lancaster St. Mary's, the West Senior High team will carry its heart high in tonight's game, 8 o'clock, with Upper Arlington. It will be played in the local gymnasium.

The reserves of the two schools will play a preliminary game at 7 p. m.

Marietta Game Tomorrow

Tomorrow night the varsity will journey to Marietta to play and Wednesday they will invade Logan.

Although last week's game with St. Mary's terminated with a 16-14 score with West on the small end, the showing of the local school was better than was expected by either fans or coaches. Hopes were very low before the season opened.

The game at Lancaster was bitterly fought throughout, the score being tied on numerous occasions. Burr, center for West, amassed five points to lead the Columbus team. West held an 8 to 6 advantage at the intermission. Lancaster lead 14 to 13 as the third period ended. Despite the loss, the Cowboys played not badly.

Bitter Clash On Trolley Route Expected At Meeting

Mary Bentz, Southwest League Head, Issues Appeal For Hilltop Support At Meeting.

PUBLIC HEARING MONDAY

Rich, Town and Sullivant Residents Plan to Block League Efforts in Council.

Residents from Town and Rich streets and Sullivant avenue are expected to throw a monkey wrench into the plan of the Southwest league to close the two-year-old trolly controversy with victory at the council meeting, Monday, 7 p. m. It is to be a public hearing.

Appeal Issued.

In order to prevent league hopes for electric bus service and elimination of the present "deplorable condition of the Sullivant avenue paving" from being wrecked, Mary Bentz, head of the Southwest group, urged all residents to appear at the meeting to voice their attitude, and to "protect their interests."

Acceptable Route Sought.

The struggle to secure electric bus service in place of the trolly cars has progressed so far that the outcome depends entirely upon council's being able to secure an acceptable route, the Columbus Railway Power & Light Co. being ready to act at that time.

Stiff Opposition Expected.

It is this situation which explains the League's anxiety to obtain an acceptable route Monday. From Central avenue west the route has been decided upon. However, Rich and Town street and Sullivant avenue residents are reported to be ready to resist any change in the status quo which they feel might affect their interest adversely. It is the activities of this group which the Southwest league fears may wreck hopes at the open meeting Monday.

Miss Betty Coutillier Has Church Wedding Wednesday Evening

One of the prettiest weddings of the season was that of Miss Betty Coutellier, daughter of Mr. and Mrs. Charles L. Coutellier, Sr., 221 N. Warren Ave., and Mr. Floyd Thompson, son of Mr. and Mrs. Clement Thompson, of Nelsonville, Ohio., which took place Wednesday, Dec. 5.

The ceremony was read in the evening at the Warren Avenue Church of the Nazarene with Rev. E. C. Martin, pastor officiating.

Preceding the ceremony Mrs. J. Westerman, 212 N. Warren Ave., played "O Promise Me," and the wedding march. She also accompanied Miss Helen Drescher of Bexley, cousin of the bride who sang "At Dawning" and "O Promise Me."

For her wedding the bride wore a gown of white satin fashioned with a train. Her veil was of white embroidered net and she carried a bouquet of Johanna Hill roses.

Miss Mary Burns, 277 N. Hague Ave., who attended Miss Coutellier as maid of honor wore a gown of blue taffeta with a pink velvet sash and she wore a hat of matching color. Her bouquet was of briarcliff roses.

Mr. Kenneth White, of Nelsonville, served as best man.

Following the ceremony a reception was held at the home of the bride's parents.

Upon their return from a visit in Michigan, and after a trip to Florida in January, the couple will be at home to their friends at the Warren Avenue address. In the spring they will leave to make their home in Jackson, Mich.

Two Former Hilltoppers to Play In Music Recital

Norman Broadway, a graduate of West High, and John Osborn, who attended West Broad school last year, will appear as piano soloists in an all boys' recital tonight, 8:00 p. m., at Capitol College of Oratory and Music, Noll avenue at Third.

West Hard Court Team Plays Tonight

Continued From Page One

Tonight's game will probably see Hoffman at center, with Bare moved to one of the forward positions. In this case, the forward most likely will take Howison's place at guard. These changes will be made as the result of Coach Wise's decision after determining the showing of the men at practice sessions.

With the exception of Redman, all the members of the team were playing their first varsity competition last week. Hoffman, lone lettterman, is on the sidelines.

Trying too hard for their shots toward the last of the game caused West to lose many shots at the basket. This fault should tend to disappear as the team becomes seasoned.

Many free throws were also lost through inability to find the basket. Ten out of 16 free throws were lost.

Squad Is Cut

With the first squad cut to 12 players, seven of whom are seniors, three juniors and two sophomores, the season will get under way tonight in earnest. In addition to the games mention, the varsity will meet Newark and the Alumni before the league games begin on Jan. 4.

Girl Scouts Elect

Under the leadership of their new captain, Mrs. Nelder, the Girl Scout troop 4 of West Junior High School has elected the following officers for the coming year:

Jeanette Mitchell, Patrol Leader.
Wanda Martin, Patrol Leader.
Carmen Lambert, Patrol Leader.
Marylin Lambert, Treasurer.
Bernice Nieder, Scribe.
Jean Bower, Song Leader.

C. of C. HOME REPAIR SURVEY TO BE MADE

Workers on the home modernization and repair survey now in progress throughout the city are expected to begin tabulation in the Hilltop district within 10 days, Claire Cook, chairman of the committee in charge, predicted.

The survey is part of the national Federal Housing program, and the Columbus portion is being sponsored by the Chamber of Commerce.

Its purpose is to ascertain the amount and nature of repairs needed by various home dwellings, and to estimate the amount of loans necessary to make the repairs. Cooperation of the property owner involves no obligation and will assist greatly in the progress of the circle work, Chairman Cook emphasized.

Some 10,000 homes in the city have been visited to date.

MERRY .. CHRISTMAS ..

The Innocent By-Stander

By Dick Washburn

WE are now approaching the day of the year when we call time out from our pleasant little activities of gouging the other fellow's eyes and stamping on his fingers as he endeavors to crawl along the precipice of life.

* * * * *

Christmas seems to be about the only time when there is anything resembling wide-spread good will.

* * * * *

If someone else hadn't though of it first (listen to him), I would like to have invented it myself. The general idea of blowing the whistle and calling our team mates around us to say, "See here, fellows, let's cut out some of this unnecessary roughness," is a good one.

* * * * *

The only objection is that there are not enough Christmases. There ought to be one every month.

* * * * *

The good effect of Christmas is indisputable. Even a columnist reforms then. I feel agreeable toward every one, even toward those who try to prove that I make mistakes occasionally.

* * * * *

Just to prove my point, I hope:

That Otto Phillips catches many crooks.

That Coach Wise's team wins more games than it has in the past.

That H. H. Reighley's rascals behave better.

That John Wolfe finds lots of fungi, flowers and Syntherismia Sanguinalis, or whatever it is that biologists hunt ON THE NATURE TRAIL.

That Dr. Chester Cramer supervises at the delivery of sextuplets the next time he is called for a birth.

That all the rest of you girls and boys have a very merry Christmas and an extremely prosperous 1935.

* * * * *

I envy that air of complete prosperity and equanimity which C. J. Kohn always seems to radiate.

* * * * *

COMPLIMENT OR SLAM?

P. E. Todd says that I am the most retiring and bashful newspaperman he has ever known. Retiring? Bashful? Newspaperman????

* * * * *

I hope that Rose Briggs isn't still angry with me. She is too nice for that.

* * * * *

AH, YOU VILLIANS WHO BETRAY!

W. E. Ferguson is furious (in a pleasant way) at many of "my so-called friends. They lied, misrepresented and prevaricated to me."

The explanation is that friends of W. E. astonished him with a surprise party last Thursday. He was presented with a loving cup made from an oil can and a funnel.

* * * * *

A Hilltop pair has asked me not to print their names together in this column. Why, Betty and Bobb, I am surprised to hear that you think I am that sort of a fellow.

* * * * *

Is Cyrus P. clever as a Fox and does Jackson W. Starr? Is Charles L. Stout and does John T. Kiddwell? Is Aaron A. Wiseman and is Harold B. Rich? I could keep this up indefinitely, but let's both quit and try a bit of dominoes. It's more intellectual.

* * * * *

What does S. Rene think about us now?

* * * * *

Sherm Edwards is yelling for that dinner Ray Hauntz owes him YET as a result of a Hoover-Roosevelt election bet. "He promised me a dinner at the Deshler," Sherm claims, "and his memory doesn't seem to be any better than his guess."

* * * * *

See the social page for the story on the marriages of those three West High teachers predicted last week.

Gift Shortage? Not On Hilltop!

Published reports in downtown papers that the "City Faces Shortage of Gifts," brought immediate and vigorous denials today by Hilltop business men.

"Business is good," was the consensus of opinion, "but we have foreseen that and have stocked up accordingly."

"Santa Claus is still here on the Hilltop," Gene Todd emphasized, "and he will be so long as Hilltop residents need gifts."

West's Hard Court Team to Battle At Newark Hi Tonight

Will Enter Hard Fray After Defeats At the Hands of Logan and Marietta.

NEWARK A POWERFUL FOE

Redman, Graves, Hoffman, Burr and Howison Are In Prospective Line-up.

After winning from Upper Arlington and being defeated by Marietta and Logan during the past week, the West High quintet will journey to Newark to play a fast team of six-footers who have already beaten East and North.

The starting team will probably be the same as last Friday, with Redman and Graves at forwards, Hoffman at center and Burr and Howison as the guards.

On Wednesday night the West High varsity lost to the Logan team, at Logan, by the score of 17-8. The West reserves took their game from the Logan reserves by the score of 12-9.

Arlington Game

In the Upper Arlington game, West was never seriously threatened. After taking the lead early in the first quarter, they held it all the way, winning 20-15. Burr was again high point man, with six. Redman also played a good floor game. Others in the starting line-up were Hoffman, Graves and Howison.

In the preliminary game between the reserve squads West was again the winner by a score 18 to 10.

Marietta Resume

At Marietta it was a different story, with the local boys trailing most of the way. The score at the half was 18-14 in favor of Marietta and it was still anybody's ball game. But after coming back the Cowboys bogged down considerably and Marietta went on to win, 27-18.

Burr Is High Point Man

In the first half the local team looked good and played a bang-up game but it couldn't click in the last stanza. Burr was again high point man with six. Fans are calling him "Six Point Burr" as this is the third

VICTORY ENDS SOUTH-WEST LEAGUE'S FIGHT FOR ELECTRIC BUSSES

Service To Go Into Effect In April With 50 New Semi-Streamlined Units; Opposition To Proposed Route Fails

The Hilltop Record's prediction, 14 days ago, that victory was about to close the two-year-old struggle to eliminate the Sullivant avenue street car service in favor of modern electric buses, was verified Tuesday.

City council passed legislation Monday night which brought triumph to the efforts and plans of the Southwest League to "eliminate the present deplorable condition of the Sullivant avenue tracks" and to secure electric bus service.

Buses In Three Months

Ben W. Marr, president of the Rail-Light Co., announced Tuesday that the new electric bus transportation will go into effect in about three months. "We expect 30 trolley coaches to be delivered about April 1," he stated, "and service to the Hilltop will be inaugurated about that time."

This new delivery, with 20 units already in operation on the Cleveland avenue line, will make a fleet of 50.

The new buses will seat 40 persons while the present street cars accomodate from 38 to 43. The new units will be semi-streamlined.

Pledge Fulfilled

As was reported by the Record of last week, "The struggle to secure electric bus service in place of the traction cars has progressed so far that the outcome depends entirely upon council's being able to secure an acceptable route. The Columbus Railway, Power & Light Co. is ready to act at that time." With the route agreed upon, the promise of trolley buses will become a reality.

Open Hearing Monday

An open hearing was called for city council last Monday night. This was to provide opponents of the Southwest League's route an opportunity to put in appearance and to argue their case.

It was feared that the arguments of this group might delay indefinitely the securing of electric bus service for the Hilltop. However, since no one put in appearance to voice opposition, council passed the necessary measures to enable the Columbus Railway, Power & Light company to prepare for the installation of electric bus service.

The Rail-Light Co. fulfilled its promise and immediately announced its intention to purchase equipment and to make the necessary construction of the over-head trolley.

Bus Delivery Delayed

"In all probability the over-head wires will be installed long before April 1, but we understand from the officials of the Philadelphia company building the buses that delivery cannot be made in less than three months," Mr. Marr explained.

NEW SONG AT WEST

Continued From Page One

Hail the Cowboys!

Hail the Cowboys, sing their praises long,
Show the West High pep in every song.
Shout while they're charging down the field
Dig in your spurs and never yield.
We'll hail the fight in ev'ry Cowboy's heart,
Hail the team that battles from the start.
Cheer in defeat or victory
And to the Cowboys hail!
Beat Aquinas! Skin the Polar Bear! Central, South and East cannot compare.
They meet the best when they meet West!
So-we-will (and repeat)

of O. H. Magly and H. E. Hutchinson principal and music director of the chool.

The song, when it was sung at a gathering of representatives of the Alumni association, received enthusiastic approval from all present. The association then appropriated $25 to buy an arrangement of the song for the West High school band.

Miss Hall is remembered for her singing in "Pickles" and again in the '30 class play, "Under the Red Robe." She has a clear soprano voice and has sung in many entertainments in addition to the two mentioned.

Mr. McCullom, besides playing in the orchestra and as accompanist for various singers and dancers in school entertainments, was an athlete. He played two years of varsity football '30 and 31, and on the track team he was pole vaulter and javelin tosser. He has written several tunes of the popular variety and the orchestra in which he is employed plays them for dances at Athens, O., for the college crowd.

Branches On Hilltop Issue Appeal to Residents for Assistance In Drive.

Saturday, Hilltop Triangle Grocers will join the city-wide efforts of the parent organization in assisting the Charity Newsies in their Christmas campaign this year to collect donations for the destitute.

In the association's page advertisement in this issue of the Hilltop Record all names of members on the Hilltop are carried, with one exception. Each store of the group will display Charity Newsie baskets on Saturday. Those wishing to contribute may leave donations as Christmas offerings in these containers.

This cooperation on the part of the merchants is to assist the annual Charity Newsie's drive this year to ameliorate poverty among the city's destitute.

Jarrett Rites Tuesday

Mrs. Mary Jarrett, 68, of 2530 Dibblee Ave., was buried in Union cemetery, Tuesday. Funeral services were held in Valley View Church of Christ in Christian Union. Death occurred Sunday.

Besides her husband, George B. Jarrett, she is survived by one son, George H. Jarrett of Detroit, Mich.; three daughters, Mrs. Emma Sowers of Circleville, Mrs. May Koon and Mrs. R. D. Ward of Columbus; a sister, Anna Stevens, and a brother, Titus Swatman, both of Chillicothe; 13 grand and 10 great-grandchildren.

The Code of Hammurapi

The Code of Hammurapi was promulgated by the Babylonian ruler of that time (2067 to 2025 B. C.) for the use of the countries throughout the Babylonian empire. The code is engraved on a block of back diorite nearly eight feet high, and was discovered in 1901 and 1902 broken in three pieces. There are 65 laws on the obverse and about 40 defaced at the bottom. The reverse contains 183. The code begins with witchcraft, which connects it with the religious code; passes through all grades of social and domestic life, ending with a scale of official wages for all classes of workmen. It also deals with money transactions and the laws of property.

The Saying "What With"

The phrase "what with" means "because of, owing to, by account of," and not as usually defined, "in some measure; partially." Shakespeare employed the expression in Measure for Measure, act 1, scene 2, as follows: "Thus, what with the war; what with the sweat; what with the gallows, and what with poverty, I am customshrunk."

Cattle Graze On Asparagus

Asparagus, the highly prized vegetable for which Americans at times are forced to pay high prices, grows in tracts in the wild state in Russia the cattle graze on it, says the Washington Star. The plant also grows wild on the southern coast of England. There are some 150 known varieties of asparagus, the most common being the so-called esculent asparagus, which is used for table purposes. It has been under cultivation for more than 2,000 years.

By authority of its charter the Red Cross accounts are audited by the War Department.

Largest Mexican Pyramid

The largest Mexican pyramid is 177 feet high and its base is 1,400 feet square. Its volume is 130,000,000 cubic feet. It is not so high as the Great Pyramid of Egypt (over 450 feet) but has a much greater volume (that of the Great Pyramid being about 92,000,000 cubic feet). It is located at Cholula, west of the city of Puebla and about 60 miles southwest of Mexico City. This pyramid is composed of alternate layers of sun-dried brick, clay and limestone, and its sides are overgrown with trees and bushes. There is now a Christian church on its summit, taking the place of the temple which was pulled down by the Spanish conquerors.

New Hazards

One of the fallacies entertained by each generation is that the hazards of civilization have been largely eliminated.

But each generation discovers, before it has outlived its lifetime, that new hazards have been created.

The hazards of travel by rail had been reduced to an almost negligible minimum just about the time that the automobile began to take its terrible toll of life and limb.

game in which he has scored an even half-dozen.

Alumni Game and Dance

It was decided this week to play the annual Alumni-Varsity basketball game on Saturday, Jan. 5. Two games will be played and the balance of the evening will be given to dancing.

The first game will feature stars of the hardcourt who graduated prior to 1930. They will play against the Reserves. This tilt will start at 7 p. m.

The second game to get under way at 8 p. m. will be between the varsity and graduates of the last five years. The games will be in charge of a committee composed of John Stevens, chairman; "Hokie" Palmer and "Cap" Hoover.

The committee to have charge of the dance has not been announced by H. H. Denton, alumni president. The dance will not be of the park-plan type but a single charge will be made.

Alumni Basketeers Called

Alumni desiring to play in the annual Alumni-Varsity games are requested to call John Stevens at RA. 1051 or contact "Hokie" Palmer at the Gas Co. or to call "Cap" Hoover at the Y. M. C. A.

Bus Victory Won By Southwest League

Continued From Page One

Route Determined

A total fleet of 50 coaches will operate between Linden and Binns boulevard on the Hilltop. Cleveland avenue buses, instead of turning south in Third street, will continue west to High, south to Town, west to Sandusky, south to Sullivant and west to Binns boulevard, returning by the same route.

Plans call for gasoline buses to connect with the trolley coaches at Sullivant and Hague avenues. They will operate north in Hague to Broad, and west to the corporation line.

Schedule Announced

Murr has promised four-minute service on the Cleveland-Town-Sullivant line during rush hours and eight minute over the balance of the day.

The West Side route has not been changed materially from the present one, which extends west in Town to Central and south to Sullivant.

City council passed the ordinance by a vote of six to one. The dissenting vote was cast by Councilman Lewis.

League Jubilant

Southwest League leaders were jubilant today. "It was a great victory, Mary Bentz, head of the league, said, "and, naturally, we are very happy about it. Now we are going after the bridge problem.

Members of the league who have worked for the success of the measure are: Mary Bentz, W. R. Barnett, Father Raymond Bauschard, H. S. Butler, James Hurd, Fred Donelly, Charles Dolder and L. G. Dolder.

Bridge Problem Next

The "bridge" problem referred to by Miss Bentz is the present Rich street bridge condemned before 1913 and the only one to withstand the flood. It has been declared unsafe and a proposal has been made to destroy it and construct one from the east bank on Main street to the west bank on Rich. This, the leage believes, would hinder traffic traveling toward the Hilltop, hence their desire to reconstruct the present bridge instead of building another. However, council has adjourned for two weeks and nothing but planning can be done in the meantime.

In July and August of 1864 one hundred dollars in greenbacks were worth only thirty-nine dollars in gold the lowest rate of exchange.

The Innocent By-Stander

By Dick Wimbrow

FEAR is a sensation similar to the one you feel when an elevator drops suddenly from under you. It is what keeps you from reaching for the second slice of cake or from wearing the Christmas tie the little woman gave you.

• • • • •

It is the something which makes you say yes when some over-kind host says, "Would you like to play some bridge?"

• • • • •

Fear appears to be the most unconquerable of mankind's follies. It numbs the brain, destroys hope and kills action. Fear of things that never happen has kept many men from accomplishing anything.

• • • • •

The rose of hope is withered by the winds of fear.

• • • • •

I once worked on a newspaper, at Akron with a fellow reporter whose life was a path of thorns, because of his constant fear that he was about to be discharged. He was eventually offered a job on a rival paper at an increase in pay. When he made the change, the Boss said to him, "Bill, you are a good man, and I have been afraid for the last six months that this would happen."

• • • • •

Mark Twain insisted that he was afraid to go to bed because more people died there than anywhere else.

• • • • •

Shelly, the poet, spent a life time of misery because of his fear that he would be infected with Elephantiasis, a disease which greatly enlarges the parts of the body affected. After he had sat in a public conveyance next to a corpulent man or woman, he would examine his skin closely to ascertain whether he had contracted Elephantiasis. He died by drowning in a storm at sea.

• • • • •

If any of the New Year's resolutions for 1935 are kept, let it be this one. "I will not let fear numb my brain, destroy my hope or kill my ambition."

• • • • •

Some persons go to heaven because they are too green to burn.

• • • • •

Herbert Deems radiates enthusiasm and goodwill. He ought to make a swell salesman. Somebody tell him.

• • • • •

Haney, the kid who owns the Economy Drug Store, ought to change the sign on the side of the establishment. It reads that he will fill prescriptions "as carefully and **accurate** as if we were doing it for a member of our own family." Shouldn't it be accurately? Consult Webster.

• • • • •

I have never seen Dr. R. J. Miller without a cigar in his mouth.

LOCAL POET ON "TREES"

A contributor sends me the following lines which he assures me " is some poetry I wrote last night."

"I thank immortal gods
That I am not a tree
That stands among the clods
And cannot feel nor see.

She may stand and wear
While looking at the sky
Robins in her hair
While life is passing by.

"Better a fool like me
Who loves a lady fair
Than be a silly tree
Dumbly standing there."

Would John E. think it Wright if Isaac L. were to Kidd Chester C. because he can't Cook? Will J. C. Reed this and agree with me that Oscar Burns when his friends kid him, that John W. West Basket Men Lose Newark Tilt

Home Town Games to Begin On Jan. 4; Aquinas, First Foe, Is Predicted Winner.

West High's quintet wound up the preliminary season at Newark last Friday when it lost to the Mound City men, 23 to 17. The game was closely contested all the way to the last few minutes of play.

Hoffman and Redman played stellar games for the Cowboys and received excellent support from Howison, Burr and Graves. These five were the only West players to see service, playing the entire game.

City Series Begins Jan. 4

This game was the final one before the city season opens on Jan. 4. West's first league tilt will be with Aquinas on the Mt. Vernon avenue court. Aquinas has showed up well in its pre-season tilts and will get the nod from the dopesters to win this contest. However, West may start clicking, as it has given indication of doing in some of its games these last few weeks. If the team can handle the ball as well as it did against Marietta in the first half of the encounter with the River City team, it bids fair to go places.

In the Newark game the team played well and Coach Harold Wise expressed himself as well pleased with the showing.

Are Happy Days Here Again for 1935? Prognosticators Gaze Into Crystal Ball

Hilltop Business Leaders Express Their Opinions and Hopes For Coming Year; Last Year's Predictions and Outcome Are Recalled.

When asked for an opinion on prospective business conditions for 1935, Hilltop business leaders revealed the first well-founded optimism since 1929.

Last year's uncertainty is forgotten and does not deter the businessmen from speaking. They are more positive this year than they were last that happy days will arrive, even if they do have to pass over rough detours.

Crepe-hanging is out as the crystal gazers optimistically declare that recovery and prosperity are not only on their way but are actually back at their old haunts.

The following are this year's and last year's predictions, along with the outcome of last year's hopes

W. Haydn Jones of the Jones Lumber Co. For 1935: "Reliable information from Washington indicates that there will be a building boom late this coming spring. This is the most optimistic well-founded expectation of the last five years, because two-thirds of the present unemployed can be returned to work only when building begins."

Last year at this time: "We'll be able to see prosperity at a far distance about next May — when the flowers bloom and the birds sing. We'll be able to feel it then."

Business condition for the last year: "Things have been a little better than they were, although we still are not satisfied. I suppose that we expect too much because we were spoiled by the prosperity of the boom year 1929."

Sherm Edwards' prediction for 1935: "Well I don't know. You can never tell. It all depends upon Roosevelt and the rich fellow. If they give humanity a decent break, we'll have prosperity. Otherwise, I'm not so sure. Oh hell, you guess."

Last year: "Prosperity is here. Been here for a month. Lives out here at Hague and Broad."

Business condition for the last year: "Good! Swell! Marvelous!"

Dr. W. L. Durflinger's 1935 prediction, "Prosperity isn't on its way. It's here, only we must not expect a boom too soon. The depression is on its last legs and we are on the way to recovery. Business, if it continues as it has for the last month, will be much better than it has been for years."

Last year's belief a year ago today: "There is no question about it, 1934 will be the best year in the last five."

Business conditions for 1934: "With me they have been very good, better than they have for years."

F. F. Shank of Shank & Saunders. "Prediction for 1935? If it continues throughout the year as it has for the last six months, we expect to have one of our biggest years."

Lou Saunders' prediction last year for 1934, "Things will be 50 per cent better than they were last year."

Business conditions for the past year: F. F. Shank, "They are 50 per cent better now than they were a year ago."

Nearly 1000 needy Hilltop children had a Christmas, Tuesday, because the boys at Engine House No. 17 didn't forget. A party with a tree, candy, more than a thousand toys and an-honest-to-goodness Santa, greeted the children Monday evening.

More than 1000 toys and 600 bags of candy were distributed by the firemen with the assistance of Girl Scouts.

MEET SAM WILLIS, THE NEW AUDITOR

Sam Willis To Be New City Auditor

Month-old Predictions Verified As Democrats Act After Conviction of Walter Otto.

City Clerk Sam J. Willis, 145 S. Roys Ave., will be the next city auditor.

The certainty of this became evident with the climax of developments late last week and early this week, following the conviction of City Auditor Walter Otto o fembezzlement in Judge Scarlett's criminal court.

The office was vacated by resignation, Friday.

Willis was named definitely as city auditor in extraordinary session of city council, late Wednesday. He will hold the office until November, 1935, when he must run for election to the office in the city elections.

Over a month ago, in secret caucus, the Democratic majority in city council chose Sam Willis to succeed Otto in the event of conviction of the city auditor on the embezzlement charges.

Sam Willis has been city clerk for five years and has received favorable comment for economy put into effect in the clerk's office during his administration.

It has been predicted that when Willis enters office, he will make a complete study with a view to revamping the entire system of operation.

Walter E. Otto, who has occupied the position of city auditor for 13 years, was found guilty last week of embezzlement in Judge Henry L. Scarlett's criminal court. Otto protested that he was "framed" by Mayor Henry Worley and others.

Nearly 2000 Tags Being Sold As Motorists Demand House Numbers

W. N. Boyd, deputy registrar, reports that nearly 2000 auto tags are expected to be sold by the first of the year if the present rate of sale continues. The local headquarters is at 2352 W. Broad St.

Freak numbers, such as T 42 and HE 11, have not been available at the local tag sales station. Only the D series was provided for the Broad street store. However, there has been a considerable demand on the part of the motorists to have their auto tag numbers match that of their houses.

Those who receive special numbers must pay for the reservation at the time of the order and then wait until the desired number turns up after the sale of the auto tags preceding it.

The store will remain open for two weeks after the first of the year.

A tragic end on Christmas day was the fate of John Flowers, 68, of 170 W. Sixth St., city street worker, who was run down and killed on the Hilltop, shortly after midnight, Tuesday.

An auto, driven by C. H. Compton, aged 70, of 1805 Sullivant Ave., struck a group of street cleaners at Terrace street and Fremont avenue, where they were working.

Improvement Shown

The team has shown decided improvement as it gained in experience and if it continues to improve it may surprise some who are looking for a set-up.

Practice Planned

The team will resume practice after the Yuletide lay-off when Coach Wise returns from Athens where he spent the holidays. He will return some time Monday and they will drill in the afternoon.

Alumni Basketeers Called

Alumni desiring to play in the annual Alumni-Varsity games are requested to call John Stevens at RA. 1051 or contact "Hokie" Latimer at the Gas Co. or to call "Cap" Hoover at the Y. M. C. A.

Coach Chrisman of the Reserves, who spent his brief lay-off getting married, will also start his charges drilling for the city season on the same date.

Jr. High Basketball

Coach George Williams of the West Junior High basketball team issued a call this week for his charges to return at 1 p. m. Monday, Dec. 31, to resume drill for their opening game, to be played soon.

Squad Members Named

Members of the squad most likely to see service in the first game are: Dawson and Bradley, forwards; Straustaugh, center and Ed Hughes and Tom Huges, guards. The most promising looking substitutes are Stinson at center, Grosh at guard and Ott at forward. Other members of the squad are Hill, Seoles, Carpenter, Ucker and Harmer.

Straustaugh, one of the smallest boys on the team, is jumping center because he seems to be the most aggressive member of the squad and the taller boys have apparently laid down on the job.

Close physical measurements show the present generation of men to be about one and three-eighths inches taller than the preceding one.

Girl Reserves Elect Officers

Luella Ward was recently made president of the Starling Jr. High School Girl Reserves, and the following officers were selected to direct the activities of the group: Florence Luton, vice president; Suzanne Cleveland, secretary; Lyda May Distelhorst, treasurer; Norah Holland, publicity chairman; and Olive Hymrod, member of the inter-club council.

Reported by Luella Ward.

Manual Arts Aid Elks

Several hundred Starling Junior High manual art boys assisted Fred H. Hertel of the Elk's Santa Claus club in assembling toys for needy children of the city.

Reported by Betty Jane Moore

Wood Department Makes Gifts

Scores of hand-made gifts were presented to friends of Starling Junior High students on Christmas morning. These gifts were made by the boys in the wood-shop laboratory period under the direction of their instructor, Mr. Richard Gubsch. Included among the gifts are tables of various kinds, magazine racks, sewing kits, lamps picture frames, foot-stools, etc.

Reported by Virginia Karnes.

Study Rooms Established

The fourth period daily finds scores of Starling students busily occupied in their work without the eternal vigilance of some study hall teacher. Four such rooms are placed under the direct control of honor students in the school. The following are directly responsible to Mrs. Rothenbush, a Starling teacher, for the attitude and conduct of their respective study halls: Jean Nagle, John Clutter, Birdie Smith and Walter Bushong.

Reported by Betty Jane Moore.

Starling Presents Marionettes

More than a score of Starling Junior High pupils participated in a marionette production which was recently held at the school before an audience of more than 300.

The following participated: Ruth Louderback, Erma Privette, Betty Jane Kent, Marguerite Hindes, Alpha Smith, Myrna Smith, Virginia Clark, Virginia Cosgrove, Blanche Kitchen, Louise Bigham, Elizabeth Strunk, Edna Finley, Helen Carmeans, Mildred Adams, Mildred Hardin, Clarabelle Conrad, Betty Gordon, Minnie Cook, Julia Hatzer, Betty Black, Stanley Reeves and Hermann Davis.

The name of it was the "Toymaker's Doll." Three performances were given. Miss Helen Behrens is the teacher.

Church Hard Court Rules Are Decided

New Regulations to Eliminate Last Year's Abuses Will Hurt Playing Quality; Prediction.

At a city-wide meeting last week of church basketball representatives, new rules were adopted by the Columbus Church Athletic association to regulate eligibility and playing.

The new rules hold "that the Columbus Church Athletic association is open to any churches in Columbus or vicinity upon the application of the pastor and the registration of his officially appointed athletic director, who will be responsible for the enforcement of the spirit and that each church shall have at least one adult sponsor present at all scheduled contests.

Rule No. 2, the most important of all, states that "each player must be a bonafide member of the church or Sunday school with which he desires to play, for a period of one year and must have attended Sunday services at said church or Sunday school, at least 50 per cent of the time, monthly for at least nine months of year."

Although these rules will cause a considerable decrease in the number of churches represented during the coming campaign, and although it may take a period of a year or two to put church athletics back in the standing they previously maintained for so many years, it is held to be the only means of cleaning up church athletics and eliminating the many violations that have been so common during the past two years.

Churches throughout the city must rejoin the association before a team may be entered in competition. This may be done upon the pastor's filling out the membership card and forwarding it to the city recreation department immediately.

It has been definitely decided that all church circuits will open their seasons on Tuesday, Jan. 8, and there is still time to register teams with the department.

Program At Hillcrest

"What I Would Do If I Had But One Day to Live," will be the theme at Hillcrest Baptist church, Sunday evening.

A forum will be held in which young persons and adults will answer the question in their own manner. Then, there is to be a brief sermon by the pastor in which he will answer the same question.

Miss Ruth Humphreys and Miss Florence Evans will offer a xylophone and pipe organ duet. Mrs. Edith Ray Reikoff will give a cello solo.

Infant Buried Monday

The infant daughter of Mr. and Mrs. Valley Young, 561 S. Wheatland Ave., was buried Monday in Memorial Burial Park by Spears & Born. Death occurred Sunday at the home.

Survivors are, besides the parents, two sisters, Clara Jane and Carol Marie, and a brother, Jack.
